LOCAL ITEMS.

In some counties in the State hay is selling at \$28 per ton.

The Philadelphia Journal says the coal-put last week was over fifty-eight thousand tons.

Dinges has the largest, best-selected and cheapest stock of goodabout. Don't forget to give him a call.

Spring township, last year had a \$400 monetary loss, for treatment of its poor.

Forepugh's show will not visit Bellefonte. This leaves a line opening for Hindpugh's show.

It is expected that 2,000,000 tons of coal will be produced yearly in the new opened bituminous region of Centre county.

The invalid finds in "Dr. Landsey's Blood Searcher" nature's great restorer. It is wonderful.

The legislature has passed a resolution to investigate the State College. Senator Alexander is on the senate committee.

Mr. Wm. Emrick is still too ill to leave the house. Mr. John Himebach is not showing any improvement and confined to his chamber.

If you are poor, go to Lewins for your clothes, he sells at prices to suit the poor, anything a man or boy wants to wear. Try him.

The Y. M. C. A. held a public meeting at Tusseyville on Sunday afternoon last. The meeting was interesting and very well attended.

Centre Hall has a curiosity in the form of a four-legged chicken, hatched by a hen belonging to Mrs. Isaac Giff.

Don't fail to read Rowland & Newman's silver-plate this week. They have the largest and best stocks of goods to be found anywhere in this part of the State.

We are pleased to see John Smith able to be about again, after a very serious illness lasting nearly all winter. He uses a crutch which he hopes soon to throw aside, when he will do the honors behind Dinges' counter.

One of the largest and best selected stocks of goods has just been received at Dinges, and being offered at low prices. Don't fail to give Cleve a call.

A. J. Cassatt, of railroad fame, will build a barn on his farm in Montgomery county which is to cost \$21,000. Pennsylvania has some famous barns, but this will set any of them in the shade.

"Our Little Ones," for May is received. It is just such a magazine as little boys and girls want at \$1.50 per year, 149 Tremont st., Boston.

Millheim is threatened with another life insurance company. There are two subjects in Snyder county that would be profitable to the people. They are the policy holder—Bittinger and Erb, who will soon be hung.

Rev. Geo. Hunter, of Lewisburg, and pastor of the Centre Hall P. C. Church, honored the Bazarists on Saturday with a visit a few days ago. The charge evidently has a shepherd of whom it may well feel proud.

Notice the bargains offered by Rowland & Newman this week, and try and take advantage of them if possible. They mean just what they say, and you can't help but save money by purchasing from them.

A few days ago a party of tramps broke into the residence of Jonathan Weaver, some three miles below this place, and helped themselves to the provisions. They broke two locks to gain entrance. There was no one about at the time, and Mr. Weaver, who was in a field at a distance plowing, observed the fellows, as they took their departure.

A water-fowl of the grebe family (grebe) mysteriously made its appearance on the premises of Wm. Emrick, near town, being found in his yard one morning last.

How can there be a mystery as to why things are very short and things are very tight in light. Its feet are lobed (unlike other waterfowl) and is an expert diver. The species is very common in the northern parts of both continents.

When you want to buy goods cheap call at Dinges' cash store where you can be sure of finding a first-class stock to select from and at very low prices.

The Chinese giant has arrived at Philadelphia. His height is 8 feet, 9 inches. He was transported to Philadelphia from a suit of clothes.

GRAND OPENING, ON NEW SATURDAY AT PENN HALL—Maj. J. B. Fisher is at present in the city, buying his mammoth stock of Spring and Summer Dry Goods, Groceries, Notions, Hardware, Boots and Shoes, Hats and Caps, Wood and Willow-ware, Queens-ware and Glass-ware. Heady-made Clothing, Ladies' Trimmed Hats, etc. He makes his selections personally, and all can therefore be assured that the very best articles will in each case be selected. His long experience in the business has taught him to know the wants of the people. He expects to bring a larger stock than has ever been brought to West township, and we are assured that his prices will be lower than the lowest. Give him a call and take advantage of low prices.

When you purchase groceries at Dinges' you know you are getting the best. When you purchase elsewhere you find that you have an article that is not genuine. No firm in the State gives greater care in the purchase of goods than Seecher, and since they are doing business not a single customer has had reason to complain. This speaks volumes.

BLANCHETT'S. Mr. R. F. Wiser has opened shops opposite the Lutheran Church, at Centre Hall, offers his services to the people of this vicinity. In all the branches of blacksmithing. With many years of experience he feels his work will render satisfaction, and kindly asks a share of patronage. 7433m

Pool's Signal Service Barometer, or Storm Glass and Thermometer combined, for sale by J. O. Deisinger, Centre Hall. Price only \$1.00. Pretty and useful, should be in every family. 7433m

THE UNITED STATES SENATE is still at a dead-lock on the Mahone business, and the other day Don Cameron got his dander up at Ben Hill, when Ben was talking about the Mahone business. Don evidently was out of temper about something and felt as though he ought to come out, and as he entered the chamber he saw Ben Hill talking and just made up his mind to tell the great Senator that he was going to get the other fellow from Virginia, and then Daves pulled Don down by the coat tail and four senators picked up Don and carried him out of a bear story, when one senator was in the door getting ready to enter the outside watching for the old one, and it soon came along and entered, but the outside big took tail hold on Ben Hill, and he was carried out of the chamber. The outside big took tail hold on Ben Hill, and he was carried out of the chamber. The outside big took tail hold on Ben Hill, and he was carried out of the chamber.

THE PENNS VALLEY MUTUAL ASSESSMENT LIFE INSURANCE COMPANY.

