CENTRE HALL, Pa., Nov. 20, 1879.

—France had 21,992 vessels, with a tonnage of 164,000 tons, and manned by 82,431 sailors, engaged in the fisheries last year.

—A series of lawsuits about an iron bolt valued at ten cents, has already cost the litigants five hundred dollars, at Plain City, Ohio.

—Martin Calphin dashed into a Louisville house, where a funeral service was going on, and declared that he could whip any relative of the corpse. Peter O'Connell accepted the challenge, and was quickly killed with a knife.

—A Denver girl, for diversion, not only engaged herself to marry two men, but appointed the same day, hour and place for a secret wedding with each. The suitors were some what disconcerted by each other's presence, as well as by the girl's absence, but they finally came to an amicable understanding to despise her.

Pottsville, Pa., November 13.—Samuel Masley was killed and his son, who was working in the same breast with him, was severely injured this afternoon by a fall of coal in the Wadesville colliery.

Chicago, November 13.—The strike among the coal miners of La Salle has increased until about one thousand are now idle and only one colliery is running.

CUT THIS OUT AND SAVE IT.—A correspondent writes to an exchange as follows about the flower of a well-known plant:

"I have discovered a remedy for consumption. It has cured a number of cases after they had commenced bleeding at the lungs and the hectic flush was already on the cheek. After trying this remedy to my own satisfaction, I have thought philanthropy required that I should let it be known to the world. It is common mullein, steeped strongly and sweetened with coffee sugar, and freely drank. Young or old plants are good, dried in the shade and kept in clean bags. The medicine must be continued from

three to six months, according to the nature of the disease. It is very good for the blood vessels also. It strengthens and builds up the system instead of taking away the strength. It makes good blood and takes inflammation away from the lungs."

It is the wish of the writer that every periodical in the United States, Canada and Europe should publish this recipe for the benefit of the human family. Lay this up and keep it in the house ready for use.
