

THANKSGIVING DAY.

History of the Day in Old Proclamations—Partisan, Dutch, Patriotism. Thanksgiving days are sequents of part warfare. They become retrospecive periods during which the divine bestowals of private and public blessings are gratefully recognized.

As described by an officer of the army the day was observed at Valley Forge in an enthusiastic manner. "Lead Wednesday" was set apart as a day of general rejoicing, when we had a joyous concert with the greatest choir and regularity. The army made a most brilliant appearance, after which His Excellency dined in public with all the officers of the army, attended by a band of music.

Those who will not be consoled cannot be helped. If you do not hear reason she will rap your knuckles. Language is a revealer of character, and that which a man would conceal by his acts and manner he cannot hide in his words.

There never were in the world two opinions alike, no more than two hairs or two grains of wheat. The most minute quality is diversity. They who are weary of life, and yet are most unwilling to die, are such that have lived long enough to have suffered death.

When you have learned how to live well, you will know how to die well. Do not worry if you do not know how to die, but be sure you are ignorant of men. Not to correct our faults is to commit new ones.

Consideration cannot be too careful, for though it cannot be too circumspect, yet it is not too liberal. The best way to insure these results is to confine them strictly within their proper limits, and never to permit them to exceed the limits of prudence.

Chinese Pirates. The towns contain a due number of boat cheats, and the best of these are the most successful. All along the Blue and Yellow rivers are found rascals who have been made rich by piracy and fraud on slender profits.

South and West. The Minnesota legislature elected William Washburn secretary of the treasury, to the United States. The Michigan State Central committee for the relief of the sufferers by the recent frost has received a check for \$10,000 from the State.

Foreign News. There has been another earthquake in Austria-Hungary. A number of houses were destroyed in the city of Vienna. Baron James de Hottenthal, a member of the noble family of European financiers, died a few days ago in Paris.

From Washington. The reception given the other night by Secretary Blaine at the Waldorf, in Washington, to the members of the press, was one of the most brilliant entertainments ever given in the city.

WISE WORDS.

Those who will not be consoled cannot be helped. If you do not hear reason she will rap your knuckles.
