Foot ball is all the rage among the students at present.
"Vanderbilt" is the name of a new town seven miles from Phillipsburg.
Rev. Felker, years ago Luth. pastor at Aaronsburg, has accepted a call at New Berlin.
The tobacco on the Hoffer farm, west of town, is growing nicely and promises a large crop.
Rev. Goodin, of York, has accepted a call to the Salona charge and will take charge very soon.
"Cholera morbus bums" in the shape of green watermelons have made their appearance on our streets.
Farmers should not have cut their oats so soon—the wind blowing over the stubble has brought on the cold weather.
Potatoes are down to 50 cents a bushel in Dauphin county. In Centre county they are down in the ground yet.
Spiglemeyer, of Spring Mills, will take notice that the Greenback State convention will meet at Williamsport, August 30.
The Alpha Literary society was reorganized upon the opening of Prof. Hostermans' school. Jas. H. Lehr was chosen President.
In several weeks the hunting season will open. We hear of fellows killing game already, such parties should be brought to justice.
This year huckleberries are not as plenty as usual, though at some places abundant crops are reported and sell at from 4 to 5 cents per quart.
Dr. Huston of Nittany, had the sad news Tuesday morning of the sudden death of Mr. James Huston, a brother in Burlington, Kansas, of apoplexy.
It is said that the largest county in this State is Centre, which contains 785,280 acres, and the smallest is Montour, which has only 89,600.
At this time of the year a great many people are troubled with malaria. Our altitude and the absence of stagnant water and marsh grounds render our town free from these troublesome summer complaints.
Mr. Henry Meyers, a former typo and graduate of this office, who has been working in the American Freeman, Albany, Mo., for some time, left that position and has gone to some part of Indian Territory. May success follow him.
The meetings of the Y. M. C. A. of this place, have not been attended very well during the last month, especially the regular Sunday afternoon meetings, which have not been held for some time on account of the lack of attendance.
The most of the Pennsylvanian townships instructed for John Rishel, of Potter, for Associate Judge. The other side of the county went nearly solid for Dr. Smith, of Pine Grove Mills.
There is an English lord at Long Branch, an earl at Newport and a prince at Cape May, and they are social lions, more or less. And we might add every bugger of 'em wears clothes bought of Lewins & Co.
Mrs. George Rhebin, of York, recently prematurely gave birth to four children—all boys. She is 40 years of age, and has a family of twelve boys. Well, Centre county does not compete with York in this respect—let York take the cake.
According to one of our western exchanges, Mr. D. R. Foreman, formerly of this place, who has been working at printing for some time and clerking in a drug store, intends to return home this week. It is about two years since he left this place.
A very handsome monument, of Rutland marble, was put over the last resting place of John Shannon dec'd. It is an obelisk in shape, faultless in its proportions, and polished in the highest style of art; it is 5 or 6 feet high, resting upon a solid white marble pedestal. This elegant piece of workmanship comes from the Millheim Marble Works, and is a fair specimen of the work turned out there.
For the benefit of the fair readers of the REPORTER we clip the following: The New York Sun gives the following item, which will be of interest to the fair sex: Engagement rings are generally worn on the third finger of the left hand. But in Brewer's dictionary of phrase and fable, we find that if one is willing to marry, but not engaged, a ring should be worn on the index of the left hand; if engaged, on the second finger; if married, on the third finger, but if there be no desire to marry, on the little finger.
Diamond Drip syrup, the finest and best article ever produced—at Ding's grocery. Only try it.

Telephone communication can now be had from Centre Hall with Bellefonte, State College, Boalsburg, Snow Shoe, Tyrone, Altoona, Lock Haven and Wilkesbarre and intermediate points. Curiosity led us to call at the Bellefonte exchange, to observe the manipulations of the wires there for the various lines. A new switch board had been put in the day before, which is quite a handsome piece of mechanism, and to the looker on, it would seem as if the lady operator, Miss Keiser, were playing chess, while she was only planting around the pins to answer calls connecting with different points required. The lady is kept busy thus all day, and may have as high as a dozen "calls" in a few seconds, which she attends to as promptly as possible. Persons using the telephone frequently and finding a seeming delay will learn from this that it is all from calls for the exchange falling too thick some times that causes the delay until all can be signalled. Miss K. is certainly obliging and an expert and doing her best.

