The excitement was hightened by the announcement that the notorious Zack Chandler had left for the South, and that his evident purpose was to have the returns of Florida and Louisiana falsified in favor of Hayes. This was followed by Grant's order on 10, to Sherman, ordering all spare troops to Florida and Louisiana, which was interpreted by many as intended to back up Gov. The democratic party is not "dead" by any means. Every year, for the last six teen years, if has been pronounced "dead" and radical orators and writers have as often preached its funeral sermons. Yet every election saw it hold up its time-honored head with an increased tote for the fellows on the other side.

8. But is not baptism an initiatory sacrament?

Ans According to creeds and human systems, it is, but not according to the word of God. For:

The children of christain parents are born into the church by filial relation to those who are themselves subjects of the church—just as children of American cities are aborn into the Republic and are subjects of the political compact, citizens for the United States, without being naturalized or taking the oath of allegiance. It only recognizes, renews and proclaims membership previously constituted by living faith.
