These goods are manufactured by ladies who have made the wants of ladies and children a study, and they ask us to refer them to some reliable and energetic lady to introduce them in this county, and we certainly think that an earnest solicitation in every household would meet with a ready response, and that a determined woman could make a handsome salary and have the exclusive agency of this county. We, the undersigned have examined the accounts and certify to the correct ployment to send to the Company her name and address, and mention this paper.
