HOW HE ESCAPED.

The Strange Story of a Doctor's Personal Experience

Syracuse, N. Y Herald.

The HERALD lays the following statement before its readers with the assurance that it is undoubtedly true in every parlarge number of our readers.

To The Editor of the Herald: SIN: I dislike the notoriety of a newspaper letter over my own signature, but in this matter duty compels me. As many are aware, I was for years in a feeble condition, many people expecting my death at any time. In 1879, while at Denver, Colorado, I was attacked with a mysterious for years from Chronic Catarrh, Six hemorrhage. I lost 20 pounds of flesh in weeks ago I was induced to try Ely's three weeks. I came home utterly broken Cream Balm. Relief was instantaneous, down. My physicians said some peculiarity of the western climate produced the most complete cure, -S. M. GREENE, disorder. I made the journey again a Book-keeper, Steamboat Co., Catskili, few months later, however, without ill effects, but on my return home 1 was prostrated with pneumonia. My left lung soon entirely filled, and my legs and body became twice their natural size. I was obliged to sit upright in bed for several weeks in the midst of the severest agony, with my arms over my head. I was in constant fear of suffocation. Many a night I had deadly sinking spells. When the pneumonia abated the hemorrhages returned. My legs were twisted with cramps, my skin was very hot and dry, my blood circulated unevenly, my mouth was parched. I was tormented with the palas of gravel and mucus in my fluids, and my back ached excruciatingly. 1 did not know what was my especial disorder, but in April, 1881, a council of

five of the best physicians of Syracuse said I could not possibly recover. They advised me to try the virtues of a certain mineral spring. With pitiful helplessness by fifteen physicians, who concurred that be the result. I was incurable. Nevertheless, I continued my journey to the springs, remained there several weeks, but returned home without benefit or hope.

affected my knee. Stomach and bowel and I have had no trouble since." derangements came in their turn, with an occasional fluttering of my heart, and an larity of appetite succeeded. Fitful pains we please. of a neuralgic order flitted about my body. and after a day of hard work my arms

lief. After a night of restlessness and 50 cents.] hallucinations, I would awake in the that I could not arise until I had drunk a the water of life, faith. cup of strong coffee or tea. The disease which had fastened on me during all these years my physicians said was Bright's Disease of the Kidneys, pronounced by every medical authority to be about Carboline, the great Petroleum incurable. Having exhausted all authorized remedies, I dismissed my medical attendants and began the use of Warner's fully persevered for two and one-half years, and it has saved my life and preserved my health, when twenty of the most com-petent physicians said I could not recover. I have taken over 200 bottles, following all diet rules and directions.

The life of a mere wordly man is like an African river that wastes itself by soaking into the desert sands.

MESSRS. HOUCK & BARNIE, managers of the Baltimore, Md., Base-ball Club, state, as the opinion of all base-ball players,-and no set of men are more susceptible to sprains, bruises, aches ticular. The writer is a well and widely and pains-that St. Jacob's Oil, the known citizen and his case is familiar to a Great German Remedy, is the best cure ever used, and they jointly acknowledge its merits.

> Only have enough of little virtues and common fidelities, and you need not common fidelities, and you need not eraptions, ulcers, glandu ar swellings, and mourn because you are neither a hero kindred outward manifestations of the innor a saint.

CHRONIC CATARRE, - I have suffered and continued use has resulted in an al-N. Y.

Almost the best rule of life is to be worthy of one's self.

"Rough on Pain."

Cures colic, cramps, diarrhœa; externally for iches, pains, sprains, nealache, neuraigia, rheu-natism. For man or beast. 20 and 50c.

Perhaps the happiest period in life most frequently is in middle age, when the eager passions of youth are cooled, and the infirmities of age not yet begun.

MENSMAN'S PEPTONIZED BEEF TONIO, the only preparation of beef containing its entire nutri-tious properties. It contains blood-making, force generating and life-sustaining properties; invalua-ble for indigestion, dyspepsia, nervous prostration, and all forms of general debility, also, in all en-feebled conditions, whether the result of exhaus-tion, nervous prostration, over-work or acute dis-ease, particularly if resulting from pulmonary complaints. Caswell, Hazard & Co., proprietors, New York. Sold by druggists. New York. Sold by druggists.

The power of the mind over the body I dragged myself to the cars, but was is immense. Let that power be called obliged to stop over at Worcester, Mass. forth, let it be trained and exercised, more than it is possible for us to re-There I was again thoroughly examined and vigor both of mind and body will ceive.

Don't You Do It.

My DAUGHTER and myself, great sufwould feel numb, so I often had fears of ferers from Catarrh, have been cured paralysis. So terrible at times did my by Ely's Cream Balm. My sense of back and arms ache that at the close of smell restored and health greatly imwork I would lie on my couch for an hour proved .- C. M. STANLEY, Merchant, with arms upraised in vain attempt for re- Ithaca, New York. [Easy to use. Price

The bread of life 1s love; the sait of morning with such a distressing headache life, work; the sweetness of life, poesy;

In Switzerland, the minnow reaches an altitude of about 7900 feet above the sea level, according to Mons. V. Fatio, and the miller's thumb one of 7200 feet. The perch stops at 6500 feet, and no others pass above 2000 feet, although the carp, tench, rudd and chub have been successfully introduced at 3500 to 2500 feet.

