seif taken down with the disease the very day that Rose was buried. Ethel came home from the grave where her sweetest hopes perished to take her place as watcher by another sick bed. Not for long; the fever made more rapid progress here. In less than a week, the strong man was a corpse, and Ethel, utterly crushed by this new blow, was left alone in the world.

Alone to meet poverty no less than sorrow. Mr. Woodward had made no will since his marriage. An old one dated some years back left his property all to distant relatives who were not slow in taking possession. Hard, money making people, nene to well pleased with the marriage in the first place, they had no scruples in taking from the young widow all that the law allowed, even though it left her nearly penniless.

daily labor.

She came home one evening more than usually weary. It was a cold, wet night, and she was chilled through from a long walk, carrying home here here were was chilled through from a long walk, carrying home her work,

"She grows more lovely every day with that little, sweet, grieved smile," said Mrs. Hill to herself as she entered to announce a caller, "a strange gentleman who's been here twice before since you went out."

"Some one to went out."

"Some one to, see about work probably.
Will you ask him up, please?"
She rose languidly, took off her things, and just smoothed her hair without looking in the glass. She was hanging up her cloak, when a step in the doorway made her turn and look round.

"Some one to, see about work probably."
She rose languidly, took off her things, and just smoothed her head from her body. The punishment for the crime was two months' imprison quent, while the malicious neighbor who had taken the trouble to inform her body. The punishment for the crime was two months' imprison quent, while the malicious neighbor who had taken the trouble to inform her body. The punishment for the crime was two months' imprison quent, while the malicious neighbor who had taken the trouble to inform her body. A gentleman, tall, brown and heavily bearded. years.

stood there looking at her.

"Excuse me. Will you please be seated?"
she said, offering him a chair.

He sat down without speaking, and after waiting a moment for him to do so, she inquired hesitatingly:

"Do you wish some work done, sir?"

"Ethie!"
She started, gave one wild, eager look—and low it was, she never knew, but good Mrs. Hill assing by a moment after, saw through the pen door a sight that surprised her not a title—her favorite boarder clasped in the arms f the strange gentleman, and sobbing away as left her heart would break, with her head restrange was consistent with the same of the started with the same of th

partment of Savoie, France, has fallen, Some days previous indications of the state of the mountain were observed by the inhabitants of the district, but bethe inhabitants of the district, but before they had time to retreat, the first crash took place, destroying several hill-side hamlets. After the first disastrons movement of earth a series of landships took place, totally burying several other small villages. The number of hamlets which have disappeared in ruins is about ten, and the rumbling soise with which have disappeared in ruins is about ten, and the rumbling soise with which each additional fall is accompanied is heard at a distance of eight miles. They have described at a distance of eight miles. They have described at a distance of eight miles. They have described at the first division that young men are so anxious to get.

Truths Queerly Told.

Science is a first-rate piece of furniture for a man's upper chamber, if he holes of the mat. The passengers because with the dust his fingers in the holes of the mat. The passengers because of fortune! Among the many bitter in gredients thou hast in thy most bitter of fortune! Among the many bitter in the dust his fingers in the holes of the mat. The passengers because the first control of the mat. The passengers because interested. "What's the matter, my boy?" said the benevolent old man, additional fall is accompanied is heard at a distance of eight miles. The passengers because the first about the middle ages, since when round coins of the mat. The passengers because interested. "What's the matter, my boy?" said the benevolent old man, additional fall is accompanied is beautiful the middle ages, since when round coins of the mat. The passengers because interested. "What's the matter, my boy?" said the benevolent old man, additional fall is accompanied in the following of the mat. The passengers because interested. "What's the matter, my boy?" said the benevolent old man, and the rumbling in the following his glasses and peering over their rims. "I've gone and drouped a dime, an' I can't find it, "whimpered the beat which brings us in close the math of the mat. The passengers becaused. "What's the matter, m

before him in the road, puts her face in more before him in the road, puts her face in the dust, and places her husband's foot ss. who had was him-very day for forgiveness. If the husband then covers his wife's head with the white scarf, it his wife's head with the white scar, it means that he forgives her and agrees to forget her fault. If the white handker-chief is not produced, the woman returns straight to her father's house without straight to her father's house without "Are any of these yours?" asked the light, and lifts himself into the dignity of a man. If mind once gets the upper his wife's head with the white scarf, it again entering her husband's dwelling, and a divorce is pronounced. A war correspondence of a couple of little ones, and a divorce is proportion of a man. If mind once gets the upper reporter.

