INTERESTING NOTICE.

Two weeks ago our Fall Stock began to arrive, and to say that we were surprised at the way they turned out expresses it but mildly. Every where we hear words of praise and commenda" tion. One lady from New York remarked: "I school as reported in our last issue. Adnever expected to find such a store in Bellefonte." If you will be honest and candid and take a look we know that you will be astonished and have to acknowledge the same.

In Dress Trimmings, Pasamentries, Fringes, Heading Ornaments, Buttons, Buckles, &c., our line will exceed by far any of our neighbors.

Our 54-inch dollar Dress Cloth for 75 Cents beats them all. The cloths are made by first-class makers-less eminent perhaps than Lupin but in quality and wear equal any made. We have but

a limited quantity left-remember 54 inches wide at 75 cents, never before offered for less than one dollar.

We would be pleased to have you call, and feel sure that you will not regret it.

-Go to Lewins for a cheap stit and save a week's wages. The Philad. Branch never imposes on its customers. It sells you good ready-made clothing for 30 per cent less than any other store will sell shoddy, and shabby styles.

--Wolf & Co. presented a sack of flour to each of a large number of families in town for assistance in putting out the fire on Monday morning, and saving their property near the church.

-Democrats of old Centre, get ready and give the ticket from President down to Auditor a big pull all along the line. Our nominees from Cleveland on down are men of good reputation.

----Give the Philad. Branch a call when you go to Bellefonte and see the immense assortment of men's and boys clothing. You will be as greatly astonished at the low prices as you will be at the extent of the stock. Lewins always deals farly.

-The pic-nic at Pine Creek was held by the Pine Creek and Liberty union schools, and not by the Musser dresses were delivered by Rev's Yearick, Fischer and Kerns. Charming music was furnished by the Millheim band, and fine vocal music by the schools.

- It seems that about half a dozen charges, now vacant, have given Rev. Fischer, Lutheran pastor of this charge, calls to preach. In order to preserve good feeling all around, we judge, he may find it necessary to refuse all and remain in his present charge which does not seem willing to surrender him.

-Miss Annie Heckman, a daughter of John F. Heckman, of Gregg town-ship, died suddenly on Wednesday morning, at her home, of heart disease. She complained of not feeling so well surace during the previous day. She was a \$9000. young lady of some accomplishments. Her age was about 16 years.

-On account of the burning of the Lutheran church on Monday morning, I have r-called my appointments made with the Lock Haven congregation, and will fill my own appointments as follows: Contre Hall, in Evangelical church, serwices at 10 o'clock a. m.; at Tusseyville, at 2 p. m. BIG FIRE AT CENTRE HALL.

Lutheran Church and Several Stables Burned.

On Monday morning last about 1:30 ly.

> calf, buggy and about eight tons of hay burned, also a good spring wagon be-longing to Mr. Wolf. In spite of all ef-forts the fire set Neff's stable ablaze ou the opposite side of the alley, which soon was in ruins. The exer ions of the itizens were then turned to eaving the Lutheran church, by parties who mount-

ed the roof. The southern cornice of the hurch had caught, and at one time it seemed that the fire would be put out, but having caught under the projecting wooden cornice where it was impossible for the men on the roof to throw water, the flames soon spread to the interior of the church, and the large, fine edifice Most of the church fixtures were saved. ria, Centre Hall. As the flames reached the large steeple and crept from base to pionacle, the sight was awfully grand,-the spire standing wrapt in red, lashing flames over its entire length, throwing a splendid glare over the entire neighborhood, until only the charred skeleton of thburning steeple remained and fell by the giving away of the burning base

underneath. The citizens bestowed all their power apon keeping the bank building, shops and other houses near the church wet with water from the bucket brigade of men and women. Large burning empers went like snow flakes over the town. Fortunately there was a perfect calm and the housetops were damp from the shower of Sunday afternoon, these with the untiring exertions of our citizens saved the fire from setting the buildings along side of the church ablaze. Had any of the houses on main street taken fire, our people would have been powerless, and at least half of the town would have been destroyed. By pouring a continuous stream of water on the shops across the alley from the burning church, the fire was kept from that quarter, oth erwise that entire square on church street would have been burned.

There is an actual insurance of \$3660 on the church. Mr. Wm. Wolf has \$200 resurance on his stable. The st ble of Mrs. Neff was insured for \$356. Mr. Sandoe's loss is about \$200, and ao in surance. The actual loss must be near
