—Christina Hubler, widow of Thomas Hubler, formerly of Haines township, died at her home in Hublersburg, on Saturday, 30 ult., aged 80 years. Mrs. Hubler was well known to all in the eastern part of this valley.

—No other establishment in the state excells Sechler's for groceries, and few can compete with them. None in this county come up to Sechler's for genuine, pure and fresh stock, and completeness of assortment. No family should fail to call and examine Sechler's line of groceries.

—"Here, Johnny, is a penny for taking the note out to the office; it wasn't quite a mile. Now go buy yourself some candy, but don't ask for colored candy, that is poison and it might make you the gripes, and I wouldn't eat all the candy either, I'd hand some around to playmates.—yes, here are three of my little boys, I'd treat each to a piece of the candy. Always be liberal, Johnny.

ED. REPORTER.—What would you advise in the case of a person who regularly borrows and reads the paper at another's expense, yet is abundantly able to subscribe and pay for it himself.

A SUBSCRIBER.

We hardly know what to advise in such cases, they are too tough for powder; you might try about 25 lbs. of dynamite on such a one.

Lock Haven *Republican*, of the 27th: "On Saturday last, Harbor Policeman James Becker, to prevent a jam, was dropping a raft from its moorings, when the two men in charge quarreled with him. Christian Frankhouser, from Clearfield county, siezed a club and dealt Becker a fearful blow on the right side of the head, which severed the ear, fractured the skull, and in falling Becker's head and face was cut in several places. He was conveyed to his home in an unconscious condition, where the best medical aid ministered to his sufferings. The outer table of the brain is fractured and the symptoms are considered unfavorable. Frankhouser was arrested, and is now in jail awaiting developments in the case. The lumbermen at once proceeded to raise funds for Mr. Becker's family. Tuesday morning the symptoms were more favorable, but Becker's condition is critical."

ADVERTISING CHEATS.

It has become so common to write the beginning of an elegant, interesting article and then run it into some advertisement that we avoid all such cheats and simply call attention to the merits of Hop Bitters in as plain honest terms as possible, to induce people to give them one trial, as no one who knows their value will ever use anything else.—Providence *Advertiser*.

THE DESTRUCTION OF THE BRITISH SLOOP OF WAR IN THE STRAITS OF MAGELLAN.

LONDON, May 4.—Later advices from Montevideo state that the British sloop of war Doterel, which was blown up in the straits of Magellan on the 26th ultimo, was totally destroyed and sunk. The explosion occurred in the forward magazine at 10 o'clock in the morning. It is supposed that the boiler burst and exploded the magazine. The victims of the explosion on the British sloop of war Doterel number eight officers and 135 men killed. Three officers and 14 others were saved.

DESTRUCTIVE FIRE AT HOUTZDALE.

HOUTZDALE, Pa., May 6—A fire occurred here about 1.30 this morning, destroying the Post Office building and contents, C. W. McCaulley's drug store and contents, J. S. Moore's meat market, Mrs. Jennie Smith's millinary establishment, the residence and store of A. B. Ashton and the law office of W. A. Chase. The origin of the fire is unknown, but the first alarm arose from a terrific explosion in the hardware store of C. W. McCaulley. The flames then spread with great rapidity, and the occupants of the various buildings escaped through the second-story windows in their night clothes. It was only by the most strenuous efforts of the citizens that the entire business portion of the town was saved.

SPECULATIVE LIFE INSURANCE.

The following action was taken at the annual meeting of West Susquehanna Classis, of the Reformed church in the U. S., held at Selinsgrove, Snyder county, Pa., May 4 to 7, 1881.

WHEREAS, almost the whole territory of the West Susquehanna Classis is covered by what is commonly known as "speculative life insurance."

Resolved, 1st, That we regard this business as fraudulent and wrong in principle and very demoralizing in its effects.

2nd, That we hereby earnestly exhort all our people to discourage and shun this business as a great public evil, hurtful to the church and to the state as well as to the individual.

3d, That our pastors try to secure the early publication of this action in the various county papers which circulate among the people.

THE NEW APPORTIONMENT.

[Harrisburg Patriot.]

After an incubation of five months the House Committee on Apportionment through its chairman, Billingsley, has made its report. As might be imagined from such an origin the product it a scorpion. Democratic counties are carved up ruthlessly in order to elect Rrpublican representatives while Republican counties of like population are left intact. Its author boasts that the bill will give the Republicans seventy five majority in the Legislature on joint ballot on the basis of the Garfield vote. But there is no danger that such a monster gerrymandering villainy will meet with the approval of the honest and fair minded portion of the Republicans of the present Legislature. They will spurn it with the same contempt which they must entertain for its author.

The Philadelphia portion of the gerrymander is the work of ex-Sheriff Leeds and some other members of the city ring who were in conference with the apportionment committee a few nights ago. The rest of the State was left to the chairman. But there was no intention of passing an apportionment bill at this session and it is now too late. This job was carved out for an extra session of a hundred days. It will never pass through this Legislature either at a regular or an extra session. Mr. Billingsley and his committe have exposed their partizan unscrupulousness to no purpose.

EUROPE IN THE RELENTLESS GRASP OF THE REVOLUTIONISTS.

