The delectable Lewistown Gazette haunted by rebels since the democrat have captured the two houses of con gress. Oh Moseby !

Nearly all the radical organs are spasms about the rebs since the 4th March. The people are not so much frightened about the rebs as they were over the robs under the rade. . . .

The stationery steal which the REFOR YER referred to several weeks ago among a dozen other steals about on state capital, is to be investigated. If i is fairly investigated we predict there will be a big stink. But the other steals should also be looked up-we pointed out a score of them in the REPORTER week before last. Let every stall in the stable be examined.

The audisor general's report showthat the cost of stationery for the two houses of the legislature in 1875 amount ed to \$13,220 55; in 1876 it was \$23,140. 06; in 1877 it reached \$25,206,91, and to there are intimations that the report of cnew set of republicans be put in in- smitted : fleeced tax-payers of the state.
