FRED. KURTZ, EDITOR.

CENTRE HALL, Pa., Mar. 6, 1879.

The editor of one of our Lewistown exchanges feels one peg higher—see: A brother in law of his has been elected a member of the town-council of Hannover, Pa. Where will lightning strike next?

There is a movement in Millin county, we see from the True Democrat, in favor of selling the poor house and abolishing the board of county poor directors. In this county people have agitated taking up what Millin wants to do. Our neighbors across the Seven miles river seem to want to run their poor house upon the strict principles of the science of economy, and have had some heavy poor taxes to pay. Perhaps Centre can learn a lesson in this regard by going to Millin county.

An example which Penna's legislators can imitate. Among the national expenditures of the present Congress were \$30 for two opera glasses for Hon. C. E. Hooker, of Miss. \$14 for a set of dinner knives and forks for Hon. R. M. Hunter, of Tenn. \$14 for an opera glass for Hon. H. D. Money of Miss. \$20 for a family table for Hon. J. J. Yates, of N. C. \$12 for opera glasses for Hon. W. S. Stenner, of Pa., and \$14 for an opera glass for Hon. H. D. Money of Miss. How much has been spent for dumb bells, cards, sanctuaries, razors and other crooked stationary, nobody knows.

After much sage deliberation and balancing of probabilities Gov. Hartranft has concluded to accept the pro-mastership of Philadelphia. The great ex-governor deemed it much better to take his \$4,000 a year than listen to the seductive but delusive offers of a nomination for sheriff of Philadelphia by the Times.

Missouri's state treasurer, Gates, fell into the hands of some bankers who are sharper than scrupulous. In consequence the space in the treasury supposed to have been occupied by \$43,000 is found vacant, and the bankers juggle \$91,000 of profits in their pockets. The legislative investigating committee cannot think of any punishment for Gates more severe than impeachment.

The Hon. E. W. Davis set a good example of economy in the house on Monday night, 24, by effectually opposing the resolution to purchase the Erie and Chesapeake public documents. But there are much more important subjects upon which the spirit of retrenchment and reform can be appropriately exercised.

The big gun preachers have a good thing of it in the shape of fat salaries. Just see: Henry Ward Beecher receives \$20,000 per annum, more than is paid any other preacher in this country. Talmage gets \$12,000; Morgan Dix, of Trinity Episcopal, receives \$15,000; Dr. Taylor, Congregationalist, receives \$14,000; Dr. Hapworth, \$10,000; Dr. Storr, \$10,000; Dr. Cuyler, \$8,000; Dr. Hall, \$10,000; Dr. Potter, \$10,000 and his house; Dr. Tiffany, \$10,000; Dr. Tying is credited with \$8,000; Dr. Chapin, from \$8,000 to \$10,000; Dr. Morgan is reported at \$15,000; Dr. Stone, of San Francisco, has \$12,000.

The Cincinnati Commercial publishes interviews with a large number of leading Democrats in Ohio and adjoining States, regarding the relation of Tilden to his party since an investigation of the cipher dispatches. The conversations reported show a decided preponderance of opinion in favor of the re-nomination of Tilden for the Presidency. Many express themselves in favor of Thurman, but pronounce Tilden their second choice, and admit that the claims of the latter upon his party will undoubtedly be sufficient to give him the nomination if he enters the field as a candidate.

The Republican minority of the House Naval Committee have agreed on a report which is a masterpiece of eloquence. They hold Chairman Whitthorne culpable for exposing the corruption and knavery, and seem to think there should be some way found to punish him. Yet Beknap was to Robeson as the "Artful Dodger" to Bill Sives, Robeson is one of the props of the Grant movement and had to be put in presentable shape.

