

Centre Reporter.

FRED. KUATZ, EDITOR. CENTRE HALL, Pa., Oct. 11, 1877.

STATE DEM. TICKET.

FOR SUPREME JUDGE. JOHN TRUNKY, of Venango. FOR ATTORNEY GENERAL. WM. P. SCHELL, of Bedford.

FOR STATE TREASURER.

Col. A. C. NOYES, of Clinton. DISTRICT ATTORNEY. DAVID F. FORTNEY.

Clem Dale relies upon his personal popularity to reach the district attorneyship. We will not stop at all to dispute that Clem has quite a stock of "personal popularity" and it is a nice thing to carry, indeed—but then you see Fortney has a majority vote in every town and that's what shows "personal popularity" in the shade. Dye see it, Clem?

William B. Hart, the Republican candidate for State Treasurer, is a representative man in the harvest of the word. So says the Harrisburg Telegraph. We say so too. He represents the Cameron gang of treasury thieves in "the trustiness of the word," and they nominated him. He represents the treasury leeches who for years have plundered Pennsylvania, and who had Hart in their employ all the time as clerk, and where he has been schooled in the ways that are dark, and his election will simply be a continuation of the old regime. Centre county will give him a hearty hello.

The Lewistown Gazette last week came to us crying because Judge Elwell declined a nomination from the labor party. The Gazette says the labor conventions meet, make nominations and then the democrats decline leaving the rebels alone on the ticket.

Boo—boo. Let 'em decline too.

In the New York republican state convention when George W. Curtis offered a resolution "that the law file of Rutherford B. Hayes to the Presidency is as clear and perfect as that of George Washington," it was voted down by yeas 109, nays 205. Now let Hayes resign.

Gen. Miles has attacked chief Joseph and had a great battle on Snake Creek. The Indian loss is 17 killed and 49 wounded. The rest are scattered about and kept under fire. The fight took place on 3rd.

Ohio spoke on Tuesday. In another column the Reporter's roster proclaims the result. Ohio's President even if he be one of her own sons. Next we will hear New York and Pennsylvania render their verdict against the great crime that was committed in seating a man as President who was defeated at the polls.

The republican candidates for Aud. General and State Treasurer, Passmore and Hart, were on the Centre Co. fair ground on Friday, glad to shake hands with any body. A second balloon might very speedily have been inflated by the amount of gas that escaped from Passmore. Hart was a little more reserved and seemed to look as though there was a funeral ahead.

The labor party in Philadelphia has nominated Benjamin Harris Brewster as their candidate for district attorney. Mr. Brewster will be remembered as a distinguished member of the Philadelphia bar, and a great light in the republican party. His nomination is as an anti-Cameron man, and will give the regular republican nominee no little trouble to keep votes enough to elect him.

Indecent Congressman Gen. Negley has been indicted for defrauding the government. Thus another republican light has flickered. A fraudulent timber claim of \$20,000 is Negley's sin.

Patterson and half a dozen other carpet baggers are ordered to be arrested for robbing South Carolina. Let the day of reckoning come right speedily and justice be done.

The democrats will have a majority of 15 in the next congress, according to the complete roll.

On Tuesday elections were held in Ohio and Iowa for state officers. Both elected governors.

Senator Morton is reported not so well the last few days.

At Hunters Point, N. Y., 9 million feet of lumber were destroyed by fire the other day, covering 20 acres.

John J. Patterson was arrested at Washington, on Saturday, as one of the South Carolina plunderers. Trial on 17.

Gold is down to 102 1/2. Ohio is clear and not Hazy.

RAILROAD TRACKS WASHED AWAY BY THE RAIN AND A LARGE NUMBER OF PERSONS KILLED AND WOUNDED. IN THE CONSEQUENCE.

Philadelphia, October 5. A night terrible accident occurred on the Pickering Valley branch of the Reading railroad about two miles west of this place, to the Pennsylvania excursion train, killing several persons and injuring about forty three.

The train had washed away the track, and the train was carried down a high embankment.

Four more of the wounded passengers to the Pennsylvania family re-union near Phoenixville have died.

Five Persons Killed near Milford, New Jersey.

Trenton, October 5.—The express train coming south on the Belvidere-Delaware division of the Pennsylvania railroad which ran into a broken trestle near Milford, New Jersey, last evening was completely wrecked. The train was washed out into the Delaware and now lies in the stream some distance from the shore.

The latest dispatches from Milford state that about half of the train, and that the conductor, and engineer and three passengers comprise the missing.

Engineer Killed near Fort Washington.

Fort Washington, October 5.—A bridge was washed out near Fort Washington, across the Sandy Run, into which the engine and an accommodation train plunged. The engineer, George Bartle, was drowned. No passengers were on the train. The train derailed is somewhat bruised.

DEATH ON THE SEA. Philadelphia, Oct. 6.—A special from Lewes, Delaware, states that the storm at that point last night was the most severe known at the breakwater. Five lives are known to have been lost and fifteen vessels were wrecked.

Twenty vessel, including three yachts, were ashore in Fort Jefferson, Pa., on Thursday night. They are all lying high and dry and more or less injured.

The Reporter has never been in the habit of boasting, hence will be pardoned for giving a sample of letters that he receives frequently. It is a very gratifying indication that the Reporter is a favorite with all its readers of which our steadily increasing circulation is an additional evidence.

Dear Reporter.—Please send \$2 for the Reporter. I get ten papers and the Reporter the best news paper. Send the Reporter for as long as I live and I will send the money for it. I. W. PARKINSON.

Thanks to Mr. P. for his remittance and for your still glances back with profound interest and honest pride.

THREE MONTHS SERVICE. Under the first call for 25000 men to serve through out the war...

Our county fair, last week, in respect to entries, and number of articles on exhibition was a complete success—exceeding any former year.

The largest number of entries of any previous year was 1200. This shows that our people were able and able to do something. The officers of the Society, aided by the Reporter and the other county papers, created an interest among the fair, and in the meantime, many more before manifested.

All the space in the larger department for home manufactures, fancy articles, etc., was filled, and more than filled. The building for farm products was full to overflowing.

It would be well to credit to any county in the state, and with which many would like to compete. The officers deserve the thanks of all for the earnest with which they labored to make the fair a success.

The grangers made a special effort to represent the order, and did much to make the fair a success. The stock and some new ones had to be erected. The stalls never before came near being filled.

The rain on Thursday, we regret to say, laid severely upon the receipts, as many hands who had contracted to attend the fair, were prevented on account of the inclement weather.

Prof. Phillips made his balloon ascension at 4 o'clock, seated on a trapezoid, which he had constructed and suspended through the air.

Ohio spoke on Tuesday. In another column the Reporter's roster proclaims the result. Ohio's President even if he be one of her own sons.

withdrawn from the Peninsula. Pope had been forced back to the defenses of Washington, and Lee was about to invade Maryland. To protect the north coast of Virginia, and to prevent the invasion of the north coast of Virginia, therefore, an urgent necessity, and the 14th was one of the regiments of the Potomac army.

in going to visit the line it is supposed he had a slight mistake in direction, and in wandering through the woods became somewhat bewildered. Suddenly the boys on duty were startled by a loud, strong cry, "Ho! Ho! Ho!" The voice was recognized, and soon the "ho" was found to be the cry of the boys of the regiment who were on duty.
