housekeeper, then say he was well to, do and tell her he'd sooner marry her, until he had caught nine of them. He was arrested, and came face to face with all his women to the great astonishment of each of the nine. He got out of the court in a few moments, and the nine women laughed in court until she cried when she heard the just sentence.

Be it remembered, says the Patriot, that the republican state administration collected from the people during the last seven years, One hundred and fifty millions of dollars, and had a surplus of fifteen millions at the principal of the state debt. Allowing them for their payment of interest on the state debt and for all extraordinary expenditures growing out of the war and increased appropriations for the schools, they spent Twenty-four millions more than they ought to have done taking the above into consideration. The last democratic administration (Gov. Packard's) as the criterion. In other words they could have saved Twenty-five millions of dollars, or a sufficient sum to have wiped out the present balance of the state debt, after paying the extraordinary war and school appropriations. The record of the republican administration, shows that they have squandered twenty-five millions of dollars, or a sufficient sum to have wiped out the present balance of the state debt, after paying the extraordinary war and school appropriations. The record of the republican administration, shows that they have squandered twenty-five millions of dollars, or a sufficient sum to have wiped out the present balance of the state debt, after paying the extraordinary war and school appropriations.

Adam Yearick, our nominee for Treasurer, is an honest, hard-working farmer of Maricon, and a gentleman of no ordinary character. He is well qualified for the important position, as he possesses practical business experience. Every farmer and working man will do honor to his class by voting for honest Adam Yearick, in whose hands every cent of the county's money will be safe.

Wonderful discoveries in acoustics have been made. It is now heretofore that Israel D. Jewett, a druggist at St. Omer, Ind., has perfected an instrument, which he calls the "aphone," which, it is claimed, will without the aid of electricity, carbons, or any complex machinery, collect distant sounds, and carry them to a great distance, without loss of volume. A number of experiments were made with the instrument on Saturday—a wire being strung nearly half a mile. Speaking into the instrument three or four feet away, the words were heard clearly and distinctly at the farthest end of the wire. Playing upon a violin eight feet from the instrument, the music was heard at the other end in the street. The closing of doors, walking upon the floor, ordinary conversation, the ticking of a watch, could be heard distinctly, without applying the instrument to the ear. Mr. Jewett will not explain his invention at present, not saying, as yet, received letters patent.

The charge is made by a Lock Haven correspondent of the Philadelphia Times, that the Camerons sent money into Centre county to defeat the nomination of Curtin. From Bellefonte we hear that a check of \$800 was received there to be used for the defeat of Curtin at the primary elections in this county.

A very thin objection was that he heard a republican make to J. C. Harper, for prothonotary. He said he declined. Mr. Curtin is a brilliant lawyer, and a man of high character. He is a native of Centre county, and has spent his entire life in this county. He is a man of high character, and a man of high character. He is a man of high character, and a man of high character.

Senator Dill in his Greenback speech, arranged the republicans in a powerful and eloquent manner for their abuses in the government.

He said that the starting labor, the capital, the increased business circles and the general paralysis which prevailed throughout the nation are the logical results of the present monetary arrangements. We can assure Dr. Glenn that his "business arrangements" would never have been disturbed in the least, neither is it likely that any other fellow's "business arrangements" will be disturbed by being on the greenback ticket.

The greenback committee have since nominated Mr. S. T. Gray, of Patton, in lieu of Glenn.

Mr. Geo. G. Tate, also sent in a "withdraw" as greenback nominee for prothonotary, but the committee wouldn't agree to it, and he withdrew his withdrawal.

THE CAMERON COHORT.
A brace of wandering adventurers, that print the "Centre Herald," who are not yet twenty months in our county, with dissimulation, and false pretenses, endeavored the "Herald" as a humble legislator's experience. He has been an active democrat in former campaigns and an effective speaker, and will be busy in this important campaign until the eve of the election, in working for the success of the democratic cause. The interests of this district will be faithfully represented by Mr. Alexander—well acquainted with every section of the three counties composing it, that in his last issue it speaks forth its views at what it terms "A. G. Curtin's Democratic Speech," and then quotes Curtin as saying "since 1871 have labored assiduously to produce reform in the government at Washington and in this state." To this the Herald replies, "This is a lie, and it is to be regretted that a man has made his name, for instance a man has become known to us for his hypocrisy and gone back in a short time worth half a million." What will the citizens of Centre county say to this vile and willful slander and falsehood against one of their native and honored citizens whose public spirit, influence and enterprise for the improvement of his native town and county, exceeds that of any other individual in the county—the friend of the working man, laborer and mechanic, who found him their helpmate? yet whose fellow, strangers in our midst, have turned the Herald into a cesspool for secret assassins to drop their cowardly slanders and falsehoods against one of our most respectable native born citizens.

