Miss Anna Johnson, of 24 Front street, Columbus, Ohio, says: "I suffered from an aggravated form of constipation and indigestion for several months. My fam-ily physician tried all kinds of medicines and physician tried all kinds of medicines and pills, but to no effect. I began to think my case was a hopeless one. A friend of mine (Mrs. Elvira Redmond, of East Long street, this city), called, and seeing the con-dition I was in, recommended me to try your MANALIN. I must say I had but little faith in the medicine, but after I had taken a few doses I was convinced that MANA-LIN was the medicine for me. After 1 had taken one bottle I was entirely well of my complaint. I consider it one of the best remedies for constipation I have ever best remedies for constipation 1 have ever used. I have several friends who are us-ing it. They think it an excellent remedy. I recommend it to all who are afflicted with constipation or indigestion. Any one doubting this statement is invited to call on me at 24 Front street." Mr. Milton Knotts, Urbana, O., writes:

By this we do not mean to say "terms cash" and sell on credit but mean what we say, and the editor of the "Reporter" cannot buy 50 cents worth unless he planks down the cash, and so the rule will apply to all alike. We next wish to show that this new system will be even more advantgeous to the public than to ourselves, as follows :

1st-Merchandise bought on credit must eventually be paid for and as there are always more or less dead accounts the merchant is compelled to add at least 5 per cent. to the price of his stock to account for his loss.

2d-On account of not getting money down he must add another 5 per cent. to pay the interest on his borrowed money. 3d-It requires one-third more work to make a blotter charge than to simply take the money and this necessarily
