

THE CENTRE REPORTER.

Centre Hall, Pa., Thurs., Oct. 23, '79.

At the special term held at Bellefonte last week, Judge Orin on the bench, to try the case of Pruner & Barley vs. Houtz heirs, the jury rendered a verdict in favor of the defendants in Illinois, the case we find given in the Republican as follows: A special court commenced on Monday to try an action of ejectment, by the above parties, in which there are about six hundred and ninety acres of land involved, including the most of what is now built on by the town of Houtsville, in Clearfield county. It appears that Pruner and Barley located a warrant for judgment in 1830. The Houtz heirs had possession of the land in Clearfield county, and won by the plaintiffs. Because a juror had roomed with one of the surveyors during the trial, Judge Linn granted a new trial. At the second trial in the Clearfield court, after the testimony had been taken and the case submitted to the jury, the plaintiffs took a nonsuit. Subsequently the property was sold to Samuel C. Smith, of New Jersey, who brought suit in the United States district court, before Judge McClelland, at Pittsburgh. The defendants won in this suit, after which Pruner and Barley became the owners and brought suit, and by change of venue from Clearfield county they are now contesting their claims. Hon. Geo. H. Bower, attorney for plaintiffs, and United States Senator Wallace, of Clearfield, and Senator Alexander are for the defendants.

A CARD TO THE PUBLIC.—Having sold my good will and part of my stock of ready made clothing to a firm in Philadelphia, to which I have a possession of my store room by Jan. 1, 1881, I now offer my stock of ready made clothing at actual cost and freight. This is an excellent chance for a good bargain.

The handsome buggy which attracted so much attention at our county fair, has already been purchased by the manufacturer, Mr. Lee, and he had orders for others. Good workmen, fine finish and low prices, at Lee's shop.

Now, while it is yet time, and before he leaves his stand, is the time to get your clothing for the winter at Newman's Eagle Clothing Hall. He sold cheap here, but now is selling cheaper than ever, for cost and carriage. The time for buying of Newman is short, don't miss it, when he has quit the clothing business it may be too late and you will be sure to regret your mistake.

A son of John Peck, of Millheim, met with a sad accident, one day last week. The boy was at Millburg on a visit and fell from a hickory tree, sustaining injuries that were feared would be fatal.

Exp. Reinhart, of Haines, can take the premium for big corn. He has a half acre of mammoth corn, some of which measures 15 feet from top to end, and 7 1/2 feet in diameter. It will weigh 100 lbs. and he claims to be the best in the corn line.

Haines township is noted for sure crops and good farmers. Its wheat crop this year was the best in the county, and its corn crop is also large, as a sample we mention that of Wm. Bower, who raised 2000 bushels corn from 17 acres. Warren, a son of his, aged 12 years, husked 76 bushels of corn in one day. Who can beat that?

Harris' Magazine for November contains eight or ten illustrated articles of considerable artistic merit. In fact, an article unaccompanied by pictures is the best evidence of the satisfaction rendered by the business managers of the Lee's Centre Hall shops, is the fact that he is constantly receiving orders from a distance. His work is fast recommending itself.

WESTERN LETTER.

En. Reporter.—In my last letter I spoke concerning my trip through Michigan, and will now direct my attention to a visit among Pennsylvania villages in Illinois. After a very pleasant time in Michigan and seeing many of its attractions, I took a steamer on St. Joe river for St. Joseph, a town on Lake Michigan. Here the large quantities of fruit and passengers are transferred to two large steamers which cross the lake to Chicago by night. To cross the lake in one of these steamers is simply grand, and the weather is favorable; and no one coming to this country should fail to take this delightful trip. After arriving in the great city of the lakes, I concluded to spend a short time in seeing the principal places of interest. It would not be feasible to attempt a description of the commercial metropolis of the Northwest, with its extensive industries. Tired with the hum of business, I sought a quiet retreat among Centre county people. Will Co. is principally settled by Pennsylvanians, many of whom came from Potter, Pa. I was greatly surprised to find so many from Centre Co., many of whom came more than eleven years ago. It may be of interest to know some of the families living in this section. I will, therefore, mention T. J. Nease, Peter Johnson, Edward Meringer, Miles Miller, Father Miller, Father Giese, Jacob Giese, James Love and Henry Lingle. These families live only a few miles apart, in a beautiful and healthy country, all enjoying a fair degree of health. I was sorry to learn that Father Miller's sight is rapidly failing, but the disease of such a nature that his sight can be restored by an optical operation. These Pennsylvanians are engaged in agricultural pursuits, and with a few exceptions own the farms they cultivate. Father Giese, Peter Johnson and Henry Lingle each own a fine farm as can be found in any of the Will Co. is mostly prairie land and the soil productive. Corn, oats and rye are the principal products. Very little wheat is raised here; many of the farmers buy their flour for family use. I never saw finer corn or more of it than is raised in this county. Cornfields range from twenty to one hundred acres, and some do not finish before winter. The cattle feed all winter in the cornfields, thus save the work of cutting the corn in the fall.

The country is laid out in sections—six hundred and forty acres. All roads ranging in the same direction are parallel, and a mile apart, thus the north and south roads are intersected at right angles by those running east and west. Timber is scarce, most of it growing along the streams. Farmers burn corn cobs all year as fuel. Most of the farmers have the common board fence, but wire fences are now put up all over the state. Notwithstanding the scarcity of timber the dwelling houses are equal to those of Centre Co., where timber is abundant. The barns are more sheds to shelter the cattle. Illinois has abundant railroad facilities; a new road is surveyed and built in a few months' time, of course the expense for building one here is much less than in Pennsylvania; but above all, there is more energy in the western people, Illinois, with its many agricultural and other advantages, bids fair to become one of the leading states of the Union. The people of Illinois manifest considerable interest in education. The common school house may be found all over the country and ample provisions are made for the instruction of all children. The school year consists of two years, a summer and winter term, making from six to ten months. Christianity is keeping pace with the advancement of this state. Churches of various denominations are erected all over the country, as well as in the towns; many of these churches are better equipped than those that Ingersoll's doctrine does not meet with much success, even in his own state. Considering Illinois in all its advantages and disadvantages, I would conclude it to be a desirable country.

A TERRIBLE HURRICANE AT MADRID SPAIN.

Several Cities Flooded.

Madrid, October 17.—A hurricane, on Tuesday night, was accompanied by heavy rain, which swelled the rivers Mundo and Segura, and flooded the populous and fertile valley, the cities of Laredo, Ojuna, Murcia and Crevillente, and a large number of villages between the mountains of Castile. This unfortunate night, the wind blew from the north and struck out in every direction, knocking us about with the most savage fury. From this den of infernal horrors I contrived to get a letter conveyed to General Gort, who promptly sent an order to the Prison Inspector that I was to be forthwith transported to the Prussian frontier. At Eydtkuhnen I was handed over to the Prussian police, who at once set me at liberty. I travelled straight to Paris, and thence to Geneva, where I joyfully recovered my health, and now write this miserable story.
