### DEMOCRATIC STATE TICKET.

FOR AUDITOR GENERAL,  
CAPT. ROBERT T. GAGGART,  
Of Warren County.

FOR STATE TREASURER,  
HON. JOSEPH POWELL,  
Of Bradford County.

County Ticket.

ASSOCIATE JUDGE

Dr. J. R. SMITH,

of Pine Grove Mills.

DISTRICT ATTORNEY

W. C. H. INGLE,

of Bellefonte.

COUNTY SURVEYOR

ELLIS L. ORVIS,

of Bellefonte.

Judge Smith's appearance upon the bench left a favorable opinion among voters. He will make a good associate, and has every qualification for the position.

The Democrats of the Senate and House proposed that all members resign and refer the apportionment dead-lock to the people in an election for new members. This the Republicans, of course, were afraid to do—afraid of the people. Who ever knew a Republican leader willing to resign any position unless it was a term in state's prison?

In last week's *Centre Democrat* the name of Ellis L. Orvis appears as one of the editors of that paper. Mr. Orvis is a son of Judge Orvis, and a young man of talent and purity of character. We gladly welcome our young friend to the corps editorial.

The Democrats made a proposition to have no pay for sitting after the 10th if there was no apportionment. The Cameron members say no to this proposition—they want a full year's session, \$10 for each day, and an ultimatum. We think they are in a fair way of getting an "ultimatum" from the polls—a black eye and blue shins.

Shapra might sell his forged Deuteronomy manuscripts to boss Cooper and make a new plank out of them for his platform—it would vastly improve it, furgery tho' they be.

Ten dollars a day for each member, or \$3000 a day per session, is what it costs the tax-payers to have a stubborn Republican state senate that will agree to no apportionment unless it unjustly gives their party two thirds of the districts.

On Sunday, 8, a golden spike was driven in the last rail of the Northern Pacific railway, this completing the third line of railway communication across the American continent. The line is practically finished and construction trains had been running over it a few days before, although the connection was made by a switch, leaving a few rails on the main line to be laid on the day of the formal opening.

Chairman Cooper is highly elated with the prospect of having Congressmen elected on the present basis, as it gives them three or four Congressmen, even if the state is against them, more than they are entitled to. And to do this boss Cooper stubbornly prolongs the extra session, blocking it with the "McCrackengander" at a cost of \$3000 per day.

Not all the republican papers of the state sustain the republican ultimatum. Such journals as the *Philadelphia Evening Telegraph*, *Pittsburgh Chronicle*, *Pittsburgh Leader* and *Delaware County Record* oppose it very decidedly and the organ of the business interests of Philadelphia, the *Public Ledger*, condemns it in unequivocal terms. If boss Cooper expects to unite his party on the ultimatum he will find that he is reckoning without his host. This is the fiftieth day of the republican ultimatum at a cost of \$3,000 a day to the people of the state, or a total of \$150,000.

And this in spite of the fact that Candidate Niles declared on the 10th of April last that we "ought to forget party and go upon the broad principles of patriotism and right."

The republican bosses must go. In the Nutt trial last week, the grand jury found a true bill, but the case was postponed until December court, on account of the absence of an important witness.

Frost in Missouri on night of 3, did severe damage to the tobacco crop. In Maine, New York and Massachusetts, same night, frost did damage to crops.

The father of 42 children was killed by the cars at Lancaster, the other day. Moral—Don't be the father of 42.

The railroad committee will likely meet on Saturday at Bellefonte. The action of the Centre Hall meeting has been brought to the attention of the Penn'a railroad officials, and caused some concern there, and parties who within a few days have had intercourse with the officials of the company, assure us that the outlook is favorable. The committee has not yet fixed upon a time to proceed to Philadelphia.

### NO EQUAL RIGHTS.

The Republicans of the Senate by their McCracken apportionment ultimatum, have put their party on record as opposed to the great American principle of Equal Rights. In the times that have tried men's souls such action would have placed them stubbornly on the side of George the Third, and opposed to those who framed the immortal declaration of Independence. They place themselves on the side of the aristocracy who would govern without the consent of the governed, and who favor taxation without representation.

The ultimatum of the Republican Senate is clear rebellion against the main pillar of the Republic—Equal Rights. The Republican Senate is battling this fundamental principle by refusing the democratic voters legitimate representation in congress and in our state legislature based upon the numbers to which the vote of the party fairly entitles us. The Democrats have, within a fraction, one-half the voters of the state. This would entitle us to one-half the congressmen, less one, and the same in the state Senate and House. The Republican ultimatum of the Senate gives them 20 and the Democrats 8! Is that Equal Rights? We are clearly entitled to 13 out of the 28, yet the Democrats propose to compromise on 11 and allow the Republicans 17. The Republicans refuse and declare the session must go on at \$3000 per day unless the Democrats agree to 20 to 8!

