INTERESTING NOTICE.

Two weeks ago our Fall Stock began to arrive, and to say that we were surprised at the way they turned out expresses it but mildly. Everywhere we hear words of praise and commendation. One lady from New York remarked: "I never expected to find such a store in Bellefonte." If you will be honest and candid and take a look we know that you will be astonished and have to acknowledge the same.

In Dress Trimmings, Passantories, Fringes, Heading Ornaments, Buttons, Buckles, &c., our line will exceed by far any of our neighbors.

Our 54-inch dollar Dress Cloth for 75 Cents beats them all. The cloths are made by first-class makers—less eminent perhaps than Lupin but in quality and wear equal any member. We have but a limited quantity left—remember 54 inches wide at 75 cents, never before offered for less than one dollar.

We would be pleased to have you call, and feel sure that you will not regret it.

Ladies' Plush garments made to order at the Bee Hive.

—Thursday evening, 23, ground was white with snow, and during the night ice 1/2 inch thick was formed on some troughs.

A pair of ears found their way to this office, through the kindness of Simon Rubie, for which he has our thanks. One of them was a whopper.

—I. J. Grenoble has purchased a number of lots near the railroad station, and is making preparations to build a grain warehouse on one of them.

BOB-SLEDS, on hand and for sale cheaper than elsewhere, made of best material, same also made to order on short notice, at the shops of J. B. Ream & Son, Farmers Mills.

—Rev. S. E. Furst, of the Bellefonte Lutheran charge, has resigned. The members do not feel like accepting it. He has been an able and faithful pastor.

—Give Miles Walker a good vote for Sheriff. He is a working Democrat, and will make one of the best Sheriffs the county ever had. Don't get back on Miles, he always does his duty and has been a true Democrat.

—Vote for McClain for Register, and for Bible for Recorder, they have been good officers and now understand the work of the places they have so creditably filled. They are sober, industrious, honest and obliging.

—The Democratic ticket with Curtin's name off and that of Mr. Hall inserted, will be circulated in this county. Democrats, keep a sharp eye on these, so that the game of juggling Curtin out of votes does not succeed.

—Wherever you see a lady wearing handsome shoes, you will find she purchased them at A. C. Mingle's in the Brockerhoff house block. It will pay to go there from the furthest point of our valley for boots and shoes.

—The people of Spring Mills are protesting against changing the name of that station to Rising Spring. We don't wonder, there is a charm in the name and it sounds better than Rising Spring. Spring Mills is a name that goes far back into the early days of the valley.

—Up Salt river there are no clothing stores, and if there were, transportation is so high, that it would cost a little fortune a month to buy a suit of clothes. So take our advice and stop in at the Philad. Branch before taking the Salt river boat. Lewins ain't going up and won't have a branch store there even, so look out for No. 1 before you start.

—Rain Monday and Tuesday, which was much needed to supply streams and wells.

If you want to save money on bed blankets and baps, go to the Bee Hive.

—Railroad excursion and Jubilee at Oak Hall, on Monday, 3. Don't miss it—see particulars in another column.

Walnut curtain poles only 45 cents at the Bee Hive.

—Johnny Mellen has shipped his shoe-store and household goods to Renovate. The first fitting by rail from Centre Hall.

Grand fall opening, October 25, 27, 28 and 29—Bee Hive.

Persons who have been habitual bolters of regular nominees should be the last ones to call supporters of Curtin bolters. Neither Patton, Curtin or Hall are regular nominees, strictly speaking.

—Wolf's new goods came on, first regular car-load over the new road. There will be a great opening at Wolf & Son's, and a lowering of prices, to celebrate the opening of our railroad at the "old stand."

—Have you seen Minsle's stock of boots and shoes in the Brockerhoff house block? If not go and see it, and after examining goods and prices you will find it just the place to purchase whatever you will need in that line. Goods guaranteed to be as represented.

—On last Thursday morning we saw the first snow-flakes for this season flustering in the air. It was cold and raw, and that's what called out these harbingers of winter and jangling sleigh-bells. We are opposed to any snow over six inches in depth from this on out.

—Lewins & Co. would like to have every man in the county call and see them. They feel assured that a week's wages can be saved in the purchase of a single suit of ready-made clothing, their prices being so low. Don't fail to call if you want to save money and wear a good article of clothing.

