There was no town at the water's edge, no people, no wharf. The passengers and the merchandise were put ashore in lighters, which ran up into the sand. A troop of camels, with their drivers, lay on the beach, ready to transport the goods into the interior. Among the articles landed were boxes marked 'Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.,' showing that they contained medicines and whence they came. These with other goods were hoisted on the backs of camels, for transportation to Antioch. FATE OF FRANKLIN'S CREW.

London, December 1.—An Aberdeen paper states that the captain of the whaler Jan Mayen, of Peterhead, recently encountered an Esquimaux who informed him that a tribe of Esquimaux living far to the northward of Cumberland gulf many years ago massacred Captain Crozier, second in command of the Franklin expedition, and five other whites, because they refused to surrender their guns and ammunition.

THE CONTENDING POWERS.

Significant Speech of Prince Bismark at a Parliamentary Dinner.

Berlin, Dec. 2.—Prince Bismark gave a parliamentary dinner yesterday, at which he made a speech wherein he promised to make a statement upon the political situation at the debate in Parliament upon reading the estimates. In the course of his speech Prince Bismark laid stress repeatedly upon the neutral attitude Germany would assume in the event of warlike complications arising. The weight which the Prince attaches to Germany's relations with Austria now, is particularly prominent place. He said the preservation of peace ought not yet to be despaired of. But if war ensues, which certainly seems probable, Russia and Turkey will, after a time, tire of it. Then Germany will be able to mediate with better prospects of success than now. If Advice to Russia now would anger the Russian nation, which would be worse than a passing dispute with a government. Prince Bismarck "hoped England would not wage open war against Russia, but at most a sort of unofficial warfare, similar to Russia's proceedings in Servia. If Austria's existence is threatened, Germany would support her, thus unselfishly continuing at act like lead in the framework which causes a puppet to stand upright. Austria, morever, possesses greater vitality than most people think."

The Turks Preparing for the Struggle.

London, December 3.—A dispatch from Pesth says it is reported there that the Turks are making preparations for the struggle with terrible earnestness. Formidable fortifications are going up at Widdin, Rustchuk and Silestria; artillery is being sent to those places. The Russians are hurrying their preparations to take the field. The troops which were quartered round Kirschenetf were to have been concentrated on the Pruth by December 1.

St. Nicholas for December is much larger than usual, and contains a great amount of reading matter and many illustrations suitable for the Christmas Holidays. Among the principal contributors to this number are William Cullen Bryant, Prof. Proctor, Rev. Edward Eggleston, Miss Halleck Addie Ledyard, &c. Those wishing to select a magazine for the coming year that will prove both profitable and amusing to the little folks, are respectfully invited to examine St. Nicholas.

General Butler bears his testimony, says the Springfield Republican, to the fact that the counting of the votes actually cast in Louisiana will give the State to Gov. Tilden, and he fears serious trouble at Washington if the Returning board count the State for Hayes. But he does not say yet which side he shall take in the contest.

The Kansas Insurance Company, of Leavenworth, has made an assignment. Liabilities estimated at $500,000; assets, $100,000.

THE LOUISIANA COUNT.

THE HONEST VOTE OF THE STATE RECORDED AND CERTIFIED BY SIX WITNESSES.

The Lowest Tilden Elector 5,303 Votes Ahead of the Highest for Hayes.

New Orleans, December 1.—The committee of visiting Democrats issue the following address:

New Orleans, December 1.

To the people of the United States:

On our arrival here, in casting about for approaches to the officials who control the elections in this State, we discovered that they were all of one political party; that the Governor had appointed none but Republican supervisors of elections, and that the returning officers constituting the State Board were of the same political school. Influenced by these insuspicious surroundings, our thoughts and hopes were turned toward the eminent gentlemen who have been selected by the President to be present and see that the board of canvassers made a fair count of the votes actually cast, and on the 14th of November we invited these gentlemen to meet and confer with us.

This cooperation was declined, but nevertheless, have reason to believe that to this correspondence may be attributed the invitation to us on the 18th ultimo by the Returning Board to attend and be present at its meeting as spectators and witness its proceedings. Through this courtesy and the services of a competent stenographer we became possessed of all essential facts developed on the face of the official papers. We have been furnished with a certified copy of the duplicate statements of votes made by the Commissioners of Election at each place of voting in the State, and from those statements it appears the Tilden electors received the following votes, to wit:

McConery	83,712	De Blanc	83,697
Wickliffe	83,880	Seary	83,842
St. Martin	84,676	Cobb	83,579
Poche	83,529	Cross	83,462

And the Hayes electors received the following votes, to wit:

Kellogg	77,102	Marks	75,221
Burch	77,154	Levisse	75,370
Joseph	74,886	Brewster	75,457
Sheldon	74,844	Jeffrion	75,597

The result of the vote for Presidential electors as disclosed on the face of the returns opened by the Returning Board in our presence:

For the Tilden Electors.

