Lawyers are about as expensive to deal

the party of economy and reform. Im nse reductions in the amount of Feu al revenues are proposed to be made But why were not these public burden lessened long ago? Democrats devoted he last session mainly to the purpose of reducing xation. To evade it the Tar If Commission was instituted, and the viver and harbor bill enacted. Too latcomes this outrcy for "reform." Nobod. van give the party credit for honesty purpose which has prosecuted plans of public plunder and indescribable extravagance through twenty years. It has thwarted every Democratic scheme of economy, and even spent millions, and ased Federal offices as a monstrous coruption fund. This freshly awakened zea of new converts is not trustworthy, and nobody will have faith in Republican in tegrity and public virtue while Jay Hub bell's name lives in political history.

Sunbury is happy over the prospect of having a silver mine and smeiting work: The Sunbury papers say the mine has been disposed of by Messre. Donly & Maker, who had leased the ground to Boston company, of whom Prof. Binn, at experienced assayer of precious ores, 1 sident. The ore taken from the min is reported by the professionals who exomined it to be a high grade of silve ead. The essay of the first ore take from the mine resulted as follows: In onon, 940 pounds of lead and six two-thire sances of silver. The proportion of least is forty seven per cent. The second e any of ore, some thirty feet from the first urther in the mine, resulted as follows In 2,000 pounds, 1080 pounds of lead, tw and one third ounces of silver. 'Lead, 5 per cent. The company propose to erec emelting works at Sunbury, and desi the citizens of that town to take \$25,00 worth of stock in the company to secur the buildings of the works there. The blishment would employ about one bundred men. The Sunbury papers are strongly urging the capitalists to come forward and secure the new enterprise.

-Any of our patrons wishing to giv us a Christmas gift can go about it b paying arrears and if not in arrears ad vance pay will be viewed by us in th same light. If our readers will heed this It will enable us to make a contemplate improvement upon the REPORTER begin ning January next, which is for the ber efit of its readers as our Christmas gif to them. Persons who have taken th paper a number of years without any re ponse to dozens of bills sent them, will be dropped from the list, we cant affor so send them the paper without eve getting a cent as pay.

OSTRICHES AND OSTRICH FARM ING.

A paper on the culture and propaga fion of the ostrich was read by Mr. C. J Scetchley, of London, before the Farmer's Club in Cooper Institute, New York. Mi Scetchley is the proprietor of the os triches now in Central Park. Mr. Scetch ley said that it was an essent matter Cho in Cooper Instance, Sectobley is the proprietor of the os-triches now in Central Park. Mr. Secto-ley said that it was an easy matter to ley said that it was an easy matter to raise ostriches. They are very healthy and few diseases are known to exis among them. The mortality among them is only 10 percent, and they live t the age of eighty or a hundred year the older they grow the better they is The older they grow the better they la and breed. A full-grown ostrich is from four to four and a half feet in height, but above the ground. The beak to eleven above the ground. The profits de-from one pair of birds-valued a U-were in four years \$25,600. The