No matter what the result of the election, people need not think clothing will go up. Lewins & Co. will keep down prices, as heretofore, and other stores will have to follow suit, though the Philad. Branch will sell far the cheapest and best suits for men and boys.

—The public will regret to hear of the death of one of the principal citizens of Brush Valley. Mr. Peter S. Bierly, long and favorably known among us, fell asleep in the embrace of death on the morning of 13th instant, after a lingering illness. He resided at the home of his childhood near Rebersburg. The Bierly family is one of the oldest families in Brush Valley. Mr. Bierly's death creates a vacancy in the family and in the community—but our loss is his gain. His age is 65 years, 2 months, 12 days.

—John A. Woodward needs no better endorsement as to his fitness for legislative work and honors than the splendid way in which his neighbors stand by him. Two years ago when he first offered himself for nomination, Howard township, the precinct in which he lives, Howard borough, which adjoins it, and the four townships of Curtin, Liberty, Marion and Boggs, bounding it on the north, east, south and west, united to give him their solid support of their delegates in convention, and in addition gave him a practically unanimous vote at the delegate election. This year they repeated the compliment, and emphasized it with a demand for his nomination so loud that the Democracy of the county was constrained to hear and heed.

—Winter threatens to set in and now is the time to prepare for it. Get your fuel, secure your cellar walls, and look around for good, warm clothing. With the sudden changes to cold, no one should be without an overcoat so as to be ready for any sudden change. An overcoat costs money it is true—but the want of one may subject you to five times the cost of it in a doctor's bill and time being laid up from a cold, and which may even bring premature death. These are solid facts to be heeded. Now an equally solid fact is that good, warm clothing can be had so low that there is no excuse for any one being without it. The Philad. Branch alone sells clothing so low that no man or boy need shiver from the cold blast.

It is not for Lewins & Co. ready-made clothing in this part of the state would cost double the price it does now. They put down the price, and others had to follow, but none put down the prices as low as the Philad. Branch which still sells 25 per cent. below the lowest. This is the party then that deserves your patronage. Their assortment of overcoats and men's and boys' suits is unsurpassed by any store in Centre county.

From an invitation card sent us to be present, we observe that this evening will be a happy one in the mansion of our friends, Mr. and Mrs. J. A. Fry, at Lewisburg. It is the occasion of the marriage of their pretty and accomplished daughter, Annie, with Dr. Thomas B. Baker.

Sorry that other engagements prevent us from sharing the enjoyment of the evening—the Reporter, however, will be represented, and the happy pair have the congratulations and best wishes of the editor and lady.

JUDGE HOY SUSTAINED.

We have frequently spoken of the soundness of Judge Hoy as a lawyer, and we are glad to know that we were correct in our estimate of the man, and have the Supreme Court for our backing. From Huntingdon county three cases were appealed and Judge Hoy was sustained in all. From our county one case was appealed and Judge Hoy was also sustained. What more could be said in favor of Judge Hoy? Vote for him and you are safe in your man.

DRESSMAKING.—Miss Amanda Krambino having taken a thorough course of instructions in dressmaking, at Bellefonte, has returned to Centre Hall, and is prepared to render satisfaction in all kinds of sewing, either at her home or by the week with such as will need her services. Cutting done by the magic scale. 22c3t

A SPORTSMAN'S MANUAL.

As the autumnal gunning season draws nigh, a demand arises for information concerning the best ranges for game, and the waterways most prolific in fowl. For the purpose of supplying such a demand the passenger department of the Philadelphia, Wilmington and Baltimore Railroad has published a work entitled "A Paradise for Gunners and Anglers." The little volume is an exhaustive treatise on the game birds, water-fowls and fishes of the Delaware Peninsula, their habits, habits, and characteristics. An excellent map of the territory, showing the location of streams, and the means of access, and handsome illustrations of the rare specimens of birds and fish, serve both to embellish and lend interest to the book. Information as to the game laws, the time when certain game most abundant, the procurement of quills, boats, etc., and in fact everything which would make the way of the sportsman clear, is furnished in ample detail.

The book is distributed gratuitously, and may be procured by addressing JAS. R. WOOD, General Passenger Agent, Philadelphia, Wilmington and Baltimore Railroad, Philadelphia, Pa.

REPUBLICAN OPPOSITION TO THE NOMINATION OF A CANDIDATE AGAINST GOV. CURTIN.

