From Monday's dailies we condense this chapter of crime: In New York a brutal husband beat his wife to death. In Kingston, N. Y., a shoemaker interfered in a domestic quarrel between a man and his wife which ended by killing one of the combatants. In New York jealousy drove a man to shooting his wife. In Alden N. Y., a man shot his wife and then blew his own brains out Mrs. Samuel Bergy, of Freeport, Mich., shot and instantly killed two o her children, fatally wounded another. and then shot herself. She is presumed to have been insane, as evidence of insanity was discovered some time since in her attempt to murder her brother with a carving knife.

Charly Ross has been found again The report says: At East Farnham, Quebec, there is a boy who says hi name is Charley Ross, and he answers the description of the missing boy very well. He says he was brought from New York by two men a long time ago. He lives with a man who cannot speak English and is reticent and sullen when questioned about the boy or himself. He says he does not know or care who the boy is. He is paid \$150 for keeping the boy, drafts being sent to him from New York every six months. These drafts are signed "Edward Pierson," REPUBLICAN STATE CONVENand are payable at Molson's Bank, Montreal. Mr. Ross and parties are ex-

This bill, in my judgement, interferes with the free employment of capital, arbitrarily controls trade, substitutes legislation for the laws of supply and demand, and is the beginning of a system of paternal government at variance with our political institutions, which always proved when tried ,injurious alike flict with the constitution, but also contrary to public policy and the true theoto withhold my approval."

loyalty in question by republicans who never smelt rebel powder or who had their teeth pulled for fear of being drafted, is as laughable as any thing can be. Maj. Forster was a gallant soldier in the Mexican war and showed that he had lost none of his pluck or patriotism by entering the Union army. But be cause the Major votes the democratic ticket he is pronounced disloyal by men who have not as much real patriotism and courage in their whole bodies as Maj. Forster has in one of his toe-nails. Yet this is the usual style of mention that a certain class of "loyal" republicans make of democrats who served their country upon the tented field, simply because they see it is not in keeping with their patriotic sentiments to vote the radical ticket. Gen. Ewing democrats have nominated him for gov candidate, who kept hidden as far away

as a loyalist and patriot. So it was with Gen.
