The removal of the state capital to Philadelphia is before the legislature, and the home committee has reported favorably.

Ferry has been re-elected Senator from Michigan; so he continues to be president of the senate, and in case of disagreement, President, which latter duty he will perform better than any other man in the chair by counting the votes himself.

The women's suffrage is a lot of women who can't do anything but cook a decent meal—now holding their convention in Washington just now, and will petition congress to give them the right to vote. It was well if they hungry Mormon would come and marry the whole party and take them to Salt Lake.

The Cameron has prevailed upon the radical legislature of this state to put on the war paint—first by ordering it to pass a set of resolutions regarding the franchise, and then by ordering it to pass a set of resolutions regarding the franchise.

Why these threats? It is all a conspiracy to defeat the expressed will of the people, and cheat Tilden out of his election as president. The Cameron gang don't like to surrender the offices they have held so long, they desire to continue in positions where they can keep up their rackets.

It is reported that she has been at the head of insane asylums for many years, and that she has been in the hands of thousands have been saved from mental death, pronounces the Empress Charlotte's insanity. It is fully strange she should believe in the existence of those around her, while, on the other hand, she imagines a world of her own, which she lives, talks and enjoys herself. To those actually surrounding her, she is a woman of her own mind, but to her own delusions, she is a woman of her own mind, but to her own delusions, she is a woman of her own mind.

NEWS OF PROMINENT DEMOCRATS ON THE BILL. Washington, January 25.—Prominent Democrats are all favoring the removal of the state capital to Philadelphia. The plan of the Joint Committee as a basis for the settlement of the electoral question, was an amendment to the bill, which would give it to their support. The amendment is in the direction of a judicial feature of the bill.

THE DEMOCRATIC CONVENTION TOMORROW will further consult upon the subject, and probably arrive at a conclusion. In the course they will pursue. There are many members of both parties who do not give the bill their approval, and they are not members who unconditionally approve it. All want the subject fully discussed before any action is taken.

IT IS ASSAILED TODAY that the President has said it is his intention to sign the bill providing for counting the electoral vote in case it passed both Houses of Congress.

AN AGREEMENT REACHED. The Committee of the Senate and House on 15, says the Pittsburgh Post, gladdened the country by the intelligence that they had reached an agreement in regard to the bill for removing the state capital to Philadelphia.

Mr. Wells said the witness to state whether the record be refused to produce showed the whole number of votes cast in Louisiana; and the witness replied he could not say, as he had not charged his memory with the number of votes cast. THE RECENT BULL. Another Account by an Eye Witness—May Pulls the Trigger but Misses Fry, When Ben-nett Mercifully Spares His Life. New York, January 18.—The Tribune publishes the first accurate narrative of the Benoit-May duel. It is the story of an eye witness who says: The first shot fell to May. The arrangements having been completed, the two men stood at a distance of about twenty yards apart. The pistols were loaded and handed to them, and the seconds retired to one side. Then came the question, "Are you ready?" "I am ready," replied May. "I am ready," replied May.

WHAT DON CAMERON SAID TO REILLY. Washington correspondence. Reilly's speech last session the Democrats voted with reluctance for the bill authorizing an increase of the army, as it was suspected the soldiers would be discharged in the month of March. There does not seem to be much reason to doubt that the bill will be adopted.