"Not a bit of it. Mine's growed up, body is properly cared for. Intelligent body is properly cared for. respondent recounts a tragical story which a soldier told him on the Danube.

"Not a bit of it, affine a gattle ones. Their mother died of consumption last."

Their mother died of consumption last. A returning Cossack was informed by a malicious neighbor before he reached his home that his wife had been unfaith-

with the marriage in the first place, they had no scruples in taking from the young widow all that the law allowed, even though it left her nearly penniless.

So from the elegant house with its luxurious appointments, Ethel went back to one small room, simply furnished with what little she could honestly call her own. Here, alone, despairing, she took up the burden of life again, and recommenced her old routine of daily labor.

She came home one evening more than usually weary. It was a cold, wet night, and 'she was chilled through from a long walk, carrying was chilled through from a long walk. ong time. Two or three times he put his hand in his breast for the white handrepentant woman's head-two or three two children of a stranger.—Cleveland

times the movement was restrained. Finally, as if driven by a sudden impulse, he drew his sword, and with one stroke A Rooster with a Wooden Leg. vered her head from her body. The pun-On the farm of Alfred Moore, of Moore's Mills, in this county, says the Eagle, of Poughkeepsie, N. Y., is a bor who had taken the trouble to inform him beforehand of his wife's misconduct was sentenced to Siberia for three years.

Eagle, of Foughkeepsie, N. 1., is a rooster which was so unfortunate as to lose a leg just below the first joint. The wound, however, healed, and the rooster managed with difficulty to make his way from place to place. This summer a young man from this city with Mr. A Washington correspondent writes:
Moore became interested in the case and resolved to devote his genius to the "Yes, every day of it. He came in in leg was constructed and secured to the same is the same of the rooster, this time with suctions of the rooster, this time with suctions of the rooters of the rooter of the strange gentleman, and sobbing away as if her heart would break, with her head resting on his shoulder.

"Thank heaver, darling, I have found you at last!" was Robert's first exclamation, "I ought to have died forty years ago." You don't mean that, I said. 'Yes, ever." Ethel Hammond's trials were over then.

search. I wasn't with that party, but was with a second, and we got around there that night. The Benders had taken the alarm and made tracks."

"Isn't it curious that the family could have escaped the country, when hundreds of men were on the lookout for them?" observed the traveler.

them?" observed the traveler.

"Wall, yaas," slowly replied the strange old man.

"And how do you account for it?"

He chuckled and looked out of the like the chuckled and looked out of the like the chuckled and looked out of the like the like the looked looked out of the like the looked looked out of the like the looked looked out of the like the looked lo And how do you account for it?"
He chuckled and looked out of the window. There was an interval of three or hor reads and thinks, and studies and applies, nature will open the storehouses of her secrets, and point the way to a life of four minutes, during which he chewed at his tobacco. Finally he said:

"They won't find old Bender in Maryland, nor in Mexico, nor anywhere else of the secrets, and point the way to a life full of dignity and beauty, and grateful and improvable leisure.—J. G. Holland.

Mr. Morgan, an Englishman of 107 years of age, celebrated his last birth-day at the Star and Garter, Richmond, surrounded by sixty-seven of his posterity, which numbers 102 in all. Mr. Morgan was five years old when Burke delivered his speech on conciliation with America. He was seventeen when Gibbon was penning the last page of "The Decline and Fall" at Lausanne. Four generations of statesmen have during his life successively come and disappeared. He was eight years old when Chatham fell fainting at his post. Was a boy when "The Rivals" was hissed off the stage, and he was eighteen when Sheridan dashed off from a target when Sheridan d

The other day I heard a cabinet minister talking to a young chap who wanted a place. "My young friend," said he, "don't apply. Saw wood, drive cows, anything honorable, but preserve your independence. I have a man in my department who has been in forty years."

"Forty years?"

"You was constructed and secured to the family, an improved as dearly lady in the family, an improved lady of it. He came in in the hope of improving the cause in the hope of improving the cause in the hope of improving the means of locomotion for the rooster. So baving captured the fowl, measurements were made and a wooden leg fitting the consisted of gold and silver. Iron money was used in Sparta, and iron and tin in Great Britain. Julius Casar was the first person who obtained the express partment who has been in forty years."

"Forty years?"

"You was constructed and secured to the Lydians. Their money was used in Sparta, and iron and tin in Great Britain. Julius Casar was the first person who obtained the express partment who has been in forty years."

"You was constructed and secured to the Lydians. Their money was used in Sparta, and tin in Great Britain.