McEnery	82,223	De Blanc	82,065
Wickliffe	82,326	Seary	82,243
St. Martin	82,229	Cobb	81,959
Poche	82,36	Cross	82,109

For the Hayes Electors.

Kellogg	77,023	Marks	75,087
Burch	76,983	Levisee	74,137
Joseph	74,642	Brewster	75,270
Sheldon	74,628	Jeffrion	75,390

In most cases the returns opened by the Returning Board correspond with the certified copies of the statements of Commissioners of Election furnished us. The most material difference arose from the failure of the Supervisors of East Baton Rouge, Tangipahoa and Orleans to forward the statements of votes from all voting places in their respective parishes.

In thirty five out of the thirty eight States in the Union these figures would be conclusive, and no one would claim that Tilden and Hendricks were not entitled to the Electoral vote of the State, but in Louisiana a tribunal has been set up which on former occasions has overthrown the will of the people as expressed at the polls, and for which the power is now claimed at its decretion to change the result of the popular vote of the recent election. In view, however, of the the returns, and the law and facts which should control the Returning Board, with which we have made ourselves, familiar, we have no hesitation in saying that he result shown by the votes actually cast cannot be changed without a palpable abuse of the letter and spirit of the law governing the Returning Board and a manifest perversion of the facts before it. Irregularities have been committed in some instances by officers conducting elections and in making returns, but they are about as much on one side as the other, and as to intimidation and violence or other illegal acts preventing a free and fair election there is evidence on both side, but not of such a character as to affect the general result. In most instances the acts of violence proceeded from mere lawlessness, as in the case of Henry and Eliza Pinkston, and had had no connection with politics.

It is a significant fact that in the parishes where it is alleged that voters were kept from the polls by intimidation, the total vote of such parishes was as largeas at any time heretofore, and in the whole State is 1,600 above any vote heretofore cast. An honest and fair canvass of the returns, even under the Louisiana law, cannot materially reduce Tilden's majority as shown on the face of the returns.

$200,000 FIRE IN CHICAGO.

Chicago, Nov. 30.—The large building Nos. 23 to 31 South street, occupied by Sherman, Hall & Co., wool; George Ross, teas; Brown, Camp Co., wool, and several other firms, was destroyed by fire last night. Loss estimated at $200,000

During Tuesday's 28 session of Kellogg's board, the Democratic counsel made repeated efforts to get the missing returns before the board. They asked that the supervisors be ordered to produce the returns, but Gov. Wells said he had nothing to do with the supervisors. Then they asked that in parishes where the returns are missing the certified copies be accepted, as provided by the law; but Gov. Wells replied that it was not worth while to talk about that, as the copies would not be received. Finally it was agreed that if the supervisors did not turn up within a few days, the board would probably see about it. The missing returns, which are withheld by the supervisors, give about three thousand Democratic majority, which accounts for Wells' unwillingness to have them found.

GRANT DEFENDS HIMSELF.

THE PRESIDENT'S PLEA AGAINST AN IMPEACHMENT BY THE HOUSE OF REPRESENTATIVES.

He Always Has Meant Well, And Thinks he has Done Right—An Astonishing Interview.

[Special Despatch to the World.]

Washington, December 3.—This afternoon Representative Hewitt had an interview of great length with the President. It is understood that the interview was not suggested by Mr. Hewitt but was arranged through the offices of Secretary Fish. The President evidently had a great deal on his mind, and desired to unburden himself as far as possible His conservation was, to a great degree personal to himself and his own acts. He talked as if he believed that everything done by him was inspired by the purest and most patriotic motives. He complained of the aspersions which he said had been put upon him by his political opponents and mentioned one or two newspapers the criticisms of which upon his course he said had been slanderous and unfair. He talked at length on recent occurrences in the South, and declared that what he had done had been under the law and the Constitution, and was for the best interests of the people. In the course of the conversation he expressed in the most decided manner his conviction that owing to fraud and intimidation there had been no fair or legal election in Louisiana and that the electoral vote of that State should not be counted. Whether the President has expressed this opinion in his message he did not say, although he will devote a portion of it to Louisiana affairs, as well as to those of other Southern States. Should he do so, his view would in all probability be accepted as the rule for his party, and the effect of it would be that Hayes would not be counted in; but whether he does this or not he has, at all events, made the declaration.

