I am against it, now and forever. This where. I am against it, now and forever. This Republican county has only one office at Washington, and you are not interested it spoils. Let the young men of the country look forward with proper ambition, but do not demoralize the rising generation by making them political tramps. I can't and won't give my time in looking around to get an office to get someone out to put you in. [Applause] Let the best man go into the offices, and if he is a Democrat, let him go in. This is what I mean by civil service reform. We must have the Cabinet and higher offices filled with men who will represent the party policy but he minor offices ought to go to the best men. When I voted for Garffeld I did not yote for a prostitution by the civil service, such as we are now seeing, and the revolution is coming because of this disservice, such as we are now seeing, and the revolution is coming because of this disvegard of the peoples'r ghts in using the civil service for personal ends.

I defy the President, I defy Mr. Cameron to say that I ever begged for an office in Washington. This is not an effort to defeat any man or men, but candidates who represent autocratic power. The Cameron ticket did not go to the people for the offices, but every man from Beaver down went to the bosses except in the case of Marshall.
