THE ECLIPSE A FAILURE.

GARMAN'S STORE A COMPLETE SUCCESS.

Our newest offerings in Embroidered Dress Patterns, in Batiste, India Linen, Pink and Blue Chambray are beautiful.

In Stamped goods we have Tray Covers, Side Board Covers, Tildes, Slipper Cases, Umbrella and Cane Cases, Splashes, Fringe for Lumberquills, etc., etc.

Did you ever buy Merrimac & Allen Shirting Prints (not standard) at 6 cents? We have lots of them—you usually pay 7 & 8 cents for them.

Everything in our stock at proportionately low rates—we offer no baits, but do a strictly honest business. Everything must be as we say—we will make it right.

Fancy Baskets for Decorating, Cornucopias, Hair Receivers, Catch-alls, etc.

They tease us about wheelbarrows, but they will not be in for a few years yet. We want you to understand that ours is a Complete Dry-Goods and Fancy Notion Store—should be called "Yankee Notion," but that word has become almost obsolete. We don't aim to keep a hardware, leather, grocery, furniture, clothing, bakery, stationery, or a general banking concern, we will be content to have you come for Dry-Goods and Notions only.

Mr. Jas. A. McClinton, of Gregg, called to see the "Reporter." Mr. M.C. is a decent Republican and seems to be gaining flesh already under a Democratic administration.

Go to the Philadelphia Branch for the best bargain in suits in these United States. Lewins & Co. defy the world for low prices in ready-made clothing and offer as good an article as is manufactured.

DEDICATION.—The new Lutheran church at Madisonburg will be dedicated on Sunday, April 19, '85. Rev. Dr. Conrad, of Philadelphia, will perform the dedicatory services. A general invitation is extended to all to be present.

Bellefonte with its fire companies, hose carriages, and plenty of water, will have big fires, and so other towns. In Centre Hall without some of these needed precautions there are folks who think we should get ahead of any kind of a fire. Well, this is a queer world.

Overcoats are still needed, winter may last a good while yet, and you can buy any style at almost cost at the Philadelphia Branch and get a first class article. You can't get as good a bargain anywhere in any kind of ready-made clothing as at the Philad. Branch.

A very valuable horse owned by Mr. Michael Grove, of Lemont, died on night of 7. The animal was fastened near Dr. Dale's office when it became frightened and rared, coming down on the post, which so injured the animal's stomach that it was necessary to end its life with a dose of cold lead.

Go to Murray's Drug Store, Centre Hall, for your Christmas and Birthday cards, also toys for your children, full line of drugs and medicines kept in stock. Any drug or medicine not found on hand will be got for you inside of 48 hours from the time you leave your order. J. D. MURRAY.

The cold weather does not have any effect on the low prices at the Philadelphia Branch—it makes them sell all the more for it. People know that bargains are always had there and if they want a suit, overcoat, or any other goods of men and boys' wear, they go to Lewins & Co. for it, as it amounts to a saving of from \$3 to \$10 every time.

We direct the attention of our readers to the announcement for the spring term of the Centre Hall select school. Mr. Shires, the principal, is one of the most experienced and efficient teachers in our valley. His qualifications have stood the highest test and his labors in the educational field have been a success.

On account of the unfavorableness of the weather at present to finish our church at Madisonburg, the dedication thereof has been postponed to the 19th of April, instead of the 12th as before announced. Dr. Conrad, of Philadelphia, is expected to officiate, and neighboring ministers will assist in the services. All are invited to be present.

F. AUFRAND, PASTOR.

Lewins & Co. wish to have every man in the county wear one of their suits, and to gratify this becoming ambition they will sell suits and overcoats from now until April, at a sacrifice. Goods have been marked down so low that no competition can reach the same low figures. The Philad. Branch can undersell all others because they have their stock from first hands, and the profit of the jobber and wholesaler goes to the one who purchases at the Philad. Branch.

One of the oldest buildings in this place, what used to be the Felmele hotel, stands now on its move eastward, and will be landed on a new foundation two squares from its present site. This building is being removed to clear the lot for the new Lutheran church. Ex-Sheriff Spangler has purchased the old house which is one of the largest in town, and is having it put on his lot nearly opposite Jacob Arney's, and will fit it up for a double dwelling.

All towns complain of bursted hydrants and frozen water pipes, and our town is not an exception. In ordinary winters, Centre Hall escapes these troubles, in which we are more fortunate than many other towns, but this winter is an exception, and many of our hydrants have been closed by the frost king. Many of our farmers complain of their water pipes being frozen, and having to go long distances for water. The frost has penetrated the earth from three to four feet. There never was a winter like it in the recollection of the oldest inhabitants.

The Evangelical appointments for this district are as follows: L. Williams, at Centre Hall, G. W. Curran, Millsburg, J. H. Welch, Liberty, F. S. Vought, East Liberty, J. D. Stover, Grover, H. A. Stokely, Highland, E. O. Gooding, Wayland, J. M. Price, Seneca Falls, Z. Hornberger, A. Krause, member of the Bennett Street Quarterly Conference; R. Young, Member of the Jersey Shore Quarterly Conference; Jazo Takano, member of the Tokio, Japan Quarterly Conference.

PERSONAL.—Cyrus Zeigler has flitted from Madisonburg to Wolf's Store. W. R. Lee becomes tenant on the Wilson farm at the Centre Hall station. Math Boob moves from Haines twp. to Elton county, where he purchased a farm. Perry Condo, of Miles, illumined our sanctum with his presence and reports his section of the kingdom O. K. John L. Runkle moves from Centre Hall to a farm in the Loop. J. C. Ripke, of Georges valley, give us a call; he reports snow too deep in the mountains for lumber operations. Samuel Krenner and Wm. M. Mosser, both of Centre Hall, one mile east of Old Fort, called to see us; they both move to farms in Haines twp.

FROM NEBRASKA.

CLARKS, Neb., Feb. 9, 1885. Farmers are preparing for the coming spring to sow wheat, oats, barley, etc., there is some winter wheat and rye sowed and it looks well, the frost going out of the ground. Our winter was steady and plenty of snow, but the pleasant sleigh ride we must take it when the snow is falling. Week before last we had 14 inches of snow, and last Monday night it was all gone. I live six miles south of Clark station and can see the train run in and leave town, and see it run to Centre City 11 miles southwest of Clark. I traveled all over the Pennsylvania mountains and hills. I would like to be with my friends to spend an evening in talking and answering the questions of renters of farms who give the 1/4 of all they raise, build fences, split rails, haul manure so the stone ridges will produce 15 to 20 bushels of wheat, 25 to 30 bush of corn, then oats, then put some in fall wheat, harvest it, put into clover and timothy, and pick stones. I have done such 25 years ago, but if I would have known of a country like this, I would be going among the renters of farms who give the 1/4 of all they raise, build fences, split rails, haul manure so the stone ridges will produce 15 to 20 bushels of wheat, 25 to 30 bush of corn, then oats, then put some in fall wheat, harvest it, put into clover and timothy, and pick stones.