### DEAR CONGRESSMEN.

In order to get several congressmen more than they are honestly entitled to, the Republican Senate has caused and prolonged the extra session at a cost of \$300,000. This makes the cost, up to date, of each of the seven \$28,571.10. This is making terribly dear congressmen and the saltiest ultimatum the Reporter ever read of in any sacred or profane history.

### SOLDIERS' RE-UNION.

On the 13th of September, 1883, the Veterans Association of Centre County, will hold its Annual Re-union at Philipsburg. Post 90 has determined to make this not only a re-union of Centre but also of adjoining counties. A fine grove is being prepared on the banks of the beautiful Cold Stream to accommodate 20,000 visitors, where ample provisions of bean soup made from genuine army bean and hard tack will be furnished in old army style to all who come prepared with tin cups and spoons. Those not having cups and spoons will be supplied by the committee. The committee of the Post and citizens are laboring assiduously to make this the grandest of all Re-unions yet held in the state. Games and amusements of all descriptions will be provided, and of such kind that old veterans and their families can enjoy. Four bands of music and an orchestra will be in attendance. The grand parade of Military and Veterans will take place at 11 a. m., through the town and marching out to the grove one-half mile distant, where orations by prominent G. A. R. members and other speakers who have signified their intention of being present will be delivered. The Phillipsburg Driving Park Association have decided to hold their fall trotting meeting on the 12, 13 and 14th, and have some of the finest trotters in the circuit entered for the occasion, and fine sport may be anticipated from this source alone. Come one, come all, Old Vets. Come as Posts in a body. Bring your wife and children for a good time.

Maj. Gen'l Hancock, Gov. Pattison and other distinguished speakers will be present. The mass of Republicans do not want Don Cameron to be re-elected to the Senate. Cameron is anxious for a re-election. He cannot be re-elected if there is a fair and honest apportionment passed. For this reason the boss has his henchmen in the state senate to block the way to a just apportionment. This game of Cameron is a waste of \$3000 each day the legislature is kept in session, and up to this time it has cost the people \$200,000, and yet the bosses insist upon an unfair and unconstitutional apportionment, even if it bankrupts the state.

### TWENTY PERSONS KILLED.

Berlin, September 2.—As a train from Berlin was passing Steglitz to-day it ran into a crowd of people who, intending to take a return train in Berlin, were pressing forward on the wrong side. The number of people killed and wounded is estimated at forty.

The *Lewisburg Chronicle* copies from an exchange "How it feels to be insane." Wonder whether the *Chronicle* endorses it from present experience?

### REV. WHITE FOUND GUILTY OF HERESY.

The Huntington Presbytery met at Lewistown last week for the trial of Rev. White, of Milroy, for heresy. Rev. D. H. Barron, of Hollidaysburg, was chosen moderator. The charge was read as follows:

I. In regard to the atonement. Specification I. In that he holds and teaches that the sufferings of Christ were in no sense a satisfaction for violated law.

Spec. 2. That the sufferings of Christ were in no sense a satisfaction to Divine Justice, there being no justice to satisfy as justice is not an attribute of God.

Spec. 3. In that he teaches that the effect of the atonement is simply its moral influence.

II. As to the Trinity.

Spec. 1. In that he denied the personality of the Holy Spirit.

Spec. 2. In that he denies the distinct and real personality of the Father, Son and Holy Spirit.

III. As to the nature of Sin.

Spec. 1. In that he holds that sin consists in acts only.

Spec. 2. In that he denies the imputation of Adam's Sin.

IV. As to the Resurrection.

Spec. 1. In that he teaches and holds that the material body cannot be raised again.

Spec. 2. That the soul at death takes with it a spiritual body.

V. That men can be saved through morality.

Spec. 1. That men can be saved by obedience to the moral law—the Ten Commandments.

Rev. R. Hamill, D. D., and James J. Coale and Elder Wm. Dorris were the committee chosen by the Presbytery to conduct the prosecution. The accused had for his counsel A. O. Furst, Esq., of Bellefonte. A number of witnesses were heard who listened to Rev. White's preaching during the last few years.

Counsel agreed to submit the case to Presbytery without argument, but Rev. White spoke for an hour—not presenting a plea of defense, but giving his whole religious experience. It was a straightforward, manly address, and no one who heard it could doubt Mr. White's honesty and sincerity.

