

A group picture of ten of the handsomest young ladies of Port Jervis was offered as a prize to the young man writing the best letter to the postmistress of the Fair of Carroll Post, G. A. B., in that village. The prize was awarded on Saturday night to Isadore Cohen; but judge of his surprise and chagrin when he received the picture to find that every pretty face had been carefully concealed behind a veil, fan or parasol before the photograph was taken!

Mr. Peter Mallon, 213 W. Twenty-fourth street, New York, says that he suffered six years with rheumatism and found no relief until St. Jacob's Oil, the sovereign remedy, was applied, which cured him completely.

There is a new girl in the telephone office and she is a very flip young woman. "Hello Central!" called a subscriber the other morning. "Hello!" came the answer. "Give me the National New Haven Bank," he said. "What?" "Give me the National New Haven Bank," he said. "Get out! Do you want the earth? How can I give you a bank? I ain't got 10 cents to my name," and she knocked the connecting link clear across the office and began humming "Over the Garden Wall."

Timely suggestions about pneumonia. This is the time of year when so many persons fall victims to pneumonia and other lung diseases. Hence, we call attention to the following interview with a prominent physician:

"What is pneumonia, which prevails at this season of the year?" "Pneumonia is an acute lung disease, and is a dangerous and common disorder. It commences with a severe chill and fever. It seems to be an affection of the lungs, but it is really caused by the blood being impoverished by the non-removal of natural acids by the liver and kidneys. Pneumonia is always proof of diseased kidneys and liver. Indeed, this is true of many other lung diseases."

"Pneumonia is a very dangerous disease and the patient must be treated with hot drinks, and the chest be covered with mustard plasters, and then call the best physician."

"How would you prevent such diseases?" "By keeping the skin, liver, bowels and kidneys in healthful activity. Then the blood is free from acid poisons and pneumonia need not be feared." "By what means do you know of nothing better than Dr. David Kennedy's Favorite Remedy, which is a highly reputed specific for all liver, kidney, bowel and blood disorders. It is made, we believe, at Hudson, N. Y., sells for one dollar a bottle, and is the best and surest of all household remedies."

Pneumonia is very common and fatal, and whatever will prevent its ravages is worthy the highest commendation.—*Albany Evening Journal.*

"PLEASE, ma'm, fill oleau your sidewalk for a quarter." "But it is cleaned. I just paid a boy thirty cents to shovel off the snow, and yet you are the sixth boy who wanted to clean it over. I presume there'll be twenty more."

"Then ma'am, gimme fifteen cents and I'll sit on the door-steps and tell 'em they're left!"

School Teachers. Mr. H. L. SORER, principal of the High School at Poquonock, Conn., says in relation to a matter which has given him much anxiety and pain: "My wife and I have both used Hunt's Remedy, and find it really a superior article. A year or so ago my kidneys became weak and sluggish, owing to a severe strain, and finding relief in Hunt's Remedy I continued its use until I had used four bottles, when I became well. Since my cure I have suggested its use to a great number of people, who I know have been benefited by using it." And to substantiate this statement, Mr. H. S. CLARK, assistant superintendent of the High School, says: "I can certify to the value of Hunt's Remedy, having received great benefit from its use. My troubles commenced twenty years ago, when my kidneys became afflicted with inflammation of the passages, but the timely use of so valuable a medicine arrested the disease. I can now cheerfully recommend it to all suffering as I was," May 31, 1883.

Telegraph News. FRANK W. HOFFMAN, clerk of the American District Telegraph Co., says: "Having had occasion to use a medicine for kidney trouble with a lame back, it was recommended by one of our Ulics druggists to use Hunt's Remedy, as he had solved a good deal of it to many of our leading families here with great success for kidney, liver and urinary troubles. I purchased some, and have only used three bottles. It has cured me, and I can truly recommend Hunt's Remedy to any one in need of the best medicine for these complaints."

"You look well fed, are well dressed and all that. Must have a good income, I presume?" "Oh, yes," replied Kosinski. "I can't complain. I have my salary, \$1500; then I make \$500 a year by my literary labors, that makes \$2000; then I run in debt \$1000, that makes \$3000. A single man who couldn't subsist on that ought to be ashamed of himself."

Hall's Balm for the Lungs in a great number of cases, and always with success. One case in particular was given up by several physicians who had been called in for consultation with myself. The patient had all the symptoms of confirmed consumption—cold night sweats, hectic fever, harassing coughs, etc. He commenced immediately to get better, and was soon restored to his usual health. I also found Dr. Wm. Hall's Balm for the Lungs the most valuable expectorant for breaking up distressing coughs and colds."