Mrs. Korman, mother of Henry Korman, of Miles, visited relatives in this place last week. She is probably the most aged person in our valley, being 92 years of age. She belongs to the now almost extinct race of pioneers of our valley, and like many of the sisters of her day lent a hand at clearing the soil and rendering the wilderness habitable, besides being the mother of a large family, who were reared to be among the most useful and respected of our citizens. The aged lady is still able with the aid of a staff to visit her neighbors and has an unimpaired intellect, which seems to vie with her physical nature in endurance—both apparently bidding fair to have several years of vitality yet in store and right gladly does the Reporter wish mother Korman a realization of it.

The Reporter's office is indebted to Dr. Jacobs for a serenade on last Friday morning, by telephone. Our office being called the Dr. treated us to number of tunes from the organette in his office, the music being plain enough to step it off in our sanctum. "Lookers on" at Bellefonte, Pleasantgap and this place also enjoyed the music by telephone, but as soon as the Reporter "devil" proceeded to pass the hat, the audience dodged.

N. B.—Since writing the above we learn that it was Rev. Fischer who performed the music from an organette in Dr. Jacobs' office—had we known this sooner, we would have said nothing about "stepping it off," but now it is out.

On last Friday while Mr. Samuel Treaster, living in the mountains on the southern side of Potter township, was threshing grain at his barn, the belt on the machine caught the shirt-sleeve of the one arm of his son, aged about 13 years, and drew it on the revolving pulley, twisting the unfortunate boy's arm, severely and breaking it in several places. The arm was so badly mangled that amputation became necessary. Dr. Jacobs was called and did all in his power to relieve the suffering boy.

Some of the walks in our town are still holey—if one should sustain an injury thereby it might cause a hole in the pocket-book too. The walk leading to the school house is yet unfinished and the scholars have been tramping through mud, snow and water for the past two years, although the material is on hand, only requiring a small amount of work to lay it.

The new house to be built by J. C. Flood on California street, San Francisco, will be the finest residence in this country. It is to cost about \$5,000,000 without the furniture, which will cost perhaps \$2,000,000 more. Every room is to be frescoed by artists brought from Italy for that purpose. He has notified Sechler's that he intends to buy all his groceries there, because they keep the best and purest.

The 14th annual convention of the Centre County Sunday School Association, will be held in the Presbyterian church, at Spring Mills, Thursday, August 23, with Lorenzo, afternoon and evening sessions. Each Sunday school is invited to send two delegates.
Mr. Joseph Crozier, on last Saturday, was kicked by a horse—both feet striking him, one on the breast and the other on the shoulder. Fortunately he was not seriously injured.
Mr. Stover of the Bellefonte Marble Works, puts up No. 1 jobs. He is supplied with the finest kinds of marble, and can furnish any work in his line equal to anything from Philadelphia and at the most reasonable figures.
Dr. Jacobs is still improving his home, and with a great deal of labor has made last year what was once a rather uninviting premises. One can improve things even if dirt is used to do it, along with paint, etc.

Brackbill calls attention to his unsurpassed stock of city and home made furniture, exceeding any thing in variety and elegance ever before seen in Bellefonte. It is the oldest establishment of the kind in this part of the state, and has gained a reputation for fair dealing in this and adjoining counties that any business man might feel proud of. Better bargains in furniture than at Brackbill's are offered nowhere.

SPRING MILLS, PA., Aug. 13, '83.
All persons who will attend the Sabbath School Convention here, on the 23d inst., and want to secure homes beforehand should address the committee of entertainment as early as possible.

Mrs. FLORENCE J. REARICK,
Committee.

Last Wednesday forenoon, Mr. John Bowen of Kelly township, this county, was killed by the train on the L. & T. R. R. It appears he was in a buggy driving from Lewisburg to his home. He did not notice the train and drove across the track. The engineer of the train could not stop in time to save him. Mr. Bowen and the buggy were carried some distance, and thrown to the side of the track. The horse broke from the buggy when it was first struck and he was not injured. Mr. Bowen was taken up unconscious, and soon after died. His remains were interred in Lewisburg cemetery on Friday. The deceased was in his 71st year.

We learn that last Friday evening, Mr. Samuel Hassenplug, residing in Milliford, during the absence of his wife, attempted to commit suicide, by cutting himself across the stomach with a butcher knife. The return of his wife prevented his attempt from being successful, she calling in assistance. The wound is not serious. Hassenplug's mind had been impaired for some time.—Lewisburg Journal, 8.

RAILROAD MEETING!

By the request of a number of subscribers to the L. & T. R. R. this call is issued for a meeting of the stockholders and landowners along the line of the road, to be held AT CENTRE HALL, THURSDAY, AUG. 30, to consult what action to take with reference to the refusal of the Penna. RR. Co. to carry out its pledges to our people in regard to the completion of our road, after having collected the stock, and cut up the lands of our farmers. It is hoped that all, desiring the completion of the road, will show up by their presence. Let there be a large turnout, and one more effort for our rights.

