does not look as though England would interfere-she sees it would be a big job and one that she might feel sorry for if undertaken. We expect soon to hear that peace will be arranged, and that Russia will get at least some of the advantages she has been longing for in the last thirty years. She has been anxious for the right to have a fleet in the Black sea and free passage through the Dardanelles into the Mediterranean sea. This is what John Bull is afraid of because he has been mistress of the seas so long and Russia with a fleet and Black sea t build and train her navy in, would make her the rival naval power of England in Europe. Russia may also, and most likely will, claim some of the conquere territory which will give her additional strength as one of the great powers, par ticularly in that portion of Europe where the war has been waged. Taking all into consideration, it looks to us as though

Candidates for the county offices to be filled next fall, are already stirring around. As nearly all the county offices are to be filled, the crop of candidates promises to be large. Some are out sowing their seed and wondering, "What will the harvest be." There is nothing wrong in any aspiration for office, when the means resorted to obtain a position are fair and honorable, instead of decer tion and bribery and the other myster ous arts that politicians so well know how to make use of to obtain a nomination. Our advice to candidates is to go it on their merits; do honest electioneering : do not slander rival candidates. and let the best of feeling prevail, and then when the nomination is made, a! Much dissatisfaction is often caused, and the success of the party endangered where any other course is pursued. But when a canvass and nomination have been fairly made, it leaves no sores nor

excuses for bolting. We expect next summer to be one o the liveliest, politically, we ever had in our county. There are many very goo and capable men in the list of candida tes, and the party will not lack in that respect for material to select from.

Beecher declines steadily as a church investment. In 1872 Plymouth Church got fifty nine thousand dollars from it pews; in 1873, over sixty-thousand dollars; in 1874, fifty-nine thousand again in 1876, sixty-three thousand; but th year it gets only thirty six thousand, ter thousand less than last year. Still Beech er himself is for the time being doing well by exhibiting himself thro the country at fifty cents a head.

The military expenses of this state to put down last summer's railroad riot reach the handsome sum of \$700,000 And that's what wev'e got for it all. Were the sympathizers of the trampe and mob taxed to pay it all, there would be nothing unjust in it.

In the Senate a bill was introduc providing for payment of the military for service during the July and Augu-riots and the other expenses incident t-them. The amount demanded for pay ment of troops is \$290,000, and transportation, subsistence, quartermaster's an medical stores \$325,000. The estimate of the cost of the riots at the Adjuta General's Department exceed the above amounts about \$24,000. The expense in round numbers are classified thus:

Troops, \$307,000; transportations, \$141,
000; subsistence, \$124,000; quarterms
ter's stores, \$63,000; medical stores \$3,400
These amounts do not include about \$70,
000 already paid to the three months men, and an independent regiment from Philadelphia. The cost of the riot-therefore is \$700,000.

PROPOSED NEW PENITENTIA

Senator Fisher, of Huntingdon, intro duced a bill in the senate providing for the erection of a penitentiary in the middle district of Pennsylvania-the distric to embrace the counties of Huntingdon Blair, Cambria, Clinton, Centre, Clearfield, Somerset, Bedford, Fulton, Frank lin, Mifflin, Juniata, Perry, Dauphin Snyder and Union. The bill provide for an expenditure of \$100,000 for the purchase of a site, and the commence ment of work on the building. The sitis to consist of not less than fifteen acre of ground to be selected by a board of thirteen commissioners. The peniten tiary is to have an accommodating ca

pacity of about 500. This institution could be favorably ! cated in Centre county, for all the coun ties mentioned, on account of our rail road facilities.

Congress passed a resolution for the wholesale investigation of all the departments. The republicans bitterly opposed it, evidently for the reason tha there are a great many things that they do not wish exposed.

Harrisburg, Va., Jan. 2, 1878.—In the case of the Commonwealth against Ettenger for wrecking the Baltimore and Ohio Railroad train the jury, after twenty-four hours' deliberation, found the prisoner guilty of murder in the second degree and fixed the term of his imprisonment in the Penitentiary at eight teen years. Most of the evidence was purely circumstantial, but pointed in evitably to the guilt of the prisoner. Public excitement ran high, as two lives had been lost and it was the third attempt in that neighborhood to throw trains off the track.
