They are the most important secretory organs. Into and through the Kidneys flow the waste fluids of the body, containing poisonous matter taken out of the system. If the Kidneys do not act properly this matter is retained, the whole system becomes disordered and the following symptoms will follow: Headache, weakness, pain in the small of back and loins, flushes of heat, chills, with disordered stomach and bowels. You can thoroughly protect the Kidneys by BURDOCK BLOOD BIT-TERS, and when any of these symptoms manifest themselves you can quickly rid yourself of them by this best of all medicines for the Kidneys. BURDOCK BLOOD BIT-TERS are sold everywhere at \$1 per bottle, and one bottle will prove their efficacy.