Editor Reporter:—Please allow me a short space in your valuable paper to say a few words in regard to Mr. J. C. Condo's coach shops at Penn Hall, Pa., as I understand there are some who are trying to misrepresent his shops and work done by him. Mr. Condo, has under his employ none but first class mechanics, and his reputation as a builder of fine work, cannot be excelled. He uses none but first class stock and puts first class stock and first-class mechanics together and they will make a first-class rig, and is there-fore prepared to challenge any one to compete with him. Mr. Condo arrants all work done by him, and is fully equipped to back up what he says. His work has been tested for years, and proves highly satisfactory, as any one can see by the amount of work put up by him. One word to the gossips. Please mind your own business and let Mr. Condo mind his, as I know whereof I write.
ONE WHO KNOWS.

The new store of S. Hoffer & Co., opposite the Brokerhoff house, is one of the most central and convenient in Bellefonte; in the assortment and quality of goods it is second to none; people from the country districts will find it equal to any for bargains. Everything in the line of dry goods and notions is kept at Hoffer's, as well as clothing, pure and fresh groceries, etc. Give them a call when in Bellefonte.

Farmers complain of potatoes rotting.

We hear that a new firm, composed of Mr. C. Dinges and parties whose names we did not learn, will open a general store here next month in the room occupied by Dinger.

Have had no rain for about ten days now—the longest dry spell since winter. Farmers complain of; ground getting too hard to plow, waters are getting low.

FRESH MEAT.—James A. Dicker's Spring Mills meat market supplies fresh, stall-fed beef, constantly, also pork, veal and mutton in season. Pottery Mills, Centre Hill and Penn Hall will be supplied from the wagon, two days each week. 10may6m

JOHN PRINTING.—Having added some new fonts of job-type to our office, and a lot of stationery at low prices, we can furnish 1000 printed envelopes at \$1.75; ruled bill heads at \$3.40 per 1000, and letter heads at same low rates, for cash. Envelopes and bill-heads printed at 50c to \$1 per 1000 when persons find their own paper.

NOTICE.—On Sunday last a man came to the residence of the undersigned near Rebersburg, on horseback, saying he was from McVeytown, stopping over for dinner, then left for Sugar valley, saying he intended purchasing horses. On Monday morning the horse with a new team saddle and bridle, returned riderless to the place. The horse is a bay about 6 years old, right hind foot white. The owner is requested to come for his property and pay costs.

NO GREASE FOR HIM.

"When Greece her knees—Greece her knees—Greece her knees," stammered an embarrassed schoolboy, forgetting the next line of his recitation. "There is no occasion to grease anybody's knees," shouted his teacher. "Go and study your piece." Neither is there occasion to grease your hair. Parker's Hair Balsam is all the dressing you want. Restores the original gloss and color to gray or faded hair. Does not soil the linen; not a dye; good for the scalp; prevents falling out. Aug 4

J. D. Murray, our popular and enterprising druggist ever on the alert to subserve the interests of his patrons, has, we are pleased to say, secured the agency for McDonald's Medicines, among which worthy of particular note are the Blood Purifier, the Liver Pills, Vermifuge, Tigris Toothache and Neuralgia drops and Carmelite Cordial. These household remedies have been highly prized in other localities, and we predict for them a large sale in this vicinity. These medicines are the production of a near by and well-known Pharmacy, and are manufactured under the closest supervision of the proprietor, who is a life time chemist, and they are not placed on the market for speculative purposes as they are sold at a low price and every article fully guaranteed to give satisfaction or money refunded in every instance.—Mr. Murray will supply further information.

How Watch Cases are Made.

This process of manufacture was invented by James Bos, who started in business in 1834, and the methods and tools used in making these watch cases are covered by patents. This is the only watch case made under this process. For many years the introduction of these goods was slow, owing to popular prejudice against "plated" goods, but gradually the public learned that the James Bos' Gold Watch Case was not a cheap gold-washed or electro-plated article, but was made of genuine gold plates of standard quality and thickness. Conscientious adherence to the determination to make the best watch case ever put on the market, and the adoption of every improvement suggested, has made the James Bos' Gold Watch Case the STANDARD. In this watch case the parts are most subject to wear—the bezel, crown, hinges, thumb-catches, etc., are made of solid gold.

Send 3 cent stamp to Keystone Watch Case Factory, Philadelphia, Pa., for handsome Illustrated Pamphlet showing James Bos' and Keystone Watch Cases are made.