After members of Presbytery had expressed their opinion the vote was taken as follows: Charge 1, spec. 1—that the charges were sustained, 34 votes, not sustained, 3; spec. 2—sustained 34, not sustained, 3; spec. 3—sustained 4, not 28; Charge 2, spec. 1—sustained 8, not 28; spec. 2—sustained 15, not 21; Charge 3, spec. 1—sustained 2, not 35; spec. 2—sustained 19, not 18; Charge 4, spec. 1—sustained 28, not 9; Charge 5, sustained 28, not 9. Charge 5, sustained 0, not 37. One minister, Rev. Wilhelm, and two elders voted that they were not sustained throughout.

A resolution was unanimously adopted that the Presbytery having found after a full trial that the views held and taught by Rev. White are contrary to the standards of the Presbyterian church, at his own request he be permitted to withdraw from the Presbyterian church.

Mr. White accordingly asked leave to withdraw and it was granted, and his pulpit ordered to be declared vacant. It is worthy of note that the whole trial was conducted without any expression of ill will and that at its conclusion there was only the kindest feeling expressed by other ministers toward Mr. White. His personal character and piety were not once questioned.

It is intimated, says the *Sentinel*, that the result of the trial will be the establishment of an independent church in this county. It is known Mr. White has a large number of warm friends who endorse his views.

OF INTEREST TO GUNNERS.

The editor of the *Perry County Democrat*, who is pretty good authority on matters pertaining to gunning, says: "Every good gunner knows how vexatious it is to have a gun fail to go off. The usual method is to work powder into the nipple and snap cap after cap upon it. Sometimes all these attempts to discharge the piece fail. For the information of all who do any gunning we give the following: When you find that the obstruction cannot be removed by the ordinary methods, take a match or other piece of soft wood, sharpen it, force it into the nipple and then cut it off square with the top thereof. Then put on your cap and the load will go out on the first trial. We have never known it to fail, but we confess we are not able to explain why or how the greater obstruction removes the less, or how the fire in the cap is enabled to reach the powder in the gun with a piece of wood apparently cutting off communication between the two. Whatever the philosophy, is it the surest way of getting a gun to go off. You who have doubts, try it."

### BABY ELEPHANT.

Barnum is overjoyed with his acquisition—the baby elephant—and declares \$300,000 would not buy it. He offers \$52,000 for the insurance of the life of the infant for 52 weeks. Surely, if he knew the full value of *Peruvia* and *Moravia*, he would do no such foolish thing, as they are the most successful protective medicines that have ever been introduced in the human family. No one can take any disease while taking *Peruvia* before each meal, and keeping the bowels regular with *Mannin*. Ask your druggist for the books on the "Iris of Life."

—Among the first class hotels of the interior cities justly is classed the Irwin House, at Lock Haven, S. Woods Caldwell, proprietor. Nothing is wanting there to make one feel comfortable; table, rooms, etc., being the best, with the most gentlemanly attendants and a whole souled proprietor.

### TUSSEYVILLE.

Zion and Tusseyville Sunday schools will hold their picnic Saturday, Sept. 15, in William Rishel's grove, near the Zion church. Addresses will be delivered by Revs. Reeder, Carrin and other ministers from a distance. The Tusseyville band will furnish the music. Come and join in the exercises of the day—exercises in the forenoon and afternoon. No refreshment stands allowed on the grounds. Schools will meet at 9 a. m. The remodeling of the Zion church has begun, and no doubt will be a great improvement. Preaching will be held in the woods where the picnic is to be held until the church is finished. Rev. Furst, of Bellefonte, preached here last Sunday forenoon and we would be pleased to have him come again. Rev. Mitterling is here visiting friends and his old home.

### GOOD NEWS! MONDAY, SEPT. 10.

CLEAVAN DINGES AND W. O. RARICK have this day formed a partnership to be known as Dinges & Rarick, and they would make the following announcements:

On September 25 anything found in a general store can be gotten of them at their store known as Cleavan Dinges' Penna Valley Bargain store, and in the meantime groceries, notions, &c., as they will receive goods every day until the 25th. Their terms are strictly "cash or its equal" and their prices exceedingly low. All kinds of produce wanted at highest market rates. A call solicited from all. Hoping our efforts to give the people of this vicinity a first class cash store will be appreciated by the public generally, we are very respectfully,

DINGES & RARICK.

### NOT SPRING MILLS ITEMS.

We like the way some parties have of getting free advertising in the Reporter and other papers under the head of "Spring Mills Items," and at the same time give their "most upright" opposition(?) tally. Farmers observe. Two souls with but a single thought—two hearts that beat as one.