LONDON, May 5.—A Vienna dispatch says: Beneath the pomp attending the preparation for the fetes on the entry of the Princess Stephanie into Vienna on Monday next, and marriage the following day, is an undercurrent of terror based on the belief in a general revolutionary movement of the Nihilists in Russia, Austria, Germany, and Italy. The Nihilists are perfectly organized, in complete communication, led by intellects close to every throne in Europe, and able to forecast and thwart every Government movement, and have an organization protected by impenetrable mystery. It is felt all over Europe that some simultaneous general movement is being prepared by the Nihilists for a terrible blow at royalty. It is believed that the next few weeks will witness tragedies in many countries that will shock the world. The general expectation is that the Czar will be assassinated, and his death will be the signal for a series of tragedies. The Nihilist agents are on the fly all over Europe.

A St. Petersburg dispatch says: It is found impossible for the Government to get into the Nihilist circle, the Nihilists being too loyal to one another, too well informed and too intelligently organized. For instance, the government has learned that one of the rules of the Nihilists is, that every member shall return to his lodgings every twelve hours, when one of his companions pays him a visit to see if all is right. When the visit of the inspector is made, if the lodger is absent it is concluded he has been arrested, and the inspector makes away with everything of a compromising nature. The same rule forbids any Nihilist arrested to tell his name or address till twenty-four hours pass.

The discovery of this rule was made by the police in the case of Isaieff. No torment could draw from him his name or address until the day after the arrest, when he gave both. The police went to his house and found nothing but a pile of ashes before Isaieff's fireplace.

This discovery tends to increase the Government's dismay at the completeness of the danger surrounding it, as, in order to even find out who the Nihilist inspectors are, it would have to ascertain the identity of every man found making a visit.

COMPLICATED DISEASES.

A prominent gentleman in Cerro Gordo county, Iowa, writes us that he finds Kidney-Wort to be the best remedy he ever knew for a complication of diseases. It is the specific action which it has on the liver, kidneys and bowels, which gives it such curative power, and it is the thousands of cures which it is performing which gives it its great celebrity.

—Go to Lewins for a child's suit if you want something cheap; Lewins can give you a suit for your little one as low as $1 50. It dont pay to steal clothing when you can buy it so low at the Philadelphia Branch.

A mad dog at Springhill, N. S., bit seven children, three men and one woman before he was killed.

Thomas A. Scott has had another stroke of paralysis.

The *Journal for the Household* is the name of a monthly paper published by Messrs. Strawbridge & Clothier, the Dry Goods Merchants at Eighth and Market streets, Philadelphia. It is devoted to fashion, literature, art and science. The May number, just out, is handsomely printed and richly illustrated, full of entertaining reading matter. It is, more than anything else, a fashion paper, in which ladies can find a great amount of very valuable information concerning the newest modes, and many hints respecting selection of materials. It will be a welcome visitor in every household in which the question, "What to wear?" requires continually to be answered. It contains an eight-page supplement, richly illustrated, which is devoted wholly to the business of the publishers.

The present issue contains over a hundred illustrations of dry goods of all kinds, with the prices, and is invaluable as a shopping guide to out-of-town consumers. Those who examine this will obtain a very vivid impression of the remarkable resources of this great establishment. The *Journal* with the Supplement is offered at the low price of twenty-five cents a year.

Every one of our lady readers should send for a specimen copy.

WONDERFUL POWER.

When a medicine performs such cures as Kidney-Wort is constantly doing, it may truly be said to have wonderful power. A carpenter in Montgomery, Vt., had suffered for eight years from the worst of kidney diseases, and had been wholly incapacitated for work. He says, "One box made a new man of me, and I sincerely believe it will restore to health all that are similarly afflicted."

Female complaints are the result of impure blood, Use Lindsey's Blood Searcher.

THE

Capitol of American Clothing

Oak Hall,

S. E. Cor. Sixth and Market Streets, Philadelphia.

THE

1861—20th Spring—1881

Twenty years of lessons in how to make and sell the best clothing. We have begun the twenty-first. All that we have found out about it, we have put into practice in making up the 2½ acres of clothing that you will look at for our trade; it is the very largest retail clothing stock in the country; worth every cent we ask for it; and we guarantee every article.

More and Better Materials in
More and Better Clothing in
Lower and Fairer Prices in **Oak Hall**

Than in any other retail clothing house anywhere within reach of American money.

The secret of our great business is only this: Doing our level best to make up the right kind of clothing, and having made it right, then counting the cost, and

SELLING AT THE RIGHT PRICES.

This we have been doing for twenty years; and have clothed over hundred of thousands,—old and young.

This Spring we Overtop every Past Spring.

The spring has been so backward that we have had ample getting-ready time, and the extraordinary stock of clothing that every man and boy may choose from is without equal in America. The stock is something wonderful.

SOUND AS HONEST WORK CAN MAKE IT.

The best sewing on the best cloths, the best trimmings, the best styles, and the best money's worth that can be put into clothing anywhere. It is a great thing to say, that not another house in the land can do so much in clothing you so well. The cloths come direct to us; we buy them largely; we make up the clothing in our own well-ordered ways,—knowing all the things that belong to making clothing well,—and they will go direct from us,—the makers,—to you,—the wearers,—not a profit between. That's why OAK HALL has the lowest prices, as well as the best clothing.

During the past ninety days we have, in making up this new spring stock, so improved the patterns, our ways of making, and minor details that this spring's exhibition of ready-made clothing might be fairly called

READY CUSTOM-MADE CLOTHING.

Being far in advance of any hitherto offered for immediate wear. This applies alike to Men's and Boys' Clothing.

Our Custom Clothing Department improves every year. We make to order from the finest fabrics, and believe we do the best work that can be done.

Orders by mail are filled with the same promptness and care that would be given to serving you in person.

Extending the compliments of the house, and a cordial invitation to everybody to come and see, and make trial of the 1881 Spring Clothing.
