A HOME-MADE GIFT. - A gift of a pretty table would be appreciated by almost anybody, and a very pretty and fully, put on in the same water to boil, even elegant one may be made at no and cook gently several hours, careful great expense. Have made at a car- not to scorch it; drain off the water left penter shop a stand with a square top in it for brown bread, sift through a and with four small, straight legs; cover the top and legs with royal blue velvet or velveteen; around the stand put a sort of valance or lambrequin from eight to ten inches deep, and if cinnamon, allspice and ginger, good skilled in the needle work of the day, milk to make three pies. Bake moderwork at intervals of five or six inches a rose or bud, with slight stems and few leaves, in the lovely ribbon embroidery which makes so handsome an adornment and does not require so much time and material as many other kinds of embroidery. If you choose to have a low shelf on the table, that may be covered with the velvet, but need not be decorated. A sofa pillow to match this table is very effective. A square of the royal blue velvet, with a bunch of roses and buds carelessly laid on, is all that is required, and the cushion is handsome if lined with satin, and needs no cord or other finish at the edges.

PRESERVED GRAPES IN BUNCHES .-Take out the stones from the bunches with a pin, breaking them as little as possible; boil some clarified sugar to nearly candying point; then put in sufficient grapes to cover the bottom of the preserving kettle, without laying them on each other, and boil for nearly five minutes merely to extract all the juice; lay them in an earthen pan and pour the syrup over them; cover with paper, and next day boil the syrup, skimming it well, for five minutes; put in the grapes, let them boil a minute or two; put them in pots and pour the syrup over them, after which tie down.

MUSTARD PICKLES - Equal quantities of small cucumbers, the largest ones sliced, green tomatoes sliced, cauliflower picked into flowerets, and small button onions. Keep them covered with strongly salted water twenty-four hours. In the morning scald the brine, and dissolve in a bit of alum the size of a nutmeg. Pour the boiling brine over the pickles. When cold drain thorougly, and prepare as much vinegar as there were quarts of brine. To one quart of vinegar use one cup of brown sugar, half a cup of flour and one-fourth of a pound of ground mustard, and stir the boiling vinegar into it, and when smooth pour it over the pickles.

A Case Beyond Help.

Dr. M. H. Hinsdale, Kenawee, Ill., advises us of a remarkable cure of consumption. He says: "A neighbor's wife was attacked with violent lung disease, and pronounced beyond help from quick consumption. As a last resort the family was persuaded to try Dr. Wm. Hall's Balsam for the Lungs. To the astonishment of all, by the time she had used one half dozen bottles she was about the house doing her own work. I saw her at her worst, and had no idea she could recover."

How Women Differ from Men.

At least three men on the average jury are bound to disagree with the rest just to show that they've got minds of their own; but there is no disagreement among the women as to the merits of Dr. Pierce's "Favorite Prescription." They are all unanimous in pronouncing it the best remedy in the world for all those chronic diseases, weaknesses and complaints peculiar eases, weaknesses and complaints peculiar to their sex. It transforms the pale, haggard, dispirited woman, into one of sparkling health, and the ringing laugh again "reigns supreme" in the happy household.

In thirty years' successful experience in the manufacture of 150,000 instruments, the the manufacture of 150,000 instruments, the Mason & Hamlin Company have accumulated facilities for manufacture without which they could neither produce as good organs as they now make, nor with as great economy. FROM SPRINGFIELD, MASS.

Consumption Can be Cured.

DR. J. H. SCHENCK.

Dear Sir:-About sixteen years ago, while living in Canada, my health became very poor. My isease came on gradually, beginning with a loss of appetite and afterwards great weakness, which brought on night-sweats and a dry, hacking cough. My chest and back were very weak, and so sore that I could not bear my weight against the back of a phia, Pa. chair. At different times I raised considerable blood, which my physician said came from the lungs. I employed several doctors, but they all told me the same thing—that my lungs were badly affected; and the last one that I had also said that I could live but a short time, and that I had better go to my mother's home in Winstead, Ct., as soon as I could, that with careful nursing I might live for some time. When I got to my mother's I was very low indeed, so that my mother sent for her doctor. He pronounced me beyond all help. He, however, left me some medicine which he said would relieve my worst symptoms. After this my mother employed another doctor, who said that one of my lungs was nearly gone. I ate scarcely anything for several months, and never expected to get well. One day a friend, who lives in Collinsville, Ct., gave my father one of your pamphiets on Consumption. He brought it home and told me to look it over and see if any of the cases described in it were like mine. I read the book through, and found so many cases described there that seemed as bad as mine, that were cured, that I began to hope that I too might recover by using the medicines. My father finding that they were not kept in Winstead, sent to New York and got a supply. In one week after I began their use my night-sweats ceased, and my appetite began to improve. In two weeks after this I was much better in every way. I commenced to use the medicines in March; in July I felt quite strong; in two months more I was well, and I have had good health ever since. I believe that I would not be alive to-day but for the use of your medicines, as all the doctors I had said my disease was Consumption, and that I was incurable. Yours truly, MRS. CHAS. W. PLUMMER,

274 Main St., Springfield, Mass.

From the Rev. Stephen Roese.