Whitmer & Co. are the only grain dealers in town that go on their own hook and they are handling lots of grain; selling piles of goods; and the contract for supplying the Potter twp. schools with coal this year; pay for their advertising; attend to their own business which keeps them very busy, and that's what "stirred up the monks."

### TRIBUTE OF RESPECT.

At a meeting of the Spring Mills Veterans Club the following preamble and resolutions were passed:

Whereas, God in His allwise providence has seen fit to remove by death from our midst comrade Thomas Richardson, of Company G, 56th Regt., Penn'a Vet. Vol.,

Resolved, That in his death we lose an active worker in the club, and our loss is his eternal gain.

Resolved, That the Club extend their sincere sympathy to the bereaved family.

Resolved, That a copy of these resolutions be presented to the family, also that the same be recorded on the minutes of the Club and published in the "Centre Reporter," "Millheim Journal" and "Bellefonte Republican."

W. H. BARTHOLOMEW,  
JARED L. CONDO,  
DAVID BURRELL,  
Committee.

### MILLHEIM AND VICINITY.

On last Friday morning, Cleavan Dinges, the John Wannamaker of Coburn, came to Millheim on a bicycle. Cleave reports business booming at Coburn.

Mr. Deininger of the "Journal" is pushing matters about his new building. The school directors of Millheim boro. have voted for a six months term—four months during winter and two during forepart of summer. Miss Rosa Harter, of Rebersburg, a graduate of the Lock Haven Normal, has been selected as teacher for the primary department.

Work on the new school house to be erected at Coburn has been commenced. S. T. Stam, of Duke Centre, Iowa, formerly a Millheim merchant, is here attending court at Williamsport as witness. The work of making brick for the new Evangelical church at this place has begun, J. W. Snook having the contract. Israel Carter has purchased a 10-horse power stationary engine for his new planing mill to be erected opposite D. A. Muller's brick grist mill. The building is to be put up and completed forthwith, and the planer will go into operation at once. Spigelmeyer's block is presenting a fine appearance. A new house, new nobby fence, a coat of paint and clean up in general are the latest. X. T. Y. T.

### PENN HALL ITEMS.

S. C. Storer who assisted Prof. Robb in his school has left to attend Franklin & Marshall College. Benj. Shaffer left last week for Michigan. Elias A. Wessner, of Girard, Kan., accompanied by his wife and children, came here on a visit last week. Here is where Ellis spent his boyhood days and was a student in this academy. I hope to have his acquaintance before he returns to his western home. David Hossone of our aged citizens is indisposed. Miss Hess, of Lycoming Co., is visiting at J. W. Evans. Miss Clara and Mary Fisher have left on a pleasure trip to Snyder Co. Mrs. Vanvallen, Mrs. Thomas Weaver, from Woodward, and Miss Stratten from Bradford Co. visited in town last week. J. P. Condo has returned from his trip. Forepart did not capture his "spotty"—hears, he is on the look out. Changed hands. The coach shops of J. W. Hartges; they are leased by J. C. Condo who employed C. Osendorf to do painting and Charlie Smith as trimmer. J. W. Hartges will embark in the traveling drummer business. Fred Meyer and W. H. Niles have retired with stock, but the number will not over-stock the market. Squirrel hunting is lively in this vicinity, but don't seem to pan out well, we hear the best and lead is of more value than the game. Desperate squirrel hunters attacked James Duck on his own land on which he disputed their right to hunt; they handled him roughly and made serious threats. Such conduct should be punished. Beats them who hunt. Davies Nancy "know" barked up the sky the other day. The movement is the one which was the cause of his complete whiplash; no doubt his dog ship thought a cyclone had caught him.

### THE MARKETS.

New York Stocks.

New York, Sept. 7.—The excitement prevailing in Wall street circles continued, though there were some abatement in the afternoon transactions, when suspicions were aroused that the rise in the market had culminated for the present. The recent handsome advances brought about free speculations to secure profits, and from the fact that the pace had been pretty fast buyers were disposed to deliberate before taking back the stocks they had sold. The advice from the West concerning the corn crop afforded the principal stimulus, and some large orders were reported for both foreign and domestic account.

General Markets.

New York, Sept. 7.—On the New York Mining Board, Pipe Line certificates opened at 105 $\frac{1}{2}$ , reacted to 107 $\frac{1}{2}$  and rallied to 108 $\frac{1}{2}$ .

Chicago.

