

How They Used to Run the Business Twenty Years Ago. The first Roman journal, published over 2,000 years ago, appeared in the year 1870.

Two converging lines of devastation prove that the tornado largely lacked the character of a cyclone. The first was a frame farm house, which was blown down upon the foundation.

The principal force of the storm was spent on the line of Fourth street, running southeast to the woods west of the city.

James H. Stillson, special correspondent of the New York Herald, telegraphed the following description of the storm from Salt Lake City, Utah, under date of May 31.

Mad Saturday evening, between ten and eleven o'clock, I, who am acting here as your correspondent, was returning to my hotel alone in a buggy from the city.

Washington Paper of a late issue says: "A young Japanese student named Katsuhiko Kato was killed yesterday morning. He came to this country in March, 1876, with his uncle, General Sango, the chief commissioner of Japan to the United States."
