—Ladies, if you want latest style shoes, the only place that keeps 'em is Mingle's, in the Brockerhoff house block. —A steam sawmill is being put up on the Kerlin tract of woodland on the south side of the valley. Almost every timber tract of any value, in this valley, has a steam sawmill, and the noble pine and sturdy oak are fast disappearing. At the present rate twenty years hence there will be little or no good timber left in the valley.

LINDEN HALL CHIPS.

CINDEN HALL CHIPS.

Our folks are getting ready for decoration day; some intend to go to Boalsburg, others to Centre Hall; wonder if they will forget the veterans who sleep in the Linden Hall cometery? The house for Wm. Alexander is rapidly going up and will be ready for the plasterers in a week. We have gypaies visiting us this week; some of our young ladies were anxious to know the size, complexion and wealth of their future husbands and gave them a call—consequently they are happy. We noticed the danger flag on our railroad a few days ago, next saw a retired marchant going down the track at the rate of about a mile a minute to switch off the workmen who were about to change the course of the creek flowing above the railroad premises, Great threats were made but we are glad there was no collision. The engineers are at work about 2 miles west of here. For fancy work go to Major Huss, boot and shoe maker. We have now one of the best dry-goods stores in the valley, managed by Alexander & Keller; their trade is increasing daily; wonder if the smiles of the junior partner are the cause of it? Are we to have a 4th of July celebration? Don't all speak at once.
