BEEF BELT OF THE WEST.

It is said that a beit about 400 miles wide and extending from the Gu!f of Mexico to the British possessions, along the slope of the Rockey mountains contains neat cattle worth more than \$600, 000,000, which subsists wholly on natural conditions and a terrible panic ensued, which was increased by an entbreak of fire. Five dead bodies and one hundred wounded have been carried from the ruins. A large number of persons are missing.

Five dead bodies and one hundred wounded have been carried from the ruins. A large number of persons are missing. and the driver of the cattle turned them loose to shift for themselves in a winter of unusual severity, and great was his stonishment in the following spring to find the animals in excellent condition. They had fed on the gramma, or buffalo grass, which grows in great abundance in all that region, and possesses qualities of the highest nutritive value. It grows luxuriantly during the rains of spring and early summer, and "cures" on the stalk when the August drought arrives, remaining in good condition throughout the season, owing to the extreme dryness of the autumn and winter months. How Watch Cases are Made.

The many great improvements introduced in the manufacture of the Jas. Boss' Gold Watch Case, have led to similar improvements in the making of silver cases.

Under the old methods, each part of a allver case was made of several pieces of metal soldered together, requiring a great amount of cutting and soldering, which softened the metal and gave it the pliability of lead rather than the elasticity of silver. Under the improved methods, each part of the Keystone Silver Watch Case is made

of one solid piece of metal hammered into shape. The advantages are readily apparent, for every one knows that hammering SATURDAY, MAY 3, hardens the metal while soldering softens it. To test the superiority of the Keystone Silver Watch Case, take one of 3 oz. weight,

press it squarely in the center when closed, and it will not give, while a case of same weight of any other make will give enough to break the crystal. The Keystone Silver Watch Case is made only with silver cap At which time we will offer many and gold joints,

# HALL'S VEGETABLE SICILIAN Hair Renewer.

Seldom does a popular remedy win such a strong hold upon the public confidence as has HALL's HAIR RENEWER. The cases in which it has accomplished a complete restoration of color to the hair, and vigorous health to the scalp, are innumerable.

Old people like it for its wonderful power to restore to their whitening locks their original color and beauty. Middle-aged people like it because it prevents them from getting bald, keeps dandruff away, and makes the hair grow thick and strong. Young ladies like it as a dressing because it gives the hair a beautiful glossy lustre, and enables them to dress it in whatever form they wish. Thus it is the favorite of all, and it has become so simply because it disappoints no one.
