Chronic Catarrh.

C. W. Mellier, of 406 South Fourth street, St. Louis, is twenty years of age, and has been a sufferer from chronic catarrh, which had become quite offensive. When he came to Dr. Hartman, two months ago, he was told it would take six months to cure him. But he has pro gressed beyond all expectations, and nearly all signs of the disease have disappeared. Before being treated he could not breathe out of the nose, and now he has perfect control of the nasal organ. PERUNA did the business.

James Dunn, of 13to Gay street, St. Louis, has suffered from catarrh since The gentleman told the reporter 1870. the following straightforward story of his case. "I took the disease in Memphis. It commenced in my head and extended to my throat, and a bad cough followed. I went to a number of physicians, and they told me my trouble was liver disease, and one said it was palpitation of the heart that caused the cough For the last year I have been practically worthless. I could not ascend a flight of stairs without suffering from shortness of breath and fast beating of the heart, and my appetite was very defective. After eating I often coughed so hard that I would throw up everything in my stomach. I could not walk any distance without panting. Five weeks ago I went under the care of Dr. Hartman, and now my cough has disappeared and I feel like a new man," PERUNA was his treatment.

Next came George Sauerbaum, residing at 1929 Carr street, St. Louis, who is an old patient of Dr. Hartman. He stated that he had suffered most intensely from chronic catarrh of the head and lungs, but is now almost cured, his lungs being entirely well and his head greatly improved. The gratitude of this gentleman was almost boundless, and he expressed it to the reporter in the strongest terms, saying "PERUNA will cure any disease."

I. P. Dukehart, of Cumberland, Md., superintendent B. & O. R. R. Co 's Hotels (conductor on the Baltimore & Ohio Railroad for twenty-eight years, and previously a druggist), writes: "DR. S. B. HART-MAN & Co., Columbus, O. I have used but one bottle of PERUNA between myself and son. He had diptheretic sore throat, and is now well. As for myself, it has entirely relieved the dullness in my head, which has been of long standing-the result of chronic malaria. I never took anything in my life that gave me such great satisfaction. My wife is now taking it also."
