DEMOCRATIC NATIONAL TICKET.

FOR PRESIDENT, WINFIELD SCOTT HANCOCK, OF PENNSYLVANIA.

FOR VICE PRESIDENT, WILLIAM H. ENGLISH, OF INDIANA.

STATE TICKET.

SUPREME JUDGE, GEORGE A. JENKS, Jefferson County.

IMPORTANT TO VOTERS.

The next election in Pennsylvania will be held on Tuesday, November 2, 1880.

The Assessors must be assessed two months before the election, that is, on or before September 2.

To secure their votes, Voters must be paid a State or County tax one month before the election and within the two years immediately preceding the date of one month before the election.

Any republican who doubts about Garfield being guilty of perjury and dabbling in Credit Mobilier, let him come to the Reporter's office, we have here the official document, printed by the government under a radical administration in 1873, to prove it.

Who wants to learn the truth? Step in, and see it, will gladly show you the evidence.

It is said that money is being sent over from England to aid the election of Hancock, in view of the fact that the running on a free-trade platform is not to be wondered at.

A falsehood, for which we defy you to bring the shadow of proof.

"Gen. Hancock, that grand old fellow, the democrats have not the good sense to nominate him."—Beaver, in his Chicago squib.

Well, the democrats had the good sense, now Beaver hasn't got the good sense to support "that grand old fellow."

The democrats are asking northern people to vote for Hancock because he was a good and loyal soldier during the war. So he was, so the General Garfield and so was General Arthur, but we don't see any military title to English's name.

Will the Lewistown Gazette, Bellefonte Republican, and such, please publish the short extract from the Police Credit Mobilier report, which says that they find Garfield guilty, also from the same source Oakes Ames proves his guilt, and then where Garfield swears he did not meddle with Credit Mobilier?

If not, why not?

Garfield left his "soft" position in the army, after two years nominal service, during six months of which he was absent on sick leave at the North, and returned home to the Jockey Club grounds two dollars, and everything ordered extra. Water without ice was sold at five cents and with ice ten cents.

FACTS FOR TAX-PAYERS.

The official records show that since the democrats have control of congress, from 25 to 40 million dollars are saved annually in the government expenditures.

In our own state the official record shows that republican rule is extravagant.

The last democratic administration, under Packer, '68 to '70, the expenses were \$1,300,000 or \$200 per capita.

Under Curtin (now democratic) in a time of war and high prices, '64 to '66, the expenses were \$1,885,157.68 or \$29 per capita.

Under Geary '67 to '69, \$2,453,148.64 or 72c per cap.

Geary '70 to '72, expenses \$2,808,305.07 or 78 cts per capita.

Under Hancock, '73 to '75, expenses \$3,270,215.28, or 87 cts per capita.

Under Hartnett '76 to '77, expenses \$2,483,933.78, or 77 cts per capita.

So it will be seen that under radical rule the expenses kept growing, growing from year to year, far beyond anything under democratic rule.

Under Geary '67 to '69, \$2,453,148.64 or 72c per cap.

Geary '70 to '72, expenses \$2,808,305.07 or 78 cts per capita.

FIRING AT THE FLAG.

Some of the Garfieldites in Harris township have been firing at the American flag on the Hancock pole at Baalsburg.

The object being to shoot it down, at night. Gen. H. said, at the outbreak of the war, "If any man attempts to tear down the American flag, shoot him on the spot."

Men who support a candidate who has been found guilty of perjury and who has been in all the jobs to plunder the U. S. Treasury, of course will not hesitate to do this.

GARFIELD'S PART.

IN THE GREAT PRESIDENTIAL RASCALITY OF 1876.

"Carter, If you had the Cards Would'nt You Play Them."

(From James R. Doolittle's Speech at Indianapolis.)

All the world knows, that there is not an intelligent man in the United States of any party who does not know that the Tilden electors in Louisiana received the votes cast from 6,000 to 9,000 majority.

Mr. Doolittle, who is one of those who went to New Orleans in November, 1876, and returned to the fact. I quote what Senator Trumbull said upon this point as to facts stated upon his personal knowledge:

"It was precisely when the returns from every parish in that State were brought to New Orleans, and according to those returns, before they were detected and altered, made by the instruments of the Republican party, that the Tilden electors had a majority ranging from 6,000 to 9,000 votes. Gen. Garfield was elected in New Orleans. He knew these returns fairly elected Mr. Tilden President. He stood by when that infamous Returning Board, without law and by fraud rejected the votes of the people."

WHY THE SOUTH IS SOLD.

Hear a Southerner.

Congressman Chalmers, of Miss., in a speech, a few days ago said:

"That the most striking difference between the parties is in their treatment of the Southern States; and here again the difference between the parties is most strikingly exemplified by the individual opinions of their respective candidates."

With the exception of slavery, Hancock was for a restoration of the Union as it was. Garfield was for a destruction of the country, and a reconstruction of them.
