Old in Experience.

We have had thirty years' experience in manufacturing Raw Bone Super-Phosphates, and farmers may depend upon our goods.

There is no improvement or economy of manufacture suggested by science or accomplished by skilled experience, that we have not embodied in producing reliable and cheap fertilizers.

It has been shown over and over again by testimonials from reliable farmers, and by analyses made and published by State Boards of Agriculture, that Baugh's \$25 Phosphate is a complete and reliable fertilizer for general

EXCLUSIVE ENGLISHMEN.

The following anecdote is told in relation to the unsocial habits Englishmen who travel. An old American gentleman was travelling from Liverpool to London. Three gentlemen in all occupied the carriage, and for an hour after the train had begun its journey never one exchanged a syllable with another. At last the American broke silence, and said: "Gentlemen, I am L-D-. I have come --. I have been a merchant for fifty years, and now I am living in ease. I am eighty years of age, and I have two eyes and one broke it up. tongue, and, like a great many of my countrymen, I take a pleasure in using them. My eyes feel the period in which they have done me service, and I cannot read for the motion of the train. Having introduced myself, I trust, gentlemen, you will not look upon me as a pickpocket." A NEW DEPARTURE.

A Strictly Cash Store where goods are bought and sold for Cash.

We do not think it necessary to recall to the minds of the people the instances under our own observation in which business men have been ruined by the credit system, but] ask you frankly whether it is not the cause of embarrassing so many business men of to-day. Believing you admit it we desire to impress you with the fact that on and after FRIDAY, DECEMBER 26,

we will inaugurate an entire new system

STRICTLY CASH OR MONEY DOWN. By this we do not mean to say "terms tast" and sell on credit but mean what we say, and the editor of the "Reporter" cannot buy 50 cents worth unless he planks down the cash, and so the rule will apply to all alike. We next wish to show that this new system will be even more advantgeous to the public than to ourseives, as follows:

let-Merchandise bought on credit must eventually be paid for and as there ere always more or less dead accounts the merchant is compelled to add at least 5 per cent, to the price of his stock to account for his loss.

2d-On account of not getting money down he must add another 5 per cent. to psy the interest on his borrowed money. 3d-It requires one third more work to make a biotter charge than to simply

take the money and this necessarily adds another 5 per cent. to the price. 4th-Not being able to pay for goods as soon as they reach the store, (by hav ing money in his books,) the credit merchant pays 5 per cent. more than the

cash merchant. You can add numerous reasons of your own and conclude by saying, 'it is a golden idea for all," and in addition to the saving of 15, 20 or 25 per cent, on our goods we will be able to close the year free of debt.

Under the new system we offer Granalated sugar at 7c, Arbuckles' coffee at 16c, best home-made flour \$1.10 per sack, White Deer roller flour \$1.25, Asyrup38c per gallon, Appleton A muslin 7c per yard, dress goods 5c, best prints 6c, cheap prints 3, &c., &c.
