# THE CENTRE REPORTER FRED KURTZ, . . . Editor. CENTRE HALL, PA., July 23, '84

#### Democratic Delegate Election and County Convention

The Democratic voters of Centre county will meet at the regular places of holding the general election for their districts, on

SATURDAY, AUGUST 9, 1884, to elect delegates to the Democratic County Con vention. Under the rules the election will open at 2 o'clock p. m. and close at 6 p. m.

The delegates chosen at the above time will meet in the Court House, Bellefonte, on

TUESDAY, AUGUST 12, 1884, AT 2 A. M., to name one candidate for President Judge and one candidate for Congress, each of whom shall be subject to the decision of the conferences of their respective districts; to choose such conferees as may be deemed necessary, and to nominate one candidate for Associate Judge; two candidates for Assembly; one candidate for Sheriff; one candidate for Prothonotary; one candidate for Treasurer; one candidate for Register; one endidate for Recorder; two candidates for County Commissioners; two candidates for Auditor, and to transact such other business as the inter ests of the party may require.

The number of delegates to which each district is entitled is as follows :

Bellefonte, N W 2 Haines, W P 2	sodium mixed w

### BIG DAY'S WORK.

The biggest day's sawing ever done at DuBois' big mill, in DuBois, is probably the highest record ever made by a single mill in the state in one day. The total amount of lumber cut was 192,400 feet and 53,000 lath. The several gangs turned on the following mounts. Bis probably An improvement has been effected in out the following amounts: Big gang,

the day in question had not one of the dampness and dry rot. slabbers broken down.

#### EATING RATS.

Why do we not more frequently follow Dr. W. Chandler Roberts, in a Society the snakes' example, and eat the rodents of Arts lecture, has stated that the gold that so despitefully use us? I don't supcoinage of Great Britain is estimated to pose that many people would care about consist of not less than 700 tons of an adding the denizens of our city sewers to their menu, but what rational objection can there be to good, wholesome

From the amount of sulphate obtained barn fed rats? They know what is good from the earth samaria, Prof. Cleve de- for themselves, depend upon it, and do duces the number 150 as the automatic not feed on offal and nastiness when betweight of the metal samarium. From ter things are to be had. We eat ducks the description given of several of its and pigs and crabs and all sorts of fish, salts the metal seems to be closely allied in comparison with which the rats are bright and blameless patterns of dietic morality. I have tasted such, caught

Temperature of distillation has a very with snares down in a Kentish hop-garappreciable influence on the composition den-every one of them, no doubt, in its of coal gas. Mr. L. T. Wright finds that well-nourished maturity, representing more gas is obtained at high tempera: the materials of a great many loaves of tures, but it contains more hydrogen and bread, cakes and pie-crusts, with some less hydrocarbons than gas as usually neighboring farmer or miller as its creditor for no small sum in the aggregate ; manufactured. the flesh was as white as that of a chicken

Paving blocks of wood are prepared -and the flavor-well, I am afraid the by M. Mallet, Moissac, in this way. He highest praise I can award is that they boils them in a solution of sulphate of had no flavor and was therefore unobcopper, sulphate of zinc, and chloride of jectionable. But then I had to cook sodium mixed with heavy mineral oil, them myself; no servant would touch linseed oil, and tallow, and afterward them ; and as my knowledge of the culicompresses them to about nine-tenths of uary art did not even include at that period those rough details with which their original volume.

my subsequent wanderings have perforce Treating of the Breadalbine mines, sitbrought me acquainted, the process conuated in the basin of the Tay, Scotland, sisted simply of flaying, decapitation, Messrs. Grant Wilson and H. M. Cadell curtailment, excavation and twirling state that lead ore was discovered at Tynthem in front of the grate by means of a drum in 1741, and was mined with vary- bent pin and a piece of cord. Dressed ing activity until 1862, when the mines, with as much care as is bestowed on a were abandoned, as they had quite ceased snipe or woodcock, I am persuaded that

# It Is True

That stable manure is a first-class fertilizer. It is also true that Animal Bone Phosphates are first-class fertilizers. We know that it costs some farmers as much as \$30 and \$40 per acre for stable manure, while 1/2 of the amount invested in PATENT IRON ROOFING Animal Bone Manures would give as good results. Yet all we ask farmers to Use Patent Iron Roofing, it outlasts use is 500 pounds to the acre of any of any building, and costs only a trifle Baugh's Raw Bone Manures, and thereby find that they pay a large percentage of profit upon the investment. 500 pounds of the \$25 Phosphate, at \$25 per ton, in Philade'phia, costs \$6.25. Some farmers think 400 pounds per acre enough. 2 bags of the \$25 Phosphate, each 200 pounds, will give you 400 pounds for \$5. TRY IT! eradicate this evil from the system.

....... Henry Ward Beecher, in the course of an extended interview, said :

I am a Republican and I am opposed to Mr. Blaine, because I think his elec-tion would be the most damaging thing for the Republican party that could occur. For this reason I shall vote for Gro ver Cleveland and I shall use whatever influence I am possessed of to further his election, and this I shall do, not because I am a Democrat, for I am not, but because I am a Republican. After working for 15 years to bring the Republican party up to a higher plane, on revenue retorm, civil serv le reform, and so on, I think it was an insult to all good Republicans to nominate a man like Blaine, who more than any other man antagonizes those reforms. I resolved at the first not to vote for him, and if a good man was put up against him I resolved to work for his election. Such a man, I am glad to say, has been nominated. ] voted for Mr. Grover Cleveland for Governor two years ago and I never regretted it. He has made a good Governor.

#### THEIR NAME IS LEGION.

Legions of people have their lives made miserable by piles. This painful difficulty is often induced and always aggravated by constipation. Kidney-Wort is the greatest remedy for all affections of this kind. It acts as a gentle cathartic, promotes a healthy action of the bowels, and soothes and heals the inflamed surfaces. It has cured hundreds of cases where all other remedies and applications have failed. Sold by all druggists.

TWENTY-FIVE PERSONS KILLED.

London, July 16.-News has just been received of a terrible railroad accident at Penistone. It seems that an express train while dashing past the station at the rate of thity-five miles an hour struck the rear car of a goods train which had not been properly shunted, completely wrecking the express. Twenty-five per-sons were killed and forty seriously injured.

The scenes underneath the bridge af-ter the train had fallen were terrible to witness. The carriages were reduced almost to splinters. The groans of the men and the shrieks of women and children were heartrending in the extreme.

My physician said I could not live, my liver out of order, frequently vomiting greenish mucous, skin yellow, small dry humors on the face, stomach would not retain food. Burdock Blood Bitters cured me. Mrs. Adelaide O'Brien, 372 Exchange st., Buffalo, N. Y.

CONFERENCE OF INDEPENDENTS New York, July 17 .- The Independent Republican General Committee met this sfiernoon at its new headquarters. Carl Schurz presided. The following call was adopted unauimously: "The undersign-ed committee invite all Republican and Independent voters, who disapprove the nominations made by the Republican National Convention at Chicago as unworthy of support, who think that the interest of good Government and public morals demand the defeat of the Republican candidates for President and Vice President, and who are therefore resolved not to vote for Blaine and Logan, to meet for conference either in person or by delegation for the purpose of determining upon a common course of ac tion in the pending canvass. The conference will be held at 11 a. m. on July 22, in the city of New York." The call is in the city of New York." The call is For Colds, (roup, Asthma, Bronchitis signed by the officers of the several In-dependent Republican Committees dependent Republican Committees.
