"DIDN'T I leave an order three days ago for weather strips?" demanded an indignant citizen of the proprietor of a Woodward ayenue store yesterday.

"Yes, sir, you did." "And didn't you say you would send a man to put them on?" "I did,"

"And he was sick, I suppose?" "No, sir; he went up there two days

"And put on the strips?"

"Yes, sir." "Where?" 'On the front and side doors, of

"You did?" "Certainly I did, Do you suppose I want draughts of air sweeping in on my poor horses this kind o' weather?"

Fire Alarm.

I have been a severe sufferer a long time with kidney troubles, causing severe pains in back and sides; and from the recommen-dation of the Chief of Fire Department, Mr. Ira Wood, formerly of Syracuse, who had used Hunt's Remedy with wonderful suc-cess, I commenced using it, and found speedy relief in a short time, and it has completely cured me of the pains in the back. I have recommended it to others in the department, that have used it with great success, and I do not hesitate to recommend it to any one troubled with kidney, liver or biadder troubles. H. Firemen's Trouble.

Having heard Hunt's Remedy recommended very highly for troubles of the kidney and urinary organs by Ira Wood, ex-chief of the fire department of Syracuse, he having been cured of a severe case of kidney disease lately by the use of Hunt's Remedy, I purchased a bottle and used it, and have not been troubled any since; and I know of many others here in Syracuse that have used it and recommended it as a great medium for the kidneys, and I do not hesitate to say that it is a remarkable medi-JACOB WOLFROM,

"Wife," said an up-town man to his spouse recently, "how many house-plants shall you try to carry through the winter?" "Only this geranium, this rosebud, and this Jerusalem cherry tree—three in all. The husband made an entry in his notebook, when she inquired: "But why do you ask?" In order to know how much extra coal to order for the winter supply," was the cruel answer. Judging from your ill luck last winter I think I had better lay in about an extra ton apiece for each plant,"

Are Dreams Prophetic?

SOME INSTANCES IN POINT—HOW PREDICTIONS MAY BE DEPEATED.

Ten days before his death Lincoin dreamed that the President lay dead in the White House, "killed by the hand of an assassim." When his wife heard of the tragedy she exclaimed, "His dream was prophetic!" The majority of dreams, however, are never fulfilled—they are too fantastic, or they are solved by con. "ary events, People are often possessed of the idea that they sua." soon die. They find themselves the subject of strange ic..." They know they are not what they once were, and as they approach certain ages they are quite sure they will not be long of earth. These impressions as a rule are the result of an imagination disordered as a rule are the result of an imagination disordered by disease, but they can be shaken off by prompt and thorough measures. We are told that very many diseases can be prevented; indeed, half the deaths are said to be preventable! Hence the importance of always acting promptly in every persons emergency.

These developments alarmed him, especially since physicians did him no good. About giving up in despair, he followed the counsel of one of the Supreme Court Justices to use Dr. David Kennedy's Favorite Remedy (of Rondout, N. Y..) as an experiment. It scattered his bad feelings, revived his appetite, restored his liver and kidneys, renewed his blood, increased his weight by twenty pounds, and to it alone he gives the credit of saving his life.

A Cure of Pneumonin.

Mr. D. H. Barnaby, of Owego, N.
