ABOUT ROAD TAX.

The supreme court of Pennsylvania has rendered several decisions of general interest in the matter of road tax. The right of farmers to work out their road supervisors in a few townships insist that the tax must be paid in money. A test case has been decided in favor of the taxpayers, and their right to work out the tax distinctly and finally affirmed. In other cases collectors of road tax have claimed a commission on the part worked out, as well as that paid into the township treasury. The supreme court decided that all claims for such commission should be rejected, the working out of a tax imposing no labor on the collector or treasurer, but on the supervisor, who is paid for his services.
