Whether over eating and drinking are made harmless by using Hop Bitters freely, giving elegant appetite and enjoyment by using them be fore and removing all dullness, pains and distress atterwards, leaving the head clear, and all the feelings buoyant, elastic and more happy than before. The pleasing effects of a Christian or sumptuous dinner continuing days afterwards.

Eminent Testimony. N. Y. "Witness," August 15, 1880,

"I find that in addition to the pure , spirits con tained in their composition, they contain the ex tracts of hops and other well known and highly approved medicinal roots, leaves and tinetures in quantities sufficient to render the article what the makers claim it to be, to wit, a medicinal pre paration and not a beverage-unfit and unsafe to be used except as a medicine

"From a careful analysis [of their formulawhich was attested under oath-I find that in every wine-glassfull of Hop Bitters, the active med cinal properties abide from the distilled spirits are equal to a full dose for an adult, which fact in my opinion, subjects to an internal revenue tax as a medicinal bitter. Hardened Liver.

Five years ago I broke down with kidney and liver complaint and rheumatism. Since then have been unable to be about at all. My liver became hard like wood; my limbs became puffed up and filled with water. All the best physicians agreed that nothing could cure me. I resolved to try Hop Bitters: I have used seven bottles: the hardness has all gone from my liver, the swelling from my limbs, and it has worked a miracle in this case; otherwise I would have been in my grave. J. W. Morey, Buffalo, Oct. 1, '81.

Poverty and Suffering.

"I was dragged down with debt, poverty and suffering for years, caused, by a sick family and large bills for doctoring. I was completely discouraged, until one year ago, by the advice of my pastor. I commenced using Hop Bitters, and in one month we were all well, and none of us have been sick a day since, and I want to say to all poor men, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost, I know it."

The "North American Review" for August contains an article by Justice James V. Campbell on "The Eocroschments of Capital" which will command the serious attention of all readers. Richard A.