The above company, which bears the favorite name of "Penns," was chartered March 17 of this year, with headquarters at Centre Hall, Pa. It is offered by some of the best men of that section, its president, Mr. S. K. Sankey, being especially active and industrious in the discharge of his duties, and the company has determined that this company shall live and thrive through fair and square dealing and in no other way.

Although but a month has elapsed since its incorporation under the laws of Pennsylvania, the business thereof is constantly supported by a board of Directors composed of the most solid, substantial, reliable and honest business men of that county, who, with him, are determined that this company shall live and thrive through fair and square dealing and in no other way.

It has already received the popular features of the mutual system of insurance. Time no space will permit us to enter into a detailed description of the distinctive features of the "Penns Valley," but briefly, we may say, it guarantees low assessments; non-forfeiture of Certificates after being a member for three years; after 60 per cent. of the value, living in benefit, and in the event of a member being held by policy, subject to no mortality assessments, and only liable to the annual dues, which are trifling; departments conforming to age, sex and condition of the insured, thus encouraging the comparatively young to insure at reasonable rates—the same being scaled according to age—in a word, it offers many advantages over other companies. We believe it to be conducted on sound business principles, and therefore worthy the support and confidence of those who are desirous of insuring on the plan mentioned.—Millinburg Telegraph.

Dinges has just returned from a visit to a stock of goods that he is confident cannot be beat for quality and price, and only as a trial to convince you.

A TRAIN ON THE CHICAGO, MILWAUKEE & ST. PAUL RAILROAD PLUNGES INTO THE RIVER.

CHICAGO, April 21.—The night express train, west bound, on the Chicago, Milwaukee & St. Paul Railroad, was moving at ordinary speed across the trestle over the Menominee river, one mile south of Albany, Wis., when the trestle gave way, and the train, without warning, was suddenly precipitated into the river. The train consisted of the engine, tender, baggage car, passenger car, sleeping car, all well down except the sleeper, which hangs over the end of the bridge at an angle of 45 degrees, the upper end being in the air. Two cars floated off down the stream, the passenger coach lodged against the island, forty rods away. The baggage car, the middle of the stream, about the same distance. Only the roof of two cars are now in sight. Engineer West, and a fire man, unknown, residing at Freeport, w. in the cab. The brakeman, Sam Linsang, the brakeman, Harry Myers, Messenger Daniel Baithrop, and Conductor Thomas Fuller, all escaped uninjured, except the latter. The engine and tender, and the baggage car, were wrecked, and the engine and tender, and the baggage car, were wrecked, and the engine and tender, and the baggage car, were wrecked.

THE GREAT BLESSING.

A simple, pure, harmless remedy, that cures every time, and prevents disease by keeping the blood pure, stomach regular, kidneys and liver active, is the greatest blessing ever conferred upon man. Hoy Bitters is that remedy, and its proprietors are being blessed by thousands who have been saved and cured by it. Will you try it? See another column.—Ely.

THE ALMIGHTY DOLLAR!

"The many have too few, and the few too many."

What is the use of wasting a dollar when you can save it.

Big prices will not do in these times when even the wealthy cannot afford to waste their money, and the poor require double duty of every dollar and every penny.

Not by favor but by merit alone will we maintain and increase our unrivaled reputation.

We deal in good goods and not trash, and believe the masses will patronize that house that sells the best Goods for the least money.

Buy for cash and at one price. Who can tell the waste of money when you get your goods of houses that buy and sell on long time?

This is the music and these are the notes that crowd our store, while other merchants sleep on their counters, little dreaming of the day of disaster and ruin awaiting all who buy on long time and sell on longer; who pay big prices and sell at figures that no people can afford to pay.

THE BEST WAY.

It regenerates the whole system and restores strength and vigor to every organ. Physicians use it in their practice and pronounce its action perfect.

THE LEHIGH SLEEPER.

AFTER SLEEPING SEVENTY-ONE DAYS BY THE SIDE OF A DEAD HORSE.

READING, Pa., April 22.—John Gymbler, the Hungarian who was being transported in a remarkable manner at the Lehigh County Almshouse for over two months, willy opened his eyes this morning about 9:30, and remained awake for five minutes. Soon afterward he arose from his bed, and walked to the door on a chair and started willy around the room. The attendant pined him in bed again, and went down after his breakfast, but on his return Gymbler had again got out of bed, and was seen walking about the room, looking dazedly about, and with his eyes wide open. He was given something to eat, but instead of eating, he merely seemed to have difficulty in swallowing, and ate very little. He had his eyes open all day, and has shown actual consciousness of things going on around him. He has not, however, been able to communicate by word or look anything regarding his present condition or how long he has been in the almshouse. The most noted physicians have been at a loss to explain the mystery surrounding the case, but instead of relieving him, the death of the patient or his entire restoration are entertained as probabilities. The apartment occupied by the patient.

ALLEN TOWNS, Pa., April 23.—John Gymbler, the Hungarian who was being transported at the Poor house for seventy-two days, and who was carried for the first time yesterday, rose again this morning at 8:30 o'clock. He bolted the door and jumped out of the window, falling a distance of twenty feet. He was alone in the room at the time. When he was picked up it was found that two of his ribs were broken and his spine so badly injured that he can hardly live.

THE MISSOURI FLOODS.

Iowa, April 23.—The situation of the food at this point continues to grow more and more alarming, as the water has been rising all day. The river now extends from the mouth of the Missouri to the mouth of the Mississippi. A large portion of the southern part of the city is inundated. Daily five hundred houses being surrounded. No trains reached here from any direction this morning, the only train in the Rock Island and Burlington road being compelled to stop several miles beyond the city limits and transfer their passengers to wagons and boats. Communication between this city and Omaha was suspended today. There are from five to a hundred stragglers in the city water bound.
