Our school directors met in convention last Monday and resolved to employ Prof. Henry Meyer as Superintendent. Prof. Meyer has filled the office three years to the utmost satisfaction, and he has proven himself in every respect worthy of re-election.

We believe there never was a larger attendance at court than last week and week before, and much business was despatched, for which credit is due Judges Mayer and Orvis. Judge Orvis presided most of the time and he kept court from 8 to 11, so that the tax-payers might get some worth for the money spent on jurors, court officers and court expenses in general. We think it is a pity that our districts would pattern after Judges Mayer and Orvis in the above respect, their people would think all the more of them. Even the Republican, that is politically opposed to our judges, would praise for making good use of time and showing business right-avenue. Credit to whom credit is due—even though of opposite politics.

Riddles for forgery, was sentenced to three years penitentiary. Jacob Weiser, charged with forgery, was sentenced to two years penitentiary, and George Adam of same township, for stealing, sentenced one year to same place.

Green's Compound Syrup of Tar, Honey and Bloodroot, cures all affections of the throat and lungs, whooping cough, asthma, croup, whooping cough, and earlier stages of consumption. Ask for it at the drug-store—it is a standard remedy, which should always be on hand in the family.

Valentines are very successful in displaying their goods in the windows. The show of Sugar in one of their windows a few weeks ago was very attractive. A little later appeared a fine display of Coffee, afterwards a window full of Soap, with a very handsome show case, now again with a large stock of stationery, attention to the price, only 25c. They certainly sell goods very cheap. For instance a basket for eight cents; twenty-five cakes for a dollar, and so on. One of the clerks told us that the business had increased wonderfully the last two months. The stock of groceries in their cellar is very large and all the goods look nice and new and clean. They sell a great deal in large quantities.

In the case of Dr. Brothock, for abortion, which resulted in the death of Mrs. Etie, occupied some 4 or 5 days of court last week. The jury after being out a few hours, brought in a verdict of guilty. Mourhouse, his accomplice and partner, deceased, was sentenced to the penitentiary. Brothock's counsel, Messrs. Hoy and Love, have applied for a new trial, which will be argued in June. The doctor is out on \$3,000 bail. Fortney and Spangler conducted the case on the part of the commonwealth.

We are pleased to have a call from our old friend Col. Benj. Schmetzer, of Dakota, Ill., formerly of Madisonburg. Ben looks fresh and hearty and is getting along well in the west.

This tax may be entered in a book, to which each person owning road tax can have free access, and the supervisor must allow each person an opportunity to work it out. It has been decided by the superior court that it is illegal for a supervisor to enter into such contracts for making the roads as would preclude a citizen the opportunity to work out his tax. The supervisors, like county commissioners, must estimate the amount of tax and the wages of labor, and not the township auditors.

We noticed quite a number of improvements in Millsheim, the other day—new houses going up and old ones being overhauled. If these people could get the brains and credit in their heads, they would make it the place, as well as benefit Aaronsburg and Brushyville. Keep this thing moving, every mechanic in that busy town would be benefited.
