SUPPLEMENT.

FRED. KURTZ.....EDITOR.

CENTRE HALL, Pa., Apr. 24, 1879.

—Canned goods of all kinds at Dinges'.

To keep seeds from the depredations of mice mix pieces of camphor gum in with the seeds. Camphor placed in drawers or trunks will prevent mice from doing them injury. The mouse objects to the odor, and keeps at a distance.

LICE ON CATTLE.—An immediate effective remedy for lice on cows and other cattle, also for ticks on pigs, is to wash the affected parts with potato water, or water in which potatoes have been boiled. One application is generally sufficient.

—Dinges receives fresh groceries every week. Give him a trial.

Castor oil, besides being an excellent dressing for leather, renders it vermin proof. It should be mixed, say half and half, with tallow or other oil. Neither rats, snakes, nor other vermin will attack leather so prepared.

If fine-cut tobacco be sprinkled under the edge of carpets, and under those places where bureaus, book-cases and the like make it dark, the moths will be prevented from laying their eggs in them, as it will drive them away.