AN ELECTOR CHOSEN IN RHODE ISLAND.

Providence, R. I., December 1.—The General Assembly convened in special session to-day. Governor Lippitt communicated the opinion of the Supreme Court that Mr. Corliss, Presidential Elector-elect, is ineligible by reason of being a member of the United States Centennial Commission. W. S. Slater was elected to fill the vacancy, receiving 81 votes to 19 for Charles R. Cutler, Democratic candidate.

WHAT THE HOUSE WILL INVESTIGATE.

Washington, December 1.—In addition to the resolutions for an investigation into the Louisiana and South Carolina situation, one is to be offered in the House on Monday calling on the President and General Sherman to inform Congress why troops are ordered to Washington to remain permanently during a season of peace and order. If the whole truth comes out an interesting chapter will undoubtedly come with it, showing that Grant builds his fears on the representations of the carpet-baggers.

A FIGHT IN CUBA—REPORTED WOUNDING OF MARTINEZ CAMPOS.

Havana, November 28, via Key West, November 29.—On November 18 a severe fight took place on the plains of Moracs between Remedias and Santo Spiritus. The Spanish account says their force, numbering three hundred infantry, was attacked by three hundred infantry and four hundred insurgent cavalry. A portion of the Spanish forces were ambushed and cut to pieces. Both parties claim a victory. The Spanish lost thirty-three killed and fifty-nine wounded, among the latter six officers. The insurgents left twenty-four dead on the field and carried off their wounded.

Private accounts say the Spanish lost 170 killed and wounded. General Martinez Campos was at Remedies during the fight and it is reported he was dangerously wounded in the leg. This, however, needs confirmation.

If there is anything mean, it is for big boys to bully and tease little boys. Yet we may see a big fellow knocking off the hat of a little one, slapping his face, and even kicking him. For shame! For shame! You cowardly bully! You would not thus treat a boy as strong as yourself. You would not dare to provoke one who was larger than yourself. You are a coward and a braggart and must strike somebody, and so you tyrannize over the little fellows. FOR SHAME!

Mr. Daniel F. Beatty, manufacturer and proprietor of the Beatty Piano and Beatty's celebrated Golden Tongue Parlor Organs, Washington, N. J., is certainly a very reasonable and generous man to transact business with. He makes this very fair proposition to any who may favor him with an order, as follows: "If the instrument does not prove satisfactory after a test trial of five days after receiving it the purchase money will be refunded upon the return of the instrument, and he will pay freight charges both ways." This is certainly an exceeding generous, and safe manner in which to transact business with him. He warrants his instruments for six years. See his advertisement. July 20 y

EXECUTOR'S PRIVATE SALE.

The undersigned, Executors of the last will and testament of Thomas Huston, late of Walker township, Centre co., Pa., deceased, offer the property known as the "Junction," at private sale.

This property is situated in Walkertwp, at the intersection of the Millheim and Bald Eagle turnpike with the public road leading from Bellefonte to Lock Haven, being midway between the two places. Containing about 87 acres of land with a large DWELLING HOUSE, STORE ROOM, and the necessary outbuildings, all in good order and repair; there is also a fine young Orchard of choice fruit in good bearing condition on the premises. This property is suitable for a private residence, or as a place of public business and common resort; has no equal in the county.

A tract of land, adjoining the Junction tract, containing about 10 ACRES, well located and desirable for a small home is also offered for sale, together with

FOUR FINE FARMS,

one of them now occupied by Samuel Showers, containing about 267 ACRES; one occupied by Mortimer McClintoc, containing about 189 ACRES; One occupied by James Huston, containing about 186 ACRES, all situated contiguous to the property first described in Walker twp., and the other occupied by Michael Corman, containing 246 ACRES, and 9 perches, neat measure, near the village of Jacksonville, in Marion twp.

These farms are limestone land of the finest quality, and in a good state of cultivation, well supplied with timber, water, and fruit, with good buildings erected on each. The farms occupied by Showers, McClintoc and Huston, abound in

Iron Ore of the Finest Quality,

in paying quantities a vein being now profitably worked by Messrs. Irwin & McCoy of this county, on one of them.

The premises above mentioned will be sold as designated, or in such tracts as may suit the wants of purchasers, where the location is such as to warrant a division of the same, profitable work, address GEORGE STINTON & Co., Portland, Maine.

Persons desirous of purchasing any of the above described premises, will please apply to either of the undersigned, who will take pleasure in showing them the same, when terms and conditions will be made known.