CHICAGO, Sept. 7.—There is no one buying wheat, corn or provisions, excepting shorts, and unless we get a frost to-night heavy enough to do great damage to corn, the whole risk will break to-morrow, as the markets have been crowded up very heavily to-day. There is not a single bull argument on wheat, excepting the fact that it is below 81. The situation is certainly anything else but bullish. There is not an export order. The following were the closing quotations: Oct. 80 $\frac{1}{2}$ ; Nov. 101 $\frac{1}{2}$ ; Dec. 102 $\frac{1}{2}$ .

### How Watch Cases are Made.

Imitation always follows a successful article, and imitation is one of the best proofs of real merit; and thus it is that the *James Dow's Gold Watch Case* has its imitators. Buyers can always tell the genuine by the trade-mark of a crown, from which is suspended a pair of *James Dow's* scales. Be sure BOTH crowns and scales are stamped in the cap of the watch case. Jewelers are very cautious about endorsing an article unless they not only know that it is good, but that the character of the manufacturers is such that the quality of the goods will be kept fully up to standard.

WILLIAMSWORTH, Pa., Feb. 12, 1883.

The *James Dow's Gold Watch Case* is like the best cases. Each one I sell sells another. Don't need to recommend them they sell themselves. One of my customers has had a *James Dow's Gold Watch Case* in use for 30 years, and it is as good as ever. With this case I do not hesitate to give my own guarantee, especially with the new and improved cases, which seem to be everlasting. JAMES T. LITTLE, Jeweler.

This gold case, No. 1008, known as the *James Dow's Gold Watch Case*, came into my possession about 1848, has been in use since that time, and is still in good condition. The movement is the one which was the cause when I bought it, and its condition shows that the case has really out-worn the movement, which is played out.

MARTIN A. HOWELL,  
of Board of Directors Watch Case Factory, Philadelphia, Pa., has furnished Illustrated Pamphlet showing how *James Dow's* and *Keystone* Watch Cases are made.

### TIME TO STOP IT.

It's too bad, Sir or Madam, but don't get frightened. Your hair is falling off—that's certain. A glance in the mirror, or an investigating committee of fingers tell the dismal story. We won't discuss the possible cause. It is enough that Parker's Hair Balsam used now will prevent further destruction. Is your hair somewhat gray, too, and crisp? Alas, yes. The Balsam will give back the original color, softness and gloss. Not a dye, not only, elegantly perfumed, a perfect dressing. sept 14

### HALF OUT OF HIS HEAD.

"Blessed be the man," said Don Quixote's weary squire, "who invented sleep." Sanchez's gratitude is ours, but what if one cannot for any reason enjoy that excellent invention? "Nervousness in me had become a disease," writes Mr. William Coleman, the well known wholesale druggist of Buffalo, N. Y.

"I could not sleep, and my nights were either passed in that sort of restlessness which nearly crazes a man, or in a kind of a stupor, haunted by tormenting dreams. Having taken Parker's Tonic for other troubles, I tried it also for this. The result both surprised and delighted me. My nerves were toned to concert pitch, and like Caesar's fat men, I fell into the ranks of those who sleep 'nights. I should add that the Tonic speedily did away with the condition of general debility and dyspepsia occasioned by my previous sleeplessness, and gave me strength and perfect digestion. In brief, the use of the Tonic thoroughly re-established my health. I can now use Parker's Tonic with entire security for sea-sickness and for the lower disorders incident to ocean voyages."

This preparation, which has been known as Parker's Tonic, will hereafter be called simply "Parker's Tonic," as the change has been necessary by substitutes imposed upon their customers by unprincipled dealers under the name of ginger, and as ginger has been an unfortunate favoring ingredient, we drop the misleading word.

There is no change however in the preparation itself, and all bottles remaining in the hands of dealers, wrapped under the name of Parker's Tonic contain the genuine medicine if the fac-simile signature of H. Wood & Co. is at the bottom of the outside wrapper. sept 14

### PRESENT POWER.

To-Morrow a Long Way Off When Help is Wanted To-Day.

Comfort is never in a hurry. Pain and distress are in hot haste. It is to the "friend in need" that the friend who does something now—that the old adage pays the compliment of being "a friend indeed." That they do not keep the sufferer in suspense is the eminent excellence of BENSON'S CAPSINE PODOUS PLASTER. The plaster of other days—whether porous or otherwise—said—"Wait until to-morrow; We can promise nothing on the spur of the moment." But pain unrelieved, like hope deferred, maketh the heart sick. Benson's plasters act on application. They soothe, soothe, warm and heal, containing, as they do, chemical and medicinal agents of the highest efficiency. Their motto is now, as the genuine have the word CAPSINE cut in the middle of each plaster.

Price of the CAPSINE 25 cents.