Lock Haven, October 23.—A Republican Congressional conference was called to meet here to-day. A large delegation came from Millin county, but as none of the parties came as conferees they left for home this afternoon. They represented the Republican sentiment in that county as practically unanimous against making a nomination against Governor Curtin and said that seventy to eighty per cent. of the Republican vote would not endorse a Republican nomination.

The Union, Clinton and Clearfield counties favor the nomination of John Patton, of Clearfield, if it is thought advisable to make a nomination. The Elk delegates were undecided about the policy of a nomination. Centre has not yet sent representatives, but is expected to turn up to-morrow. It is understood they will oppose a nomination. The conferees did not organize to-day, but will meet to-morrow. So far there has been only informal talk. It is represented here that Patton will accept, if nominated.

The Republican county committee met to-day and got muddled on the question of printing the name of the Congressional candidate on the county ticket. It adjourned without action.

PATTON NOMINATED.

Renovo, Pa., Oct. 24.—The Republican congressional conference of the Twentieth district which met at Lock Haven, nominated John Patton, of Clearfield county, late last night. Only the five of the six counties composing the district participated in the conference, as some of the counties opposed making a nomination.

THE REMINGTONS OF ILION.

You must lose a fly to catch a trout is an old saying, and a true one; but what the investment safe? A piece of iron suggests but little to a village blacksmith. To the Remingtons, of Ilion, it means work, process, development, fame, fortune, everything; a rifle, a plough, an engine, a type-writer, or the sewing machine! It is the same iron, but in different hands. It lives, it grows it travels. It plants itself in every field of war or peace, it enters every town and hamlet, it seeks the merchant in his counting room, and the clergyman in his study; it crosses the threshold of every home, becoming a necessity and a household word. It has character, fibre, force and makes itself felt. It has power, it asserts dominion, it commands success. The history and travels of a bar of iron in the different departments at Ilion would make an interesting book. The children of our public schools must think so, for many of our little ones up and down the land are to be seen daily going to their homes each with a copy of "Sunshine" in hand, on which are the words "Remington" and "Ilion." Hereafter, if advertisements lie not, a farm without a Remington plough, or a home without a Remington sewing machine will be rare indeed.

The Remingtons of America. The Remingtons are the most popular gun manufacturers of America. They have no superior or equal in their special line. From any standpoint the work of the Remingtons is a marvelous success.

In 1816, over sixty-eight years ago, Eliphalet Remington founded the works which still bear his name, and to-day the Remington goods are known in New York and London, in Sydney and Brazil, in Chicago and in Hong Kong alike, and from the rivers to the ends of the earth the name of "Remington" is a household word. Their business is simply gigantic. It covers over a million a year to run it. The past has been full of work, and the future will simply take up the past, and carry it on through years to come.

SUICIDE OF PROF. GRIER AT LEWISBURG.

Lewisburg, Oct. 27.—The whole college and town is in excitement over the terrible suicide of Prof. Grier, the Latin professor. For over a week he had been complaining of ague and malaria, which finally turned into typhoid fever, Saturday evening between 10 and 11 o'clock his wife, who was alone with him, observed that he was acting very strangely and becoming delirious. She ran to the neighbors for help and when they came in to room they found that he had taken his own life. The professor had cut his throat and stabbed himself five times in the breast and abdomen with a pocket knife, which was still sticking in him. He lived but a few minutes after his death was a surprise, and the manner of his dying makes it all the more shocking. He leaves a wife and two children.

We have seen sheets of tickets put out labeled "Republican Democratic ticket," and it has the fraud upon it of Hall's name instead of Curtin's. Watch this, Democrats.

Let every man, Democrat and Republican, stand by Curtin next Tuesday—he manfully stood by you in congress. Watch the tickets that do not have his name on in order to cheat the unsuspecting.

We shall not abuse Mr. Hall, he no doubt, is a good enough Democrat, but his nomination is no more regular than that of Curtin, while Curtin is the undoubted choice of the majority. But an congressional timber, Mr. Hall amounts to about one cord while Curtin counts for a thousand.

TEN THOUSAND IDLE WORKMEN.

Fall River, Mass., October 20.—The shutdown of the mills took effect to-day and, although 10,000 persons are idle, there was no unusual throng on the streets, nor any excitement which would attract attention from strangers.

The Middleburg Post says: The water famine in this section is becoming alarming. Some of the farmers north of Middleburg are compelled to drive their cat the three and four miles to water and carry their water for household use from one to two miles.

