The bear was perpended from the contract of the contract o

Mr. J. R. Randall writes from Wash-

ington to his paper, the Augusta (Ga.) Chronicle: I think the great corporations are often deceived by the lobby

committee and required to testify under gained such headway that the local department were made and resolutions denouncing the The protions of land used for cultivation are taken irregularly in various parts of the estate, according to their proximity to these. Each has its name, as Las Animas, San Antonio the Larger, San Antonio the Larger, San Antonio the Less.

But it is a grazing country, and the chief industries are the raising of animals and the making of butter and cheese. The greater part of the cattle are hornless, which is effected by a simple process of searing the tender horn when sprouting, after which it does not increase. The idea is worth attention by American farmers and those who have to do with the transportation of cattle. The call here remains with its mother under all circumstances. It is a quaint sight at milking time to see it lasseed fast to its mother, whose hindlegs are also lassoed, waiting
