NUMBER 23.

VOLUME X.

AN ARMENIAN WEDDING.

FRED. KURTZ, Editor and Proprietor.

Mr. Broad did not prolong his visit. He went direct to his wife, and related to her "what had transpired. Elfie bit her lips in rage. She had made a great mistake when thinking "for the future."

mary me a week from to-day—stranger as I am to you—I give you my word of honor that, as far as lies in my power, you shall never have cause to regret it."

He gangway track, grasped the iron rail and held on for dear life. The explosion nurled the partly loaded car from the track and dashed it against the wall so, open face and clear, brown eyes.

"A woman can trust a man with such a soul shining in his eves," she said to herself, and then, "I will, Mr. Arlington," she answered aloud.

"A woman can trust a man with such a soul shining in his eves," she said to herself, and then, "I will, Mr. Arlington," she answered aloud.

"Charles Broad and his bride came to the city, and procured board in a second-rate boarding house.

"Mr. Arlington wishes to see you at his residence, No 77 — avenue," a fellow clerk said to Broad, when he entered the office.

"Mr. Arlington wishes to see you at his residence, No 77 — avenue," a fellow clerk said to Broad, when he entered the office.

"A woman can trust a man with such a soul ship of the explosion had passed, jumped up and ran along the passage to escape the return draft, which he knew would bring house.

"Mr. Arlington wishes to see you at his residence, No 77 — avenue," a fellow clerk said to Broad, when he entered the office. are separated from the city by a vast wall, and entered by several gates, two of which are of magnificent architecture. The number of inhabitants of Constantian including the suburbs amounts. "All Arington wishes to see you at his resigned, when he entered the office."
"What, Arlington! the largest stockholder in this line?" he ejaculated. "I hope he don't intend to discharge me! I'd be in a bad fix, with a wife on my hands!"
"I don't know what he wanted," returned the other; "but you know he has the whole control of affairs now."

"I don't know what he wanted," returned the other; "but you know he has the whole control of affairs now."

"I don't know what he wanted," returned the other; "but you know he has the whole freedom. The explosion destroyed the other; "but you know he has the whole freedom. The explosion destroyed the other; "but you know he has the whole freedom. The explosion destroyed the other; "but you know he has the whole freedom. The explosion destroyed the other; "but you know he has the whole freedom. The explosion destroyed the other; "but you know he has the whole freedom. The explosion destroyed the other; "but you know he has the whole freedom. The explosion destroyed the other; "but you know he has the whole freedom. The explosion destroyed the other; "but he stumbled along in the dark, over fallen timbers and the debris brought down by the explosion, until he heard a comrade's voice and reached a place where he could breathe with comparative to about 1,000,000.

The explosion wishes and which no man can breathe. His lamp was out, and he had no time to light it; ware separated from the city by a vast wall, and entered by several gates, two of which are of magnificent architecture. The number of inhabitants of Constantion to the city by a vast wall, and entered by several gates, two of which are of magnificent architecture. The number of inhabitants of Constantion to the city by a vast wall, and entered by several gates, two of which are of magnificent architecture. The number of inhabitants of Constantion to the city by a vast wall, and entered by several gates, two of which are separated from the city by a vast wall, and entered by several gates, two of which are of magnifi

where he could breathe with comparative freedom. The explosion destroyed the summons. "Strange his name and Elfie's old beau's should be the same!" he muttered to himself. He was quite overawed by the elegance of his employer's house, and followed the butler nervously to the library.

He flung the door open, and admitted Charlie.

"How do you do, Broad?" exclaimed a voice, which he recognized at once.
"Mr. Arlington!" he stammered, "I—didn't know you were—were"—
"The same Arlington as in New York," he estimated as follows: In Russia, 16, 16,000; the United States, 9,504,200; and the states of America has been estimated as follows: In Russia, 16, 16,000; the United States, 9,504,200; and the could breathe with comparative freedom. The explosion destroyed the freedom. The explosion destroyed the ventilating appliances, checking the air currents and filling all that part of the wentilating appliances, checking the air currents and filling all that part of the entire and filling all that part of the mines.

He was quite overawed by the elegance of his employer's house, and followed the butler nervously to the library.

He flung the door open, and admitted Charlie.

"How do you do, Broad?" exclaimed a voice, which he recognized at once.
"How do you were—were"—
"The same Arlington as in New York," he estimated as follows: In Russia, 16, 16,000; the United States, 9,504,200; and the control of the mines.

"How do you do, Broad?" exclaimed a voice, which he recognized at once.
"Mr. Arlington!" he stammered, "I—didn't know on each glow as one day jogging to market on his respectable mare, Dobbin. Dobbin tripped on a stone and flung her rider.

The old man fell upon a stone, which with the proposed solution was arrived at: The sparks seemed to be noticed that tunder the telegraph wires.

This led to a closer examination, when the fill man fell upon a stone, which with the proposed solution was arrived at: The sp "The same Arlington as in New York," he suggested, pitying the poor fellow's confusion.
"When did you arrive?"
"This morning, sir."
"This morning, sir."
"Why, you have been very punctual. I told Stare 9, 504, 230; the United States, 9, 504, 230; the Suggested, pitying the poor fellow's confusion.
"Germany, 3, 352, 281; Great Britain, 2, 730, 851; France, 2, 742, 738; Austria-Hungary, 3, 559, 438 (of which 2, 179, 811 belong to Hungary); Italy, 657, 541; however, which save been very punctual. I told share to tell you torun up, so that Nettie might have where to call on your wife. She is quite anxious to tell her about the ring which she gave her."
"What was it, sir, may I inquire?" asked Broad; for Elfie had told him what a good joke it was her selling his ring.
"What broagut an elderly gentleman—to whom I had been, for a number of years, very much attached—home to dime with me. He noticed the ring on my wife's finger, and asked how it came in her possession. I told him it was my mother's; and the ring restored to me a father—to my father, a son. He had left how it came in her possession. I told a perture, and, on his recovery, the venerable gentleman had the sight of an eagle. A cavalier was troubled with the size that when the wires became dry the phenomenon ceased. There still remains to be explained. There still remains to be explained.