The Clinton greenbackers have made up their minds to support Curtin for congress, they consider him sound enough upon the money question. That is a sensible conclusion of the Clinton county greenbackers—Gov. Curtin's views upon our finances are all greenbackers ask—in fact the democratic platform is broad enough for any greenbacker and it is folly for a greenbacker to go into a side-show where he can do no good. Help not the democratic party in power—vote for Dill, Curtin and for the democratic ticket—and you will accomplish exactly what you want.

Andrew G. Curtin will be elected to Congress by one of the highest majorities. Mark that. The Greenback party in the Clearfield Centre and Clinton Senatorial districts yesterday nominated S. Woods (Caldwell) for the Greenback candidate for Assembly in Clinton, but will withdraw to accept the Senatorial nomination, thus leaving a clear field to Mr. A. Quigley.

The Republicans of Connecticut, in their State Convention last week, looked on with amazement at the proceedings of the party in the county. A CURTIN GREENBACKER.

TWO OPINIONS—ALL RIGHT.
We met a party on the corner the other day and asked him whether he'd vote for Curtin. He said, "Of course I will, I always vote for Curtin and never regretted it, and always will until we are opposed to the better of it. I always found Curtin right."

THE CAMERON COHORT.
Bellefonte, Pa., September 26.
The result of the Democratic conference was the nomination of Hon. A. G. Curtin on the 7th ballot. It has been argued that the old War Governor was the choice, and the reason for the delay in his nomination was due to the desire of the conference to satisfy the claims of local candidates. After his nomination the ex-Governor appeared before the conference and accepted the nomination with the following speech: "Gentlemen, if I am elected to the popular branch of National Legislature I will resign my office as Governor of this State on the 1st of January next, and will devote my entire time and energy to the discharge of my duties as a member of Congress."

REPUBLICAN CO. CONVENTION.
The Republican county convention assembled at Bellefonte, on Thursday, 26, D. H. Hastings was chosen chairman. The following nominations were made:
Assembly—Capt. Harry Simler, Bush, by acclamation.
Sheriff—Capt. Austin Curtin, by acclamation.
Treasurer—Geo. A. Bayard, by acclamation.
Register—Jas. Montgomery, 38, Kline Zimmerman 44. Zimmerman nominated.

THE LOCAL OPTION DOG LAW.
A law making all dogs personal property was passed by the Legislature, the provisions of which are as follows: "For whatever damage dogs may do their owners shall be liable for the costs and attorney's fees, if the suits be taken to court. An Annual tax of fifty cents on male and one dollar on female dogs will be levied, which will be kept in a separate account by the county treasurer, from which owners of sheep shall be compensated when dogs deplete their droves, provided that the owners of the dogs cannot be ascertained. If discovered, the latter must make good the loss. Assessors are required to make an account of all dogs in their districts, with the name of the owners. If at the end of the year the amount of money in hands of the county treasurer from this source exceeds a given sum, the surplus is to be divided among the school districts. The adoption of this law is made optional in counties. A ballot shall be taken not oftener than once in two years, upon acceptance or rejection, and it will remain with the voters to pronounce upon the merits of the measure."

THE NEW WAR CLOUD.
Trouble Thickening in the East.
London, September 23.—A Bombay dispatch to the Standard reports that a special meeting of the Viceroy's Council has been held at Simla. General Roberts, a large force is ordered to be in readiness for occupation of the mountainous region in the Punjab. The feeling among Europeans is warlike. The London Times, in its leading article, says that the Viceroy's Council has decided to send a force to Simla. The Council has decided to send a force to Simla.