DR. J. H. SCHENCE, Philadelphia, Worthy Gentleman:-It is with a feeling of gratitude I seat myself to write you this letter. A litthe over a year ago I received from you a small box of your valuable medicines, Pulmonic Syrup, Seaweed Tonic and Mandrake Pills. for my wife, who had been very sick for many years with female weakness and weak lungs. She had had two severe attacks of Pneumonia, and our physician gave it as his opinion—as from her great debility—that she could not live through the third one. She began to take your remedies according to directions, and we immediately saw great improvement in all her symptoms. She was soon free from her cough, and began to gain in fiesh

rapidly. At this date she is perfectly well. I wish to add that your PULMONIC SYRUP is the only medicine I have ever found that gives relief in my bronchial complaint, usually called clergyman's sore throat. During the winter season, if I speak much in public. I often suffer from it, but Your PULMONIC SYRUP gives me immediate relief, and strengthens my voice.

Since my wife's cure I have recommended it to many of my neighbors, who have used it with great benefit in coughs and colds. Yours truly, REV. STEPHEN ROESE, Missionary for American Baptist Pub. Society,

The Rev. Mr. Roese again writes, under date of April 7, 1882: My wife's health remains good, showing that our medicine have made a perfect and permanent cure. I think your PULMONIC STRUP the best cough remedy in the world. I am advertising you wherever I go in my travels.

Maiden Rock, Pierce Co., Wisconsin.

Hereditary Consumption Cured. DR SCHENCK,

Dear Sir:-In the autumn of 1877 I had a severe cough, with terrible pain in my sides and between my shoulders. I had very little appetite, and what little I could eat only distressed me. I consulted physicians; who said my condition was a very bad one, and gave me five different cough syrups and tonics, from which I received no benefit, but seemed to grow worse, and kept losing fiesh and strength. I had night-sweats, and sweat most of the time during the day. I coughed and raised blood and a salt, foamy phlegm; my throat was filled with ulcers, I could hardly swallow; sometimes I could not speak a lond word for weeks; my lungs grew more painful every day, with difficult breathing, while pleurisy pains would almost stop my breath. I had colic pains, sour stomach, and vomiting up everything I ate. My whole body was filled with pain. I could not Le down, but had to recline in a sitting posture to breathe. I gave up, and did not think of ever getting up again, as it was hard moving myself; my feet and ankles began to swell badly, and my hips had given out long before. In this sinking condition I thought I would try your remedy for Consump ion; it might do me some good; it could do no harm, for I was certain I could not live a month longer the way I was. At that time, May, 1878, I procured your Pulmonic Syrup, Seaweed Tonte and Mandrake Pilis, and took them as directed. In a week I was bester, and began to throw off from the lungs a greenish yellew matter streaked with blood. I could eat a little without throwing it up, the pains in my sides were not so severe; I could sleep an hour very soundly, and that was what I had not done for

soundly, and that was what I had not done for three months.

I took your medicines steadily six months; my cough got better, I did not sweat so bad hights, kept gaining slowly, and in a year after I began to gain flesh, and last September weighed one hundred and thirty-five pounds—fifteen pounds more than I ever weighed before in my life.

Your medicines, I know, saved my life; and I would say, from my own experience, to all Consumptives, take Dr. Schenck's medicines, for they will certainly cure you. I had Consumption, it is hereditary in our family, my father and two brothers having died of it. I have had better health the past winter than for ten years previous. ers having died of it. I have had better past winter than for ten years previous.

Yours respectfully, MRS. SARAH A. CARTER. CARLISLE, MASS, April 5, 1880.

From Philadelphia. DR. J. H. SCHENCE & SON:

Gentlemen:-Last November I was afflicted with Beauty Balm, Tiger Tenic, Beard Grewer-Olipares Co. Phila. Pa. | a severe cough, which settled on my lungs. I re-

turned to Rochester, N. Y., my home; and on examination by two of the best physicians, found my ungs badly affected. I had a severe hemorrhage, and was given up by my friends, who never expected me to return to Philadelphia, where I was engaged in business; but a Mr. Babcock, a friend, brought me a bottle of your Pulmonic Syrup, and from that time on I began to improve; and after taking the second bottle I gained 15 pounds, and am still gaining, and can cheerfully recommend your Medicines to anyone who is afficted with
