A watermelon contains about five per cent. of the purest sugar, and nothing has yet been discovered that furnishes so perfect and speedy a "cure" for Summer complaint as a festive watermelon. Even when diarrhoea has been kept up by the continued eating of ordinary food, and the disease has become chronic, this delicious beverage, for a little more watermelon, taken freely two or three times a day, has again and again been known to work wonders and to "cure" when all the usual remedies have failed.—Food and Health.

—Brackbill's furniture rooms—the oldest in the county—have more goods than all others put together. If Pennsylvanians people go to Bellefonte it is worth while to go through Brackbill's establishment and see his handsome parlors, dining rooms, bedrooms, and all descriptions of furniture, in fact any thing desired in the furniture line—home or city market. It is the old, reliable stand, that never cut shoddy on a customer.

The following are the particulars of the death of Robert Pruner, of Bellefonte, mentioned in last week's Reporter: On Friday evening, 11 instant, about 10 o'clock, he was walking up the main track in the Pennsylvania Railroad Company's yard at East Tyrone, when Engine No. 780 was pulling a train of a siding prior to going to Lock Haven. As the engine was backing down at the time Pruner was in the way, he was knocked down by the right arm being broken at the elbow and badly mangled. He was transported by the Company's surgeon above the city, but the unfortunate man died, not recovering from the shock, death occurring at 6 o'clock the next morning.

PHOSPHATE AND DRILLS. The Buffalo Phosphate is being offered in this county for \$2.00 per ton, but why buy when you can get the COMPLETE BONE MANURE from J. G. SANKEY, at \$2.00, UNION DRILL, furnished at a bargain. Arrange with JOHN G. SANKEY, Centre Hall, 172d.

ENCOURAGING. Having been encouraged by the steady increase of business, I have remedied, well to the interest of agriculture, the want of the internal exchange of the county. I have now a large stock of goods, and am very attractive to my customers. I would not want my customers for their liberal patronage in the past, and will continue to do the same. My stock is as near full as possible. A complete communication with the principal Druggists of New York and Philadelphia and all the best drug stores in the country, and you will see that I am not a cheap dealer, but a dealer who enables me to sell just as cheap as any other drug store in the county. All business with me is strictly on cash terms. J. D. MURRAY, Centre Hall, 172d.

# WOMEN IN THREE RIVERS FOR BIDDEN TO WEAR BANGS OR PLAY ANY BUT CLASSICAL MUSIC.

Montreal, August 14.—Bishop Lacombe, the distinguished ultramontane prelate of Three Rivers, a small city of 4,000 or 5,000 inhabitants, had a pastoral read in all the churches of his diocese last Sunday, prohibiting, under pain of excommunication, the playing of any kind of music not classical in families or public assemblies. He also prohibited under a similar penalty the ladies of his faith wearing (tinted) hair and artificial bangs. The practice of wearing tinted hair and bangs was not in vogue there, but was beginning to increase rapidly. It is said that the pastoral has met with the concurrence of Bishop Bebra, of this city, who will probably issue a similar one.

It is well known, of course, that the Catholics of Canada are governed by the canonical rules, which do not hold in the missionary country; but it is only within the past decade that rules for their guidance apparently arbitrary were announced by the bishop. Shortly after Mr. Faur's appointment as Coadjutor Bishop of Montreal, the use of brass or stringed instruments was forbidden in the churches—an act which was followed up by the exiling of the women from the choir and the prohibition of the plain Gregorian chant for the flower and operatic music which had been treated the plain Gregorian chant, to allow masses, except priests, to attend the exercises of their scholars, so that only the most modest and female relations of the young ladies are present at their Communion exercises. These rules were obeyed in Montreal without a murmur, and now the interior of the Catholic church and its services present a picture to the stranger. In the country itself crosses and altars by the roadside are Brockhoff's and at the same time the angel bell the good Catholic souls and prays.

When the cure drives abroad, carrying the sacrament to the sick or dying, he rings a bell in his chariot and the good habitant, bows his head and kneels, as well as in the country on the Feast of Corpus Christi, the sacrament is carried by a priest, followed by a band of children, under green arches and over verdant trees, were the first to greet the delegates and officers of the convention.
