IN A MORMON DEN.

Little Girls Enticed From Home by Philadeiphians.

PHILADELPHIA, Oct. 26.-Two rooms occupied by George and Joseph Baker at No. 53 Girard avenue have been raided by the police. The house is a four story tenement and was occupied by four families. Mrs. Low, Moyer's arm was broken, his head bruised, who occupies the second floor, in describing and his body scalded. Grant Huff, a son of the place said: "It's a regular Mormon den. How Watch Cases are Made.

In buying a silver watch case great care should be taken to secure one that is solid silver throughout. The cap of most cheap silver cases is made of a composition known as albata, which is a very poor substitute for silver, as it turns black in a short time. The backs of such cases are made much thinner than those of an all silver case, being robbed in order to make the cap thicker and get in as much as possible of the cheap metal. Another important point in a silver case is the joints or hinges, which should be made of gold. Those of most cheap cases are made of silver, which is not a suitable metal for that purpose. In a brief period it warps, bends and spreads apart, allowing the backs to become loose upon the case and admitting the dust and dirt that accummulate in the pocket. The Keystone SilverWatch Cases are only made with silver caps and gold joints.

Sr. Louis, Mo., Feb. 17, 1882.

In our long and varied experience in handling watches, we cannot but acknowledge and give our testimony that the Keystone Solid Silver Watch Cases are the best made to our knowledge. Having no soldering they remain homogeneous, harder and eiffer than they would be were they heated for soldering, and have more resisting power against pressure than any other cases in the market. MERMOD & JACCARD JEWELRY CO. Nend 2 cent stamp to Keystone Watch Case Factories, Philadelphia, Pa., for handsome Illustrated Pamphlet showing how dames Boss' and Keystone Watch Cases are made.

Slugger Sullivan's Science.

CHICAGO, Ill., Nov. 17 .- Ten thousand people filled the large armory of Battery D to witness an exhibition of pugilistic skill that proved the finest and most orderly seen in Chicago for many years. John L. Sullivan appeared on the stage twice, sparring with the Maori and Steve. Taylor, and giving a splendid exhibition of his skill. After the entertainment Sullivan offered Paddy Ryan two alternatives as to the latter's wish to meet him, offering to fight Ryan on equal terms as before, with the agreement that if ness and sores, and not until a year ago was I the latter stood up during four rounds he should have the entire gate receipts, or that they should spar with gloves, each taking fifty per cent. of the receipts, Sullivan show-Rheumatism and Neuralgia, with Hop Bitters, ing no mercy. PHILADELPHIA, Nov. 17 .- The examination in the Jersey Central Reading railroad suit was continued here. Charles Hewitt was the first witness. He bought eighty four shares of Jersey Central stock on June 1 in view of the lease having been made by the Reading railroad. Sensational War Rumors in Paris. Paris, Nov. 17.—Considerable excitement was caused here last evening by a report to the effect that the French troops at Sontay had been beleaguered by the Chinese and were in imminent danger; also that Admiral Courbet had sent a despatch to the government acknowledging the receipt of Premier Ferry's order to burn Canton if it was necessary.
