

THE GREAT STORM.

Little Rock, Ark., 13 inst.—A special from Jacksonport, Arkansas, says:—"We are in the midst of the most destructive overflow that has visited this section for years. The water stands 31 feet 8 inches above zero point, and has fallen 3 inches. There is not a foot of dry ground in the town, except Jefferson street, which affords a refuge to all the stock the citizens possess. Quite a number of persons have been compelled to take refuge in the upper stories of store-houses. The whole country around is one sea of water. Large portions of Oil Through and Big Bottom are under water, and the damage to the wheat crop is very great. The present flood is the highest since 1867. If a second rise should come everything will be lost.

PROPERTY DESTROYED BY RAIN.

New Albany, Ind., 12 inst.—The heavy rains of the past few days have wrought great destruction along the villages of the White and Muscatuck river. The entire country in the valleys of these rivers is inundated, and the farmers in Jackson, Lawrence and Martin counties are heavy losers. Fifteen miles of the track of the narrow gauge railroad are washed out and the fencing has been carried away, and in some places entire crops are destroyed.