Not less than \$200,000 of the public money was expended last year for pay of supervisors under the federal election laws. Of this amount \$175,000 was expended in the purchase of machinery, \$45,000 was expended, and in the state of New York \$100,000. In New York city alone \$60,000 was paid to the previous swamps under the employ of John Davenport for arresting thousands of naturalized citizens and depriving them of the right of suffrage. The machinery that their papers were not legal. These figures explain the anxiety of the republican leaders in congress to maintain the party in congress to maintain the party with the machinery by which they extract from the treasury a large fund for campaign purposes for general corruption of the ballot. But their federal election law is doomed.

Gov. Hoyt seems inclined to leave his own way in the appointment of his cabinet. The Cameron influence brought a strong pressure to bear to secure the place of Attorney General for Linn Bartholomew of Schuylkill county, but the Governor yesterday sent to the senate the name of H. W. Palmer of Luzerne, a selection we have no doubt he had in view prior to his election. Mr. Palmer, in Constitutional Convention days, was known as something of a reformer. He was a Republican member of that body from Luzerne county, in which his brother, Mr. G. W. Palmer, also served as a delegate from the same county. The new Attorney General is a fair lawyer and a rising man in his section of the State.

Prince Louis Napoleon, son of the late emperor of France, has gone as a volunteer with the British to fight the Zulus in Africa. Louis' first "baptism of fire" was in the late war between France and Germany, which resulted so disastrously for his father and the French, and which for the shortness of time that it lasted, was one of the most fearful wars on record. Whether Louis will give the Zulus a fair chance at him, he does not say, but may be able to inform the readers of the Reporter in the future.

From Iowa comes another of those fearful stories that should be a warning to all parents—children being locked alone in the house and burning to death. On the evening of 28th ult., the wife of R. Conroy of Centreville, Waterloo county, Iowa, locked her three children, whose ages ranged between three and nine years, in the house while she visited a neighbor. During her absence the house was burned to the ground and the children perished in the flames.

DOINGS AT HARRISBURG.

In the state senate the committee reported Mr. Alexander's bill to prevent the sale of any spirituous liquors, mult or brewed liquors which are in any manner adulterated, mixed, drugged, diluted or compounded with drug or other deleterious or poisonous matter.

Mr. Alexander also introduced a supplement to the game law, making the time for hunting deer, from the 15th of September to the 1st of January, with dogs and allowing the trailing of wounded deer with a dog chained or tied to the person of the hunter.

A petition from Snowshoe asks for a law prohibiting the hunting of deer for three years.

The following bills were passed finally in the Senate:

An act to prevent the frequent change in common school books in the several counties of the commonwealth of Pennsylvania.

An act to repeal an act to regulate proceedings under requisition upon the governor of this commonwealth for the apprehension of fugitives from justice.

An act to authorize the judges of any court to provide for the receiving, custody and publishing of the returns for the election of state treasurer and of auditor general, when elected at the same time.

An act to fix the salaries of the various judges of the courts of the commonwealth, and to amend an act in that behalf passed on the 21st day of July, 1878.

An act to amend an act in that behalf passed on the 21st day of July, 1878, relating to the salaries of the judges of the several courts for the First and Fifth judicial districts, \$8,000, and president and associate law judges of the Third, Sixth, Twenty-fourth, Twenty-fifth, Twenty-sixth and Twenty-seventh districts, \$6,000; the president and associate law judges of the Second, Eighth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth, Twentieth, Twenty-first, Twenty-second, Twenty-third, Twenty-fourth, Twenty-fifth, Twenty-sixth, Twenty-seventh, Twenty-eighth, Twenty-ninth, Thirtieth, Thirty-first, Thirty-second, Thirty-third, Thirty-fourth and Thirty-fifth districts, \$5,000; all other judges \$4,000.

A house committee reported in favor of exterminating the Spitz-dog—hard on the dog.

ON THE BATTLE FIELD.

Meeting of General Barlow and Senator Gordon at Gettysburg. (From the Boston Transcript.) You may not be aware that it was Gen. Gordon's command which struck the flank of the first Corps on the afternoon of the first day at Gettysburg, and after a short but desperate conflict, broke the line and swept it from the field.
