AN OPEN LETTER. Office of D. GARMAN & Son. 911 Deterri BUSH'S ARCADE. Bellefonte, April, 1884.

TO OUR PATRONS: This week we enterupion our second year, and we have to thank the people for their yery liberal patronage. Our success proves that "honest goods at houest prices" are bound to take, and it has built up the finest retail trade in the county. It is a platform that admits of no deception, in advertising no petty tricks to draw peo ple to our store; nothing that is in any way fraudulent. We use the papers as do other honest ad vertisers to keep our goods, our prices and our system before the public, and referring to all three we are very careful to tell the truth. While we are no less careful to avoid the mention of prices where they will be likely to create a false impres sion, we shall still tell you that anything you buy of us that is not exactly as we say, you may re turn it and have your money refunded. Respectfully, your obedient servants,

D. GARMAN & SON.

FARMERS'ATTENTION .- We wish to call our attention to a few plain facts; we d) not believe in blowing and puffing, but we simply wish to state a few plain truths of great interest to the farmers and all others in the county, and if you do not consult your own interests we are blameless and you will be the sufferers. We are determined to sell our immense stock of boots and shoes-sell we must; and sell we will. Now remember that in boots and shoes we have never been equaled, either in quality of goods or in lowness of prices. We would like to publish a list of goods and prices but space firbids, but we will call your attention to a class of gents' shoes, faced or button-ed, that we are selling for \$2.50, as good a quality as are sold for \$3 and up. Now think of this and bear in mind that all our goods are equally as low.

We would especially call your attention to a lot of goods we have on hand called "old stock" which must be cleaned out in order to make room for our spring good . This lot consists of lidies, misses, and children's shoes, laced and buttoned, and men and boys' shoes of all descr p iou. These have been ac umulating for years and we mus gt ril of them; like the Coinese, "they must go," and it is your chance to buy goods for less money than you ever dreamed of.
