

From all accounts both in Europe and the United States, electricity promises to supersede gas in cheapness, as of course it excels it in brilliancy. A large part of London is now lighted with it. The effect is to greatly reduce the value of gas stocks. We notice also that the light is fast coming into use on the steamship piers at New York, to assist in loading and discharging, as well as other purposes. The White Star Company have adopted the system owned by the United States Electric Light Company. They expect to effect a reduction of \$100 per month on their gas bill, besides getting a better light. The Pacific Mail and State Line docks are similarly furnished with light.

ANOTHER TRAGEDY.

SAN FRANCISCO, April 17.—A Chico dispatch Friday night says: Henry Swearingen, a resident of Dayton, seven miles from here, shot his mother-in-law, Mrs. David Boucher, killing her instantly. He next shot his wife in the arm and, seizing her, placed the pistol to her breast, firing again with fatal effect. He then sent a bullet through his own brain. There had been some family trouble between the parties.

—New goods at new prices is what you will find at Dinges' store. He has just unpacked such a large stock that he can scarcely find room for it, and has marked all his goods so low that to go further would knock the bottom out.

THE CZAR GUARDED BY A SEXTUPLE CORDON OF SOLDIERS.

LONDON, April 21.—The Berlin correspondent of the Standard says:—The Czar still resides at the deminutive chateau of Gatchina, guarded by six consecutive cordons of soldiery. His Majesty is never outside the inner circle. Meanwhile the Antischkoff Palace, His Majesty's town mansion, has been intrusted to the guardianship of 300 men of the Pavlovski Guards.

According to to-day's Intransigent, of Paris, a nihilist manifesto announcing the approaching death of Alexander III, has just been received by all the Russian Ministers and court officials.

Now Ready.

I open the Spring Campaign with a complete stock in every Department. I have goods for all and at prices that I am positive cannot but give entire satisfaction. Having been to the city the past week and bought goods very low I can afford to give my numerous customers the benefit, therefore can safely say that my prices cannot be beat anywhere. All I ask to convince is a trial.

Respectfully
Clevan Dinges.

A TRIPLE MURDER.

GALVESTON, Texas 17.—A special from San Antonio to the News, dated April 15, gives the triple murder about seven miles from this city. Mr. Simmons, a heavy stock raiser, left his home on Sunday. Yesterday his herder, named J. S. Phillips, went out with his sheep. About noon Mrs. Simmons was found lying in the herder's room, with her throat cut and body bearing evidence of a felonious assault. An alarm was given, and soon after the bodies of Mrs. Simmons' child and her mother, Mrs. Parker, were found at the foot of an embankment one hundred yards from the house, their skulls crushed in with a rock. The herder seems to think that Simmons was the murderer, but he himself was arrested and committed without bail.

—All the brass bands in the county intend to meet on the 4th of July and give a grand serenade to the Philadelphia Branch clothing hall in honor of its being the place where you can buy a suit of clothes that is not shoddy or auction trash. Lewins will then make the "greatest effort of his life," and prove that his is the only reliable place for cheap goods.

Do You Know

why Clevan Dinges can sell goods so cheap? If not we will tell you.

1st. He is at very small expense, as everyone knows.

2nd. He need not make large profits to meet expenses, as his trade is increasing so rapidly that he can afford to mark away down and still come out all right in the end.

4th. He is fortunate in buying the right goods at the right price.

We would recommend him and his store to our readers.
