Mr. Schell, the newly elected demorated entry in the materials of the solar system were originally a nebula, extending through a space many times greater than the orbit of Neptune. The falling together, the condensation of this amount of matter, it can be mathematically shown, would supply enough heat to keep the sun at its present temperature for 20,000,000 years. Unfortunately, that period is not sufficient for the geologist. He demands at least 100,000,000 years for the changes of the earth's surface, and would be prefer twice that length of time. The

Milesburg wants greenbacks and so does Snowshoe. Milesburg borough is carried by the Greenback party by a majority of twenty-three; Snow Shoe has also gone Greenback by a large majority.

Republican love for the negro was only a sham, as democrats always contended. Here is the latest evidence:
In the strong republicans county of Lawrence the republicans sominated a colored man named Stewart for the usual fate of colored man named Stewart for the usual fate of colored men by being defeated at the polls. The republican staticket has \$41 majority in the county, but Stewart is beaten by 160.