Republicans, remember that Mr. Patton is not the nominee of your party for congress. Two different Republican conferences adjourned because they wisely took it that every fair and honest man would and should vote for Curtin.

Mr. Patton is the nominee of a boobal conference, which did not represent Republicans and was not authorized by that party. None but doves can go to vote for Patton.

JUDGE HOY.

Adam Hoy having received the nomination for President Judge by the voluntary withdrawal of Mr. Bailey, Mr. Hoy was immediately placed in nomination by the conference. His opponent is A. O. Furst, who, altho' an able lawyer, has always been a rabid Republican and an endorser of every extreme measure of his party and an apologist of the jobbers and monopolists who have preyed upon the public treasures of the state and nation.

Every Democrat should give his support to Judge Hoy, who is also an able and sound lawyer, and a gentleman of the highest integrity of character and strict sobriety. Upon the bench for several terms by the appointment of Gov. Pattison, he has rendered general satisfaction in Centre and Huntingdon counties. Republicans should vote for Mr. Hoy, because they are certain of having an impartial Judge upon the bench. He has not been a rabid and blind partisan, tho' always a consistent Democrat. He hails from a good Democratic family. The Hays have always been good citizens and earnest workers for the Democratic party, without any of them ever serving in office.

Democrats, Republicans, vote for Judge Hoy on Tuesday and you do your duty.

Democrats, look out for tickets with Hall's name on instead of Curtin's.

Blaine's gone up. Our roster is crowding it already.

We heard a Democrat offer to bet that Mr. Rhone would get 300 republican votes. With such a stampede of Republicans added to the entire Democratic vote, we look for 1300 majority for the farmer candidate for Assembly.

ONE OF JACK'S PLEASURES.

One of the strangest of the many peculiarities of the sailors, says an old shell-back, is his strong dislike for salt water. He not only has a great horror of being drenched with this fluid, but he will not even consent to use it for washing purposes. At first sight this dislike seems unaccountable. One would suppose that Jack would take as naturally to salt water as the average sea-going fish. He is comparatively free from this weakness when he enters upon his sea career, but it grows upon him steadily as long as he remains upon the ocean. While the dislike of the salt-water is growing upon him, however, his love for fresh water is strengthened in a corresponding degree.

Whenever Jack sees a heavy wave or even a shower of spray approaching him he will fly for shelter. He is protected in a measure from the waves which board the vessel by his heavy oil-skins and sea-boots. Whenever he fancies that there is any danger of his being attacked by salt water he arms himself with his oil-skins, but these prove no protection to his face when a shower of spray flies over him. And the idea of salt water trickling down the back of his neck is about as agreeable to him as is the thought of an approaching mouse to the average woman. An old sailor is generally very expert in dodging these sudden thrusts of Neptune, but when they strike him unawares it gives his delicate nerves a great shock, and causes him to cry out as if he were really undergoing great agony.

The approach of a heavy wave will sometimes cause an entire watch to imperil the safety of their ship by dropping at a critical moment the braces on which they are hauling. Men have been known to desert the wheel in order to avoid being drenched with spray. It often happens that when several men on watch are engaged in conversation one of them will pause in the middle of an argument; and, after giving a warning yell, will fly for shelter as if his life depended upon it, simply because he fancied that his skin was in danger of being splattered with salt water. A green hand, however, does not seem to mind a little spray; but when a shower of this description strikes him he will look around in surprise at the old sailors who are fleeing in terror.

THE ANCIENT NEWSPAPER.

It will be seen that the daily paper of a hundred years ago was full of elopements from Camberwell, private conversations, and chit-chat. It was a very different thing from the imposing sheet of to-day, which barely deigns to notice anything but high politics, and which busies itself with ordaining the fate of ministries in the most mealy-mouthed and empty phrases, which avoids all mention of individual men and women (except the "respectable tradesman"), until they divorce to come into the police court or the chancery court.

—Railroad opening at Wolf's store on Saturday and grand railroad excursion on Monday. Don't miss either.

The hog cholera is still raging in Clearfield county.

Diphtheria is devastating some Centre county homes. Mr. Lot Gross, of Howard, has lost three children by the dread disease within a brief time.

A number of fishermen and hunters in Sunbury have joined with a number from Union and Centre counties in purchasing several hundred acres of land on the Allegheny mountains back of Unionville and Snow Shoe for fishing and hunting purposes.
