AL, GRAIN AND PLASTER.

About four years ago I bought om Shortlidge & Co. the proper-I now occupy, for the transacon of the COAL, GRAIN and PLAS-ER business. In that time the usiness has almost trebled itself, nd is still growing. The reasons re apparent. It has been done y close attention to business and air dealing with all. At present ur stock of COAL cannot be eaten, in either quantity or qualy, in any town of the size in the tate-and we are selling the same t fair prices.

We also pay at all times the ighest cash prices for GRAIN f all kinds.

The PLASTER season will soon e here, and we will have on hand om this time on, a good supply the well known ONONDAGO LASTER, which will be sold at near last year's prices.

We have also a large stock of oarse Grains, which we are sellng at VERY LOW figures, conidering the scarcity. Can furnish ORN and OATS in any quantity. dur facilities for shipping in CAR ors are good, and we would be leased to name prices to any who re in need.

LAWRENCE L. BROWN, Bellefonte, Pa.

AT THE SIGN OF THE ANVIL IN BELLEFONTE, PA.

You will find the Largest stock of Hardware and Stoves that is kept for sale by any one dealer in Central Pennsylvania, at prices that defy competition—and I would here say before I commence to enumerate my specialties, that my motto is, not to be undersold for the same quality of goods; having relatives and friends in the manufacturing and jobbing trade I claim to buy goods low, consequently can and will sell them low. Thanking you for your past favors and trusting that I may have a continuance of your patronage, I will now call your especial attention to the following

That I am sole agent for the South Bend Chilled Plow, which has been sold in this County for the past three years. The name of this plow is enough, alone, without going into the details of its superior advantages over all other Chilled Plows. Write for circulars and

Next comes the Improved Susquehanna Cook Stoves-I have had the control of these for many years, and they are known throughout the County as being the Heaviest in metal, consequently wear longer than any stove made—many of these Low Priced Cook Stoves are made from scrap iron but these are not, and I guarantee them for one year against be age, and to do their work satisfactorily. I have in addition to these, many other styles and makes of Stoves and ranges, to many too attempt to mention here.

Next is the Reversible Plow Share for which I have the control of the County; it fits all the chilled plows and some control of the County; it fits all the chilled plows are some search and the country of the co vested in this share will go as far as \$3 worth of solid shares. Next I have in addition to my business a first-class Tin-shop

with a complete line of new tools and machinery, under the supervision of Philip Davis, who is a first-class mechanic—if you want good tinning, roofing

spouting, &c., done, call and see us before you make a contract. Next-don't throw away your old stoves but buy the repairs for them; I can furnish repairs for any stove manufactured in the United States.

NEXT-For the past two years I have been running the Logan Cement Works near this place, and have Mr. Henry Womer superintending and manufacturing it; every barrel

is guaranteed-the quality is not now questioned. I would like to mention many other points, but space will not admit it. Write for quotations. Orders sent by mail receive just the same attention as though the party were here in person. All I ask is for my friends and customers to call and see me. We all like to show goods and I think that I have genthemauly Salesmen to greet yo

BELLEFONTE ENTERPRISES.

With the New Year Bellefonte promises to develop into the most prosperous of our inland towns-enterprise after enterprise is being started by the capital of our public spirited citizens. The Car Works are running to their full capacity, our Glass Works are opening with every show of success, the Steel Works will give employment to 100 men, the Nail Works, (for whose success Gen. Beaver vouches,) will shortly offer employment to hundreds of people—all these public enterprises will put Bellefonte in the van of prosperous and wide-awake towns. Here then is room and place for lively, spirited and active young men. Among the best and most successful business enterprises organized recently is the LARGE AND WELL FILLED FURNITURE ROOMS OF JOHN PROUDFOOT & CO., opposite the Bush House-nothing like it in the County. If visitors to Bellefonte will only take the trouble to call at our Store, they will be surprised at the quality, style and prices of firstclass Furniture. We are aiming to buy all goods directly from the manutacturers without the intervention of agents, so as to offer goods at bottom figures. ONE PROFIT is sufficient. We propose to fill your homes with Parlor Suits, Bedroom Suits, Sofas, Odd Chairs, Tobles, anything and everything in Furniture at prices lower than you can get in this County. We mean just what we say.

We also offer the public the services of Mr. John Proudfoot, who has a thorough knowledge of the UNDERTAKING business, and who will keep on hand, COFFINS, TRIMMINGS, &c. Fair prices only will be charged. Give us a trial.
