The fraud by which Hayes was elected is coming out fuller each day-although it was evident all along. The conspirators in that national disgrace are, one after another, easing their

consciences by confessions. Last week's Reporter contained Senator Conkling's story about the matter as given by the senator to a representative done. But you see its \$10 per day for of the World, In another column of this issue we give the confession of M'-Lin, ex-Sec'y of State of Florida, which shows how Florida was stolen from Tilden and falsified for the fraudulent ments concerning the stolen presidency

Let there be no rest until the whole iniquity is laid bare, and the perpetrators of the great crime have their merit-

If Mr. Hayes had a spark of self-respect he would resign a seat which he

holds by clear fraud. The confession of M'Lin and Dennis | terial to heep quiet when it is clear as to having falsified the Florida returns in favor of Hayes makes Montgomery Blair feel confident that his Maryland resolutions will lead to the ousting of Hayes. The confession of these men has raised a great deal of excitement at Washington. That Hayes holds the seat by the popular disgust with which the fraud every one knew long before these men confessed-it is only adding evi- aside and a usurper filling the office of dence with each day of the greatest of all American rascalities.

We think the Penna legislature should pass a resolution censuring Harry White for exposing our trout streams in congress-ontsiders will now come in and

The Philad. Times thinks General Harry White has a sure thing on the Republican nomination for Governor now. He is the only man in the party who knows the navigable rivers of the State, and with Protection and Internal Improvements as the battlecry of the contest, who but the champion of Kiskiminitas can lead the Republican

Jeff Davis has made a trip to Mexico An account from the city of Mexico says: Jefferson Davis before leaving this city was complimented with a grand military review at San Larazo. About 5,000 of all arms were in line. Mr. Davis was mounted and in full uniform.

The mighty revenue raising effects of the bell punch, can be gathered from the New York Sun, which calculates that the number of drinks sold in that city is not less than 1,200,000,000 a year, which under the Moffet law would yield a revenue to the government of \$12,000 000 a year. The Sun begs the Legislature to empower the city to collect revenue by the bell-punch method.

At the republican county convention of Union county, the Cameron clan was routed. Charley Wolf was after the Winnebagoes and carried instructions for Wickersham for governor, against Hoyt, the Cameron choice. Charly is very bitter against the Cameron clan and will fight it up to the hilt. Charly is right enough in that job, but what can he do outside of old Union?

.... The Washington correspondent of the N. Y. Herald takes down the republican cry of "Rebel Claims," by an interesting comparison with northern claims.

The republicans have recently been publishing statements intended to pro-duce the impression that the "Southern claims" business is a real danger to the Treasury and the taxpayers. These statements have been sent out from here in large quantities to the rural districts to inspire the voters with a terror of the it should be allowed to get into power, stands ready to appropriate not less than \$300,000,000 to satisfy the Southern publican exhibit of Southern claims have led democrats to go over the files of the bills in the present House and Senate with the result, as will be shown in detail in a few days, that there are Northern claims on file to the amount of \$1,600,000. It will be shown at the same time that the greater part of the same lime that the greater part of the so-called Southern claims are in the hands of Northern men, having been bought up by them or originated by them and being "Southern" only in the sense of location. The American eople are not made of the kind of manoonday that a man occupies the seat of Washington by the greatest fraud ever perpetrated. It will not do. The people must not rest until the brand of nfamy scorches the guilty perpetrator