Storm Signals.

As the coming of a great storm is herald-ed by the display of cautionary signals, so is the approach of that dread and fatal disease, Consumption of the Lungs, usually announced in advance by pimples, blotches, ternal blood poison, which, if not promptly expelled from the system, at not promoty expelled from the system, attacks the deli-cate tissues of the lungs, causing them to ulcerate and break down. Dr. Pierce's "Golden Medical Discovery" is the great remedy for this, apfor all diseases having their origin in bad blood. It improves the appetite and digestion, increases nutrition and builds up the wasted system.

Never make your ear the grave of another's good name.

Young or middle-aged men, suffering from nervous debility or kindred affections, should address, with three letter stamps for large treatise, World's Dispensary Medical Association, Buffalo, N. Y.

The charity which longs to publish itself ceases to be charity.

For diarrhoa, cholera morbus, dysentery and bloody-flux, colic or cramps in stom-ach, use Dr. Pierce's Compound Extract of Smart-Weed. Specific, also, for breaking up colds.

An opinion that is backed by curses, shows a limited range of ideas.

Mothers

If you are failing; broken, worn out and ner-ous, use "Wells' Health Kenewer."\$L. Druggists.

Too often we demand more affection than we give, more than we deserve,

I HAVE BEEN & Severe sufferer from Catarrh for the past fifteen years, with Don't suffer any longer with the pains distressing pain over my eyes. Gradually the disease worked down upon my commenced using Ely's Cream Balm, ren, Rutland, Vt.

> Those who understand the value of time, treat it as prudent people do their money; they make a little go a great ways.

An improvement in Upright Pianos has been introduced by the Mason & Hamlin Company, long famous as organ makers, which is regarde i as very important, addand rendering it much more durable .- Boston Journal.

"Do you know," said an extremely vivacious young lady to her excessively bashful suitor, "do you know, George, that young ladies like to be told that they are pretty and attractive, whether they are or not?"

"I would not think of telling you any such thing," said George gallantly, "for your looking glass tells you better than I could that you are as handme as a picture.

"You have the prettiest face and the

small it is certainly not because of hav-

A New Sugar-Making Process .-Louisiana planters are directing their attention to a new, process for extracting sugar, invented by Konrad Trobach, of Berlin. It is purely chemical, differing materially from the mechanical process now used, and if it shall prove to be all it is claimed to be, will affect a revolution in sugar-making and cheapen the article still more. Trobach's process dispenses with crushing and pressing altogether; the cane is cut into slices by means of machinery, and the water extracted from it by alcohol vapor, which, having an affinity for the water absorbs it, but leaves the saccharine in the des-

recated cane. This is then treated with liquid alcohol, which extracts the sugar, and afterward the sugar is extracted from the alcohol, or the alcohol from the sugar, by filtering through lime and chalk. One great obstacle to the cheap manufacture of Louisiana sugar is the difficulty of extracting all or nearly all the saccharine from the cane; a considerable portion is lost in the bagasse or refuse which is thrown away or burned. If this waste could be saved it would cheapen the process 1 cent a pound, The present sugar-making machinery in Louisiana would be an impediment to the introduction of the Trobach method. It is not adapted to the new process and would have to be thrown away-a sacrifice which the Louisiana planters could ill afford, as their machinery is very costly.

The mongoose, which was some years ago brought from India to stop the rayages of the sugar-cane rot in Jamaica, has increased in that island to such an extent, and has become so destructive to poultry and even to iruit and vegetables, that it seems liable to soon become a veritable pees. Since being introduced from Europe, the dog has become very numerous in a wild state in Australia, but, instead of confining itself to subduing the Australian plague of rabbits, it now causes a great slaughter of sheep. The weasel and the sloat which New Zealand people have imported from England to keep down the rabbits, have multiplied so rapidly that the remedy is expected to become worse than the original affliction in a very short time.

A new variety of sulphur has been obtained by M. Gernez in the form of very long prisms of a pearly texture by rubbing the sides of a test-tube containing the suffused sulphur with the end of a platinum wire or glass rod. When the crystals are introduced into suffused sulphur they give rise to a growth of similar crystrals throughout the mass, and the formation is much more rapid than that of either of the previously known forms.

Distilled water in the daylight is of a deep blue color. By gaslight the color is green.

Woman's Suffering and Relief.

Those languid, tiresome sensations, causing you to feel scarcely able to be on your feet; that constant drain that is taking from your system all its former elasticity; driv-ing the bloom from your cheeks; that continual strain upon your vital forces, ren-dering you irritable and fretful, can easily be removed by the use of that marvelous remedy, Hop Bitters. Irregularities and obstructions of your system, are relieved at once while the special causes of periodical pain are permanently removed. None receive so much benefit, and none are so profoundly grateful, and show such an interest in recommending Hop Bitters as women.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, bolls, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Barsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself cured." C. E. LOVEJOT, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid ; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

'My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. STANTON, Mt. Vernon, Ohio.
